Palmiet is Eskom's second pumped storage scheme and can deliver power during peak demand times within **two and a half minutes**.

Whether you are an individual or part of a group, our **knowledgeable staff** will assist you on your journey of discovery. Presentations are customised for each group.

**Visits are free.** Groups between one to sixty people can be accommodated. Underground visits are limited to those 16 years and older. Educational institutions and groups are required to book in advance. If you cannot come to us, we will come to you - we are always **happy to share our story behind the switch**.
