NALEDZI
 Environmental Consultants cc.

ENVIRONMENTAL IMPACT ASSESSMENT PROCESS

PROPOSED CONSTRUCTION OF A NEW 400 kV TRANSMISSION POWER LINE BETWEEN ETNA SUBSTATION (near the suburb of Ennerdale, south of Lenasia) AND GLOCKNER SUBSTATION (near the suburb of Rothdene, southwest of Meyerton): GAUTENG PROVINCE (DEAT Project Ref No: 12/12/20/867)

NOTICE OF PUBLIC MEETINGS

In early November 2006 notice was given, in accordance with Regulations 27 to 36 of the Regulations compiled in terms of Chapter 5 of the National Environmental Management Act, 1998 (Act 107 of 1998), that Eskom Holdings Limited: Transmission Services, intends to carry out the following activity:

Undertaking an environmental impact assessment (EIA) for the proposed construction of a new double-circuit 400-kV transmission power line, approximately 30km in length, between the existing Etna Substation and Glockner Substation, Gauteng Province.

In terms of the National Environmental Management Act, 1998 (Act 107 of 1998), the listed activity is applicable under the following Government Notice:
R387 of 21 April 2006, Activity 1 (I)
The construction of facilities or infrastructure, including associated structures or infrastructure, for the transmission and distribution of above-ground electricity with a capacity of 120 kilovolts or more.

PUBLIC MEETING INFORMATION

Naledzi Environmental Consultants invites all interested and affected parties (I&APs) to attend one of three public meetings to be held. Attendance of the public meetings is encouraged, as the project team will be on hand to answer your specific questions and to provide you with relevant information and further details of the proposed project. Details of the three public meetings are as follows:

DATE	REGISTRATION TIME	MEETING STARTS	VENUE
