Subject: EXTENSION OF TIME: FOSKOR-SPENCER 400KV POWER LINE (DEA REF: 14/12/16/3/3/2/1023)

Dear Adika,
The above matter bears reference:

The Final Scoping Report submitted on the 22nd of September 2017 was accepted on the 3rd of November 2017. According to EIA Regulations, No. 326 of April 2017, a Final Environmental Report with all applicable specialists studies that has undergone 30 days of Public review should be submitted to the Department within 106 days. The FEIAR is scheduled to be submitted on the 12th of March 2018.

Due to health challenges experienced by the two Visual Impact Specialists appointed, we request an extension of an additional 50 days as per section 23(1)b of the EIA Regulations, 2017.

For any clarification, please do not hesitate to contact me

Kind Regards,
