Dear Nicolene

ENVIRONMENTAL IMPACT ASSESSMENT (EIA): PROPOSED THYSPUNT TRANSMISSION LINES INTEGRATION PROJECT (TTLIP) (DEA REF NOS: 12/12/20/1211; 12/12/20/1212 and 12/12/20/1213)

I would like to request that the time-period for comments on the Revised Draft Environmental Impact Assessment for the above project be extended to 90 days.

I feel that the period of 40 days is insufficient to allow for adequate public participation. The size and consequences of this project definitely requires a longer period for public circulation, scrutiny and response.

Regards
