Dear Mr Duvenage

AMENDMENT OF THE ENVIRONMENTAL AUTHORISATION ISSUED ON 24 AUGUST 2015 FOR THE CONSTRUCTION OF THE UNDERGROUND COAL GASIFICATION PROJECT AND ASSOCIATED INFRASTRUCTURE IN SUPPORT OF CO-FIRING OF GAS AT THE MAJUBA POWER STATION, MPUMALANGA PROVINCE

The Environmental Authorisation (EA) issued for the abovementioned application by this Department on 24 August 2015, your application for amendment of the EA received by the Department on 11 August 2020 and the acknowledgement letter dated 12 August 2020, refers.

Based on a review of the reason for requesting an amendment to the above EA, this Department, in terms of Chapter 5 of the Environmental Impact Assessment Regulations, 2014 as amended, has decided to amend the EA dated 24 August 2015 as amended, as follows:

Amendment 1: Extension of validity period

- i. The activity must commence within a period of five (5) years from the expiry date of the EA issued on 24 August 2015, now extended to **24 August 2025**. If commencement of the activity does not occur within that period, the authorisation lapses and a new application for environmental authorisation must be made in order for the activity to be undertaken.

Amendment 2: Change of contact person

Reasons the amendment:

Eskom went through a reprioritisation of its expenditure in 2015, due to financial constraints, which led to the suspension of the project's funding. The project has since been in a dormant/holding state pending investigation into alternate funding. While Eskom seeks alternate project funding, no physical construction activities associated with the project have commenced. The applicant now request an extension of the validity of the EA by an additional five (5) years. The requested change of contact person is due to the passing of Dr Mark van der Riet in 2018, in whose name the EA was issued.

The Department is aware that the environment changes constantly, as a result it might be significantly different from the one that existed at the time of the issuing of this EA, hence the validity of the EA cannot exceed a maximum period of 10 years. Failure to commence with construction activities within the maximum 10 year period, your EA will be deemed to have lapsed and a new application for Environmental Authorisation will have to be lodged.

This proposed amendment letter must be read in conjunction with the EA dated 24 August 2015 as amended.

In terms of the Promotion of Administrative Justice Act, 2000 (Act No 3 of 2000), you are entitled to the right to fair, lawful and reasonable administrative action; and to written reasons for administrative action that affects you negatively. In terms of Regulation 4(2) of the Environmental Impact Assessment Regulations, 2014, as amended (the EIA Regulations), you are instructed to notify all registered interested and affected parties, in writing and within 14 (fourteen) days of the date of the EA, of the Department's as well as the provisions regarding the submission of appeals that are contained in the Regulations.
