Attention: Bhavani Daya

RE: ESKOM MOKOPANE PROJECT: FEEDBACK LETTER.

The Department of Rural Development and Land Reform acknowledges receipt of your letter dated the 29th September 2009 regarding the above matter.

Please note that the farm Doornfontein 721 LS is a state land.

The development on the said properties will be regulated in terms of the Interim Procedures Governing Land Development which requires the consent of the Minister of the Department of Rural Development and Land Reform as nominal owner of the land. The land rights holders must be consulted and participate in the decision making process, and consent to the development in the form of tribal resolution.

Once your project has been discussed with the affected parties and agreed upon, tribal resolutions may be witnessed by an authorised official from LPLRO. Both the department and the land rights holders should be given 21 working days notice prior to the meeting. The meeting should be advertised through adverts/ notices specifying the date, time, venue, purpose and property description.

You are therefore advised to consult with the Office of the Regional Land Claims Commissioner for comments before proceeding with any development on the land.

Hope you will find the above in order.

Kind regards.

DEPUTY DIRECTOR: STATE LAND UNIT
PLRO
