Hi Kirsten,

We will change the details on our database. "Gauteng" was a mistake, we apologise for any inconvenience.

Kind Regards,
Netisha

Hi Netisha

Could you please change your database and put my address and name in as the contact person. Jessica is only my secretary and will not act on any information. I asked her to register myself as the I&AP which does not appear to have been done.

Please explain why it states Gauteng Environmental Impact. when the site is in Limpopo Province?

Kirsten Otten

Regards

Kirstin Otten

Dear Sir / Madam,

Your enquiry regarding alternative sites for the abovementioned development refers.

Thank you for your interest in the project.

Please note that alternatives that were identified during the site selection and scoping processes are highlighted in the map attached to the BID previously sent to you. For your information, it emerged during the site selection process that Site 5 was most suitable following several specialist investigations. Therefore, Site 5 will be further investigated during the EIA phase.

Please note that you will be informed of the availability of the draft Scoping Report and a hard copy will be sent to your department for comment. The Scoping Report will provide the findings of the Scoping Studies including alternatives that will be investigated in the EIA.

Please do not hesitate to contact me should you have any enquiries.

Kind Regards,
Netisha Chetty

Importance: High

Hi Netisha,

Thank you for taking my call just now.

Please could you register our company Protech Khuthele Holding Limited for updates on the proposed landfill site for Medupi Power Station.

We are keen to be able to tender on the works once the project and this would be very useful for us to track the tender stage.

Email address would be jay.dax@pkh.co.za

Many thanks
Warm regards
Jay
