Dear Ms Herbst

AMENDMENT OF THE INTEGRATED ENVIRONMENTAL AUTHORISATION ISSUED ON 19 OCTOBER 2015 FOR THE CONTINUOUS ASHING AT THE TUTUKA POWER STATION ASH DISPOSAL FACILITY, MPUMALANGA PROVINCE

The Integrated Environmental Authorisation (EA) issued for the abovementioned application by this Department on 19 October 2015, the amendments to the EA dated 16 November 2015 and 24 March 2020, your application for amendment of the EA received by the Department on 22 July 2020 and the acknowledgement letter dated 31 July 2020, refer.

Based on a review of the reason for requesting an amendment to the above EA, this Department, in terms of Chapter 5 of the Environmental Impact Assessment Regulations, 2014 as amended, has decided to amend the EA dated 19 October 2015 as amended, as follows:

The validity period of your EA is extended for an additional five (5) years. Thus the validity period is now extended to 19 October 2025. If commencement of the activity does not occur within that period, the authorisation lapses and a new application for environmental authorisation must be made in order for the activity to be undertaken. The correspondence is only for the extension of the validity period as stated herein and all conditions set out in the original Environmental Authorisation dated 19 October 2015 remain unchanged and must be adhered to.

The applicant applied to extend the validity period of the EA as the project needs more time to secure all permits, contracts and approvals to reach financial close.

The Department is aware that the environment changes constantly, as a result it might be significantly different from the one that existed at the time of the issuing of this EA, hence the validity of the EA cannot exceed a maximum period of 10 years. Failure to commence with construction activities within the maximum 10 year period, your EA will be deemed to have lapsed and a new application for Environmental Authorisation will have to be lodged.

This proposed amendment letter must be read in conjunction with the EA dated 19 October 2015 as amended.

MS
