DRAFT MINUTES

1. WELCOME AND INTRODUCTION

Ms Ingrid Snyman of MasterQ Research opened the meeting and welcomed everyone present.

The attendees introduced themselves as:

- **Mr Masindi Mapholi**, Head of Division: Water;
- **Mr April Shiko**, Engineering Technician: Water;
- **Mr Nditshemi Sikhauli**, PMU Manager; and
- **Mr Leonard Sole**, Manager: Development Planning and Acting Manager: Infrastructure Development Services.

2. PROPOSED REALIGNMENT

Ms Nonka Byker showed the attendants a map to indicate where the proposed realignment of Afguns Road was located. The proposed realignment only involved a 700m section of the road and was based on technical criteria to enhance road safety.

3. DISCUSSION

Mr Leonard Sole (Manager Development Planning and Acting Manager Infrastructure Development Services) indicated that Afguns Road was a provincial road and as the local municipality they were not the appropriate authority to comment on the proposed deviation. He did however state that, as the local municipality, they did not have an issue with the deviation as it was less than 1km, as long as the road was maintained as per the municipality's standards.

4. CLOSURE

Ms Snyman thanked the attendees for their time and comments and closed the meeting at 15:00.
