Beste Grondeienaars

Beste wense vir 2010 – en ons openbare deelnameproses skop sommer vroeg-vroeg af in die nuwe jaar.

Aan die van julle wat nog nie die aangehegde vraelyste ontvang het nie, en ook die wat nog nie die vraelyste aan ons teruggestuur het nie, vra ons julle vriendelik om die vraelyste wat van toepassing is te voltooi en aan ons deur te stuur.

Vriendelike groete

Dear Landowners

Best wishes for 2010 – and as you can see, the public participation process has already started early in the new year.

Those of you who have not yet received the attached questionnaires, and those who have received them but not yet returned them, we kindly request you to complete the questionnaire(s) relevant to your operation and return it to us.

Kind regards

NICOLENE VENTER
Principal Public Participation Manager
SiVEST Environmental Division

ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED THYSPUNT TRANSMISSION LINES INTEGRATION PROJECT

(DEAT Ref No: 12/12/20/1211 - Southern Corridor; 12/12/20/1212 - Northern Corridor;
12/12/20/1213 - New Port Elizabeth Substation)

AGRICULTURE POTENTIAL ASSESSMENT Landowner Questionnaire

Requested date for submission of questionnaire: **Friday 29 January 2010**

SiVEST have been appointed by Eskom to undertake a specialist tourism assessment for the proposed Eskom Transmission lines and substation in the Eastern Cape associated with the Thyspunt Nuclear 1 power station. These studies form part of a wider Environmental Impact Assessment (Scoping and Environmental Impact Assessment) that needs to be undertaken by the project proponent to identify and assess all the potential environmental impacts associated with the proposed project. The scoping phase has been completed and we are now at the EIA phase where more detailed assessments are undertaken.

As part of the EIR and in the context of land uses along the proposed transmission corridors (northern and southern) and the proposed new PE Substation sites, it is important that the potential impact of the proposed development on existing agricultural activities and future agricultural potential resources be assessed. We therefore request you to complete this questionnaire to assist us as we gather the relevant information.

FARM NAME			
FARM NUMBER(S)		PORTION NUMBER(S)	
NAME & SURNAME OF RESPONDENT

 Phone: (033) 347 1600

 E-mail: kurtb@sivest.co.za

 Fax: (033) 347 5762

Questions:

1. Property Details:

1.1. Farm size (area):

1.2. What type of farming is taking place (e.g. dairy, citrus) – list all activities please?

1.3. Size of area under crops or pasture?

1.4. What type of crops is grown?

1.5. Do you irrigate (**please tick relevant box**)

YES		NO	
-----	--	----	--

1.6. What type of irrigation method is being used?

1.7. Size of area that is being irrigated?

2. Impact on agriculture

2.1. Do you expect the proposed development to detrimentally impact your farm's agricultural potential (**please tick relevant box**)

YES		NO	
-----	--	----	--

2.2. If YES, please describe these impacts

2.3. Any other concerns relating to agricultural impact can be listed below (please use separate page if required):

THANK YOU FOR COMPLETING THIS QUESTIONNAIRE

Elizabeth Substation)

AVI-FAUNA QUESTIONNAIRE

Requested date for submission of questionnaire: **Friday 29 January 2010**

SiVEST have been appointed by Eskom to undertake an Avi-Fauna assessment for the proposed Eskom Transmission lines and substation in the Eastern Cape associated with the Thyspunt Nuclear-1 power station. These studies form part of a wider Environmental Impact Assessment (Scoping and Environmental Impact Assessment) that needs to be undertaken by the project proponent to identify and assess all the potential environmental impacts associated with the proposed project. The scoping phase has been completed and we are now at the EIA phase where more detailed assessments are undertaken.

As part of the EIR and in the context of land uses along the proposed transmission corridors (Northern and Southern), it is important that the potential impact of the proposed development on bird habitats be assessed. We therefore request you to complete this questionnaire to assist us as we gather the relevant information.

PROPERTY DATA FORM

In terms of the National Environmental Management Act , 1998, Chapter 6, Regulation 56(5) stipulates *If an application is for a linear or ocean-based activity and strict compliance with subregulation (2) is inappropriate, the person conducting the public participation process may deviate from the requirements of that subregulation to the extent and in the manner as may be agreed to by the competent authority*, landowner information is crucial to ensure that SiVEST accurately reflect the various properties that could be impacted upon within the EIA recommended 2km corridors.

With the information received from landowners, property(ties) information will be captured on a Landowners Map, which will reflect which landowners have been identified, who have been informed and who have been consulted with.

To ensure that the correct property is identified as your property on our Landowners Map, SiVEST requests that you provide us with the following information:

PROPERTY OWNER				
Title:		Initials:		Surname:
Identification Number:				
PROPERTY INFORMATION				
PARENT FARM NAME: (eg Kleinbegin)				
PARENT FARM NO: (eg 337 J)				
PORTION NO:				
PORTION NAME:				
SG DIAGRAM NO: (eg 162/1829)				
NEAREST MAIN ROAD: (eg R102)				

Name of Landowner (in print): _____

Signature: _____

Date: _____

To ensure the confidentiality of this information, we kindly request you to only e-mail your completed and signed form to:
thuypuntlines@sivest.co.za

SiVEST do hereby declare that they shall keep the existence and detail of the information provided on this form confidential. Furthermore, SiVEST shall not divulge any information to any third party, other than Eskom as the proponent, during or after completion of the EIA.

This study is being conducted on behalf of ESKOM

ENVIRONMENTAL SPECIALISTS - FIELDWORK

NOVEMBER 2009 – FEBRUARY 2010

Paul da Cruz

Visual, Wetland and Surface Water Specialist

Anticipated field work date: January 2010

Cell no: 084 224 0088

ID No: 7606225098083

Liesl Koch

Faunal Specialist

Anticipated field work date: 30 Nov - 03 Dec 2009

Cell no: 083 687 6543

ID No: 80022050080080

Dave Blair

Tourism Specialist

Anticipated field work date: 30 Nov - 03 Dec 2009

Cell no: 083 6310102

ID No: 7204246244181

Dr Johan Hattingh

Geotechnical

Anticipated field work date: 14 - 18 Dec 2009

Cell no: 083 625 8818

ID No: 6305255122084

Faith Kalibbala

Environmental Scientist

Anticipated field work date: 30 Nov - 03 Dec 2009

Cell no: 076 175 6698

ID No: 7909101624182

Kurt Barichiev

Agricultural Potential

Anticipated field work date: 14 - 18 Dec 2009

Cell no: 084 554 9442

ID No: 8209105169089

John van Schalkwyk

Heritage Specialist

Anticipated field work date: 30 Nov - 18 Dec 2009

Cell no: 076 790 6777

ID No: 5204145099084

Nonka Byker

Socio-Economic Specialist

Anticipated field work date: 30 Nov - 18 Dec 2009

Cell no: 082 940 3694

ID No: 7709040017088

Jon Smallie

Avi-fauna Specialist

Anticipated field work date: 11 - 15 January 2010

Cell no: 082 444 8919

ID No: 7510205119085

OR

Luke Strugnell

Avi-fauna Specialist

Anticipated field work date: 11 - 15 January 2010

Cell no: 079 878 3741

ID No: 8203195212081
