**Fax: 011 466 3849**

**E-mail: karenk@bohlweki.co.za**

**Date: 1 October 2004**

**FAX COVER SHEET**

Dear Lazarus,

As agreed with Eskom Generation, and per the exemption application submitted by Eskom Generation, please be advised that the public participation process for the Grootvlei Return-to-Service project is now underway. Bohlweki Environmental has been appointed by Eskom as independent consultants to undertake the public participation process for the return to service of the Grootvlei Power Station.

As part of the public participation process, Bohlweki Environmental are setting up focus group meetings with Key Stakeholders (including the Dipaliseng Local Municipality, local farmers and surrounding landowners etc). In addition, as part of the process of sharing information, all I&APs are invited to attend an open day/public meeting on *12 October 2004* to be held in the Eskom Hall, Grootvlei. In order to ensure the transfer of information, and allow for interaction with the Eskom project team, the following has been allowed for:

- An open session from 15h00 to 17h00 (poster presentation and interaction with the project team).
- A formal public meeting from 17h30 (a meeting with a question and answer session).

These meetings will provide information regarding the proposed project and give an opportunity for I&APs to raise any issues and concerns regarding the proposed project. The meetings are being advertised in both national and local newspapers. Please be advised that a Background Information Document for the project is being prepared and will be sent to all parties registered on the project database. Please find attached a project comment/registration sheet.

Kind regards

Karen M Kück

Fax : 011 466 3849

No of pages (including cover page): 1 + 2

Date : 30 September 2004

Subject: Grootvlei Power Station Return to Service

#### FAX COVER SHEET

Dear Mr Moshoadiba,

In order to meet the future demand for electricity, Eskom's Generation Division proposes the return-to service of Grootvlei Power Station in a phased approach, such that all of the 6 electricity production units at Grootvlei are refurbished and returned to service between 2007 and 2009. Activities for refurbishment are planned to begin in the latter half of 2004.

As the case with all major projects, the environmental impacts of the return-to-service of Grootvlei Power Station have to be identified and considered. Bohlweki Environmental has been appointed by Eskom as independent consultants to undertake the public participation process for the return to service of the Grootvlei Power Station.

As part of the process we would like to set up a meeting with the Dipaleseng Local Municipality for the 11 October 2004 at 9:30 to discuss the proposed project and to give an opportunity to raise any issues and concerns regarding the proposed project. Please see attached some background information with regards to the Grootvlei Power Station Return to Service.

We would appreciate it if you could come back to us with regards to this meeting.

Kind regards

Diana Welling

**FAX COVER SHEET**

Dear Mr Makhubo

With reference to the above-mentioned project, you have been identified as a potentially interested and affected party and our project team would like to meet with you as part of its consultation process; this can happen at this level:

- Members of our project team would like to meet with municipal officials at your offices on the morning of the 12 October 2004 at 9H30. This also serves as invitation to the Public Open Day and Public Meeting to be held on 12 October 2004 at the Eskom Hall, Grootvlei. The Open Day will commence at 15H00 and will be followed by a Public Meeting beginning at 17H30.

It would be appreciated if you could circulate this invitation to the members of the Executive Committee and the members of the Full Council on our behalf. Please find attached a comment and registration sheet. A Background Information Document will be issued to you once it become available.

Should you require any further information, please do not hesitate to contact us.

Kind regards

Good Morning Diana Welling

With reference to your advert in the Sunday Times of 3 October 2004,  
Whereby you request interested or affected parties to contact you regarding the return to service of the  
Grootvlei Power Station.

We hereby express an interest in the above and would like to be invited for the Meeting to be held on 12  
October 2004.

Our Information is the following

Company Name: Africa Valvebody Repairs & Maintenance  
Contact Person and Telephone Numbers

1. Boetie H de Lange                   083 354 7465  
2. George P de Lange                 082 253 0702

Office Tel:                             011-616-9101/6375  
Fax                                       011-615-8606

Our interest in the Return to Service of the Grootvlei Power Station is.

- We are a registered SMME on the Eskom Vendor list with vendor number: 11048260
- We are able to provide services as stipulated under our vendor registration details.

Please feel free to contact us should you require any additional information

Best regards

Boetie de Lange

Hi Karen,

the invoices need to be sent to Annelize Meyer at P/ Bag Grootvlei, Grootvlei, 2420.

I have not had more info from Jabu regarding the contract number - I'll try her again later.

Our contact person at DWAF was Riana Munnik at 082 809 2341.

Talk to you again this afternoon!

Irma

>>> Karen Kück <[KarenK@bohlweki.co.za](mailto:KarenK@bohlweki.co.za)> 10/01/04 12:35PM >>>

Dear Irma,

The contract which I signed for the Grootvlei project has a temporary contract number of GVL0909043. Please advise if a new contract number will be sent by procurement, and if so, when I can expect it. In addition, please confirm that invoices must be sent to you. Is your postal address the same as for Camden ?

Thanks  
Kind regards  
Karen

Hi Dave,

do you perhaps have a copy of the local Cosmos newspaper? The agent that supplied newspaper details to Diana did not mention it, and she would like to get a contact number. If you don't have one I can try to pick one up on Monday.

Irma

# J.E.T BUILDING & MAINTENANCE

REG NO: 2002/026938/07

VAT NO: 4700205745

P O BOX 5163, BRENTHURST, 1542

TEL: 011 914-2552

FAX: 011 914-2562

Dear Sir / Madam,

This letter is intend to introduce J.E.T BUILDING AND MAINTENANCE to you and to describe briefly, the services we are able to provide.

J.E.T BUILDING AND MAINTENANCE has been involved and experienced in CONSTRUCTION for over 20 years, during which this company had built a first class reputation amongst other construction companies and clients.

We are able to provide a professional and efficient service to all clients. This is supported by our well-trained and experienced personnel and staff. With our resources in all the building and construction areas and aspects, we are able to react timelessly to any special instruction or alteration of our customers.

J.E.T BUILDING AND MAINTENANCE, as a normal part of service to our clients, we give quotations and advice on any building alterations you may require.

We do all the following:

**TURN-KEY PROJECTS, DEMOLISHING, BUILDING REFURBISHING, TILING,  
PAVING, RE-ROOFING, PAINTING, EARTHWORKS, FACTORY MAINTENANCE,  
SUSPENDED CEILINGS, DRY WALL PARTITIONING AND MAJOR CONCRETE WORK.**

Our experience in building and construction has earned us tender form the smallest to the biggest jobs available.

We are therefore able to approach any task with total confidence and can assure you of first class construction.

So we can assure you of the best quality workmanship.

Please do not hesitate to phone us for any quotation, how big or small. We are available at any time to discuss your requirements, either personally or by correspondence.

Yours faithfully,

Irma Botha

Dear Sir

Herewith I wish to thank you for the professional and ethical manner in which you conducted business with us, with reference to the recently completed projects at the Isegen SA, Germiston site.

The rehabilitation of the new Chemical storage area, the loading platform area, the old storage areas, renovation of the outer transformer building, forklift ramps for container off-loading, comes to mind.

The aesthetics of these areas, after rehabilitation, confirms the quality, practical solutions and within this framework, being pleasing to the eye.

Most of all, it is appreciated how your Company managed to meet deadlines and accommodate our pressing needs, while assisting in keeping our costs to a minimum.

It is a pleasure to inform you that J.E.T. Building and Maintenance, has been identified as our preferred civil works Contractor.

We look forward to a long-standing working relationship and wish you all the best for the future.

Sincerely

Günther Engelbrecht
