# Application for authorisation in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), as amended and the Environmental Impact Assessment Regulations, 2005

#### Kindly note that:

- This application form is current as of 1 July 2006. It is the responsibility of the EAP to ascertain whether subsequent versions of the form have been published or produced by the competent authority.
- The application must be typed within the spaces provided in the form. The sizes of the spaces provided
  are not necessarily indicative of the amount of information to be provided. It is in the form of a table that
  can extend itself as each space is filled with typing.
- 3. Where applicable black out the boxes that are not applicable in the form.
- Incomplete applications may be returned to the applicant for revision.
- 5. The use of "not applicable" in the form must be done with circumspection as if it is used in respect of material information that is required by the competent authority for assessing the application, and may result in the rejection of the application as provided for in the regulations.
- This application must be handed in at the offices of the relevant competent authority as determined by each authority.
- No faxed or e-mailed applications will be accepted.
- 8. The application must be completed by an independent environmental practitioner.
- Unless protected by law, all information filled in on this application will become public information on receipt by the competent authority. Any interested and affected party should be provided with the information contained in this application on request, during any stage of the application process.

## SITE IDENTIFICATION AND LINKAGE

Please indicate all the Surveyor-general 21 digit site (erf/farm/portion) reference numbers for all sites (including portions of sites) that are part of the application

Is a change of land-use or a consent use application required? Must a building plan be submitted to the local authority?

YES	NO
YES	NO

Locality map:

A locality map must be attached to the back of this document, as Appendix A. The scale of the locality map must be at least 1:50 000. The scale must be indicated on the map. The map must indicate the following:

- an accurate indication of the project site position as well as the positions of the
- road access from all major roads in the area;
- road names or numbers of all major roads as well as the roads that provide
- all roads within a 1km radius of the site or alternative sites; and a north arrow.

Owners consent:

In line with the requirements of the EIA regulations, letters of consent of all landowners or a detailed explanation by the applicant explaining why consent is not possible must be attached to the back of this document as Appendix B.

#### 2. Activities applied for

An application may be made for more than one listed or specified activity that, together, make up one development proposal. All the listed activities that make up this application must be listed.

notice:	terms of the relevant or notice):	Describe each listed activity:
7. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1.	1 (1)	The construction of facilities or infrastructure, including associated structures or infrastructure, for the transmission and distribution of above ground electricity with a capacity of 120 kilovolts or more

Possible activities that may take place that will require authorisation Indicate the number and Activity No (s) (in Describe each listed activity: date of the relevant terms of the relevant notice: or notice): No.386, 21 April 2006 1 (m) The construction of facilities or infrastructure, including associated structures or infrastructure, for any purpose in the one in ten year flood line of a river or stream, or within 32 metres from the bank of a river or stream where the floodline is unknown, excluding purposes associated with existing residential use, but including canals, channels, No. 386, 21 April 2006 bridges, dams and weirs The above ground storage of a dangerous good, including petrol, diesel, liquid petroleum gas or paraffin, in containers with a combination capacity of more than 30 cubic metres but less than 1000 cubic metres at any one location or site No. 386, 21 April 2006 14 The construction of masts of any material or type and of any height, including those used for telecommunication broadcasting and radio transmission, but excluding (a) masts of 15 metres and lower exclusively used (i) by radio amateurs or (ii) for lightning purposes (b) flag poles No. 386, 21 April 2006 lightning conductor poles 15 The construction of a road that is wider than 4 metres or that has a reserve wider than 6 metres, excluding roads that fall within the ambit of another listed activity or which

Please note that any authorisation that may result out of this application will only cover activities applied for. Omissions may render any authorisation that is based on incomplete information to be nil and void.

## 3. Type of application

### 3.1 Application for Basic Assessment

Is this an application for conducting a basic assessment (as defined in the regulations)? YES NO If, YES, is a basic assessment report attached? If, NO, please indicate when the basic assessment report will be YES NO

No Basic Assessment Report will be submitted

## Application for Scoping and Environmental Impact Assessment (EIA) 3.2

Is this an application for Scoping and EIA (as defined in the regulations)?  If, YES, is a Scoping Report and Plan of Study for EIA attached?  If, NO, please indicate when the Secritor P.	YES	NO
If, YES, is a Scoping Report and Plan of Study for EIA attached?		
If. NO please indicate at a land of Study for EIA attached?		
picase indicate when the Scoping Popular	YES	NO
If, NO, please indicate when the Scoping Report and Plan of Study for EIA attached? submitted:	EIA will be	1
The Scoping Report and Plan of Study for EIA would be submitted after cor authority and the completion of the scoping phase	sultation with	the

The scoping report and/or the plan of study for EIA will be submitted after consultation with the competent authority: YES NO A consultation with the competent authority is hereby requested: YES NO

#### 4.2 The Applicant

Mmamoloko J. Seabe ,declare under oath that I -

Am, or represent, the applicant in this application;

- appointed the environmental assessment practitioner as indicated under point 4.1 above to act as the independent environmental assessment practitioner for this application;
- will provide the environmental assessment practitioner and the competent authority with access to all information at my disposal that is relevant to the application;
- will be responsible for the costs incurred in complying with the Environmental Impact Assessment Regulations,
  - costs incurred in connection with the appointment of the environmental assessment practitioner or any person contracted by the environmental assessment practitioner;
  - costs incurred in respect of the undertaking of any process required in terms of the regulations;
  - costs in respect of any fee prescribed by the Minister or MEC in respect of the regulations;
  - costs in respect of specialist reviews, if the competent authority decides to recover costs; and
  - the provision of security to ensure compliance with conditions attached to an environmental authorisation,
- will ensure that the environmental assessment practitioner is competent to comply with the requirements of
- am responsible for complying with the conditions of any environmental authorisation issued by the competent
- hereby indemnify, the government of the Republic, the competent authority and all its officers, agents and employees, from any liability arising out of the content of any report, any procedure or any action for which the applicant or environmental assessment practitioner is responsible in terms of these regulations; and
- will not hold the competent authority responsible for any costs that may be incurred by the applicant in proceeding with an activity prior to an appeal being decided in terms of these regulations.
