Thank you for your inquiry regarding the disposal of diesel fuel soaked absorbent material generated through your "Proposed Expansion of the Diesel Storage Facilities" at the Koeberg Nuclear Power Station.

Vissershok Waste Management Facility has capacity to accept waste of this nature for treatment and disposal (estimated at 6 X 210l drums per annum). Vissershok Waste Management Facility is aware of the impact that this waste will have on the management of the site and disposal requirements will be put in place to mitigate this.

Vissershok Waste Management Facility is a licenced site (Department of Environmental Affairs, License Number 12/9/11/L1103/9).

I trust that you find the above in order and sufficient for your requirements. If you require any further information, please do not hesitate to contact the undersigned.

Regards,
Maree Cockcroft
Technical Officer
