

Figure 8. Karroid dwarf shrubland near a homestead. Range condition poor. *Moraea polystachya* flowering, but the cover is good. No grass present but dominated by *Pentzia incana* and *Acacia karroo*. *Agave americana* on the landscape under the powerlines but not major problem.

Figure 10. *Disparago ericoides*.

Figure 9. *Leucospermum cuneiforme*.

Figure 11. *Encephalartos longifolius*

Figure 12. *Oldenburgia grandis* and *Encephalartos longifolius*.

Figure 13. *Euphorbia inermis*.
