Thanks.

John, I have forwarded your email to Mr. Tony Stott (tony.stott@eskom.co.za) / Ms. Deidre Herbst (deidre.herbst@eskom.co.za), Senior Managers of Eskom who are involved in the Nuclear-1 project so that they can contact you regarding Eskom's engagement with the Kouga Black Chamber of Commerce.

I have also included your comments into the Issues and Response Report which will be included in a Revised Draft Environmental Impact Report for the EIA for the proposed nuclear plant and also asked our PPP Consultants (ACER Africa) to include your organisation on our stakeholder database. GIBB thanks you for your comment.

Kind regards
Jaana Ball

Dear John

Thank you very much for your e-mail below. As reference is made to the Thyspunt Nuclear Power Station we are taking the liberty of forwarding your e-mail to Arcus GIBB who is the EIA Consultants for that proposed project.

Please inform us whether you need the same information for the proposed Thyspunt Transmission Power Lines Integration Project.

Kind regards

NICOLENE VENTER

Importance: High

Dear Mrs /Ms Venter

I Hereby acknowledge receipt of your email, We do appreciate your communication, and your endeavour for public participation.

We also see in our local media weekly and even on Focus with Freek that the local community does approve of the proposed Thyspunt Nuclear Power station.

But as the Business fraternity we have to be open minded, We will give you our support in EIA, assessment's as well as, as the participation from various stakeholders,

As from the business fraternity our expectation is, that our local business people and entrepreneurs participate in the processes, with regards to local empowerment and job creation.

I would appreciate it if you could furnish us with the contact details of Eskom's Managing director or a contact of Eskom.

Reason being, this is the right platform to gauge with them whilst the project is still in the infant stages.

We also have some question for them, with regards to the local business community.

I trust that you find the above-mentioned in order, and please do not hesitate to contact me in this regard.

Yours in Business / Community upliftment

John Bouwer

Subject: EIA: Updated Information - Thyspunt Transmission Power Lines Integration Project

Dear Interested and/or Affected Party

It has been some time since we've communicated with you regarding the proposed Thyspunt Transmission Lines Integration Project (TTLIP).

We would like to take this opportunity to inform you that Eskom advised SiVEST that they (Eskom Transmission) are currently evaluating various technical and strategic issues regarding the TTLIP and that the project is on course and will proceed as planned.

As soon as SiVEST receives notification from Eskom Transmission to proceed with the EIA, we will inform you accordingly.

Kind regards
