

AHS UPDATE

14 September 2016

Visit Africa's newest and biggest!

25 - 27 October 2016

Ingula Pumped Storage Scheme
KwaZulu-Natal South Africa

Welcome to the 2016 African Hydro Symposium e-newsletter. Watch this space for updates as we count down towards the symposium.

Deadline extended

Submission of abstracts
and registration:

23 September 2016

Eskom South Africa is proud to host the 28th African Hydro Symposium. It will be held at Africa's newest and largest pumped storage scheme - Ingula, situated in the scenic northern corner of the KwaZulu-Natal Province.

The venue is the brand new Ingula Visitors Centre and the programme is filled with insightful presentations, talks and workshops. But, it's not just all work - there will be time to experience the area around Ingula.

The Gala Dinner will be held in the historical Royal Hotel in Ladysmith. Another of the evenings will have a Zulu-themed dinner at Spionkop Lodge, just outside Ladysmith.

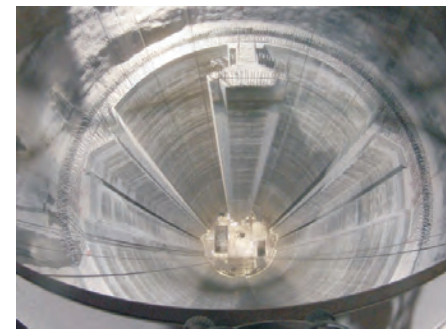

Delegates from the 2013 AHS on a site visit to Ingula

Machine Hall and Unit 4

Unit 3 turbine shaft - 1,4m diameter

Surge chamber - 100m deep

Installation of rotor and stator

Headrace at Ingula's upper site

Ingula Visitors Centre

Above is the brand new visitors centre at Ingula.

Guided tours of the site and underground stations are conducted from here. It will be the venue for the 2016 African Hydro Symposium.

Register now!

Thank you to those who have already submitted their abstracts and registration forms. Abstracts are coming in thick and fast, but we still have some sessions to fill. There is still time, so send your 100-200 word abstract to us and we will include you in this event.

Delegates are only responsible for their own travel and accommodation costs, all other costs are covered. A shuttle will be available from Johannesburg to Ladysmith. Details on the registration form and on our website www.eskom.co.za/AHS2016, or email us on AHS2016@eskom.co.za
