

**Table D1 :MATIMBA B EIA RATING SCALE - TRAFFIC IMPACT**

<b>Traffic Impact</b>	<b>Temporal Scale</b>	<b>Spatial Scale</b>	<b>Severity/ beneficial Scale</b>	<b>Significance Scale</b>	<b>Risk or Likelihood</b>	<b>The degree of Certainty</b>
4.1 Access Road/ Provincial Road alternatives	Permanent	Regional	Moderately severe	Moderate	Will definitely occur	Definite
4.2 Transport of Components during Construction	Short term	Regional	Slight	Low	Will definitely occur	Definite
4.3 Construction traffic	Short term	Localised	Moderately severe	Moderate	Will definitely occur	Probable
4.4 Transport of Employees ( Operational Traffic )	Long term	Localised	Moderately severe	High	Will definitely occur	Definite
4.5 Coal Supply Transportation	Long term	Localised	Slight	Low	Will definitely occur	Definite
4.6 Ash Transportation	Long term	Localised	Slight	Low	Will definitely occur	Definite
4.7 Fluidized Gas Desulphurisation Transport	Long term	Regional	Moderately severe	High	May occur	Possible
