Subject: ENVIRONMENTAL IMPACT ASSESMENT: PROPOSED THYSPUNT TRANSMISSION LINES INTEGRATION PROJECT (TTLIP)

Dear Nicolene

Thank you for the e-mail dated 17 May 2011 containing information on the proposed THYSPUNT Transmission lines Integration Project .

In order for ATNS to evaluate the impact that theses lines may have on its service provision you are requested to please provide the coordinates of the starting, end and any turning points along the centre of the proposed South and North Corridors. Please provide the coordinates in degrees, minutes, seconds and decimal of seconds in geographical WGS-84 format e.g. S282313.77 E0251629.23

Once ATNS is in possession of the aforementioned info the evaluation process will commence culminatiung in the formulation of an ATNS position.

Your kind cooperation is appreciated.

Kind regards

Matthys C Horak
