

NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT

In terms of the National Environmental Management Act (Act No. 107 of 1998) and the NEMA Regulations GNR. 324-327 (as amended), notice is given of the following Scoping and Environmental Impact Report procedure:

Description: The proposed Eskom Westrand strengthening Phase 2 project entails the following:

Phase 1:

- a) Installation of additional shunt capacity banks at the existing Westgate substation, Princess substation, Taunus substation and Quattro substation;
- b) Installation of 2x 400kV/132kV 500MVA transformers at the existing Westgate substation and run the 2x275kV transformers to end of life.

Phase 2:

Establishment of a 400kV power-line between Pluto substation and Westgate substation. The following location alternatives will be considered:

Alternative 1: is the northern corridor and aligns along the N14 national road. The corridor is approximately 40km long.

Alternative 2: is the middle corridor and crosses along the southern section of the R41 road. The corridor is approximately 38km long.

Alternative 3: is the southern corridor that traverses mostly over agricultural lands and is parallel to other transmission power-lines. The corridor is approximately 45km long.

Phase 3:

Installation of a loop in and out of the existing Hera-Westgate 400kV line into the existing Taunus substation and installation of a 400/275kV 800MVA transformer at Taunus substation.

Location: Within the boundaries of Merafong City Local Municipality, Rand West City Local Municipality, Mogale City Local Municipality and City of Johannesburg Metropolitan Municipality, Gauteng Province.

Applicant: Eskom Holdings State Owned Company (SOC) Limited.

READ THIS! THIS 3 DAY SPECIAL PRAYER FIXED ALL MY MARRIAGE & FINANCIAL PROBLEMS

Are you feeling hopeless, heart broken & financially miserable? Is the situation getting worse? **DON'T LOSE HOPE**

I have referred MAMA & PAPA NINA to many people. Get solution to financial difficulties, Children, Poverty, Employment, Court Cases, Business, Love Family Problems, Education, Marriage, Health (sickness), Foreign trips, Sexual Problems, Job, Relationship etc...

"A life confession and true story of our life."
5 years before I met the spiritual MAMA & PAPA NINA, I was unhappy. My husband was cheating, our kids were always sick & I had no money. I tried every healer, pastor & guru but nothing seemed to work. Luckily I saw testimonials on local TV station by an old man who saw MAMA & PAPA NINA. He had saved from drugs and alcohol abuse and divorced lady. MAMA & PAPA NINA had reunited with her ex-husband. I paid R200 consultation fee and MAMA & PAPA NINA read my future and told me all my problems before I spoke. She performed one day special prayer, shielded me from bad luck and gave me powerful crystals. Within 24h I got a special thing to fix my financial problems. My kids are now healthy and I recently bought a car and I was promoted at work.

STRICTLY BY APPOINTMENT

NOTICE OF A NEMA SECTION 24G RECTIFICATION PROCESS

In terms of the National Environmental Management Act (NEMA), 1998 (Act 107 of 1998) as amended and the Environmental Impact Assessment Act (EIA) of 2014 as amended, a NEMA Section 24G rectification application for the legal commencement and continuation of a listed activity will be submitted to the Gauteng Department Agriculture and Rural Development (GDARD). Notification is hereby given to all Interested and Affected Parties in terms of sections 33 to 44 of GN982 as amended in GN9836, that a NEMA Section 24G rectification application and request will be submitted to the competent authority (GDARD) to apply for environmental authorization for the Diesel Depot at Portion 222 of the farm Rietfontein 189 B on Incolae Road, Mogale City, Gauteng Province.

Application: Rectification for the legal commencement and continuation of the establishment and operation of a diesel depot on Incolae Road, Mogale City.

Location: Portion 222 of the farm Rietfontein 189 B on Incolae Road off Beyers Naude (MS), Mafikeng, Mogale City, Gauteng Province.

Owner / Applicant: Mr Tlapwa Shora Mangwani

Nature: Mr Mangwani established twelve (12) 23m³ above-ground diesel storage tanks in bounded areas on the site. There are also three (3) bowlers on the site. The diesel is used for Mr Mangwani's transport company's vehicles as well as sold to other clients. The yard was previously partly a concrete yard. There is a wholesale license Petroleum Products Act, 1977 (Act 120 of 1977). The Fire Design and Plan was signed off by West Rand District Municipality's Fire Risk Management Office.

To register as an Interested and Affected Party or to obtain further information regarding the project, contact Hydro Science on or before 30 April 2021 via fax or email at:

Hydro Science
Person: Pdelette Jacobs
Tel: 082 850 5482
Fax: 086 652 8820
E-mail: pdelette@hydroscience.co.za

Please submit any queries of concern or interest in the matter, in writing, on or before 30 April 2021 by fax or email to the contact person listed above. The report will be available for public review through electronic channels to registered Interested and Affected Parties requesting such.

NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT

In terms of the National Environmental Management Act (Act No. 107 of 1998) and the NEMA Regulations (GNR 324-427 (as amended)), notice is given of the following Scoping and Environmental Impact Report procedure:

Description: The proposed Eskom Westrand strengthening Phase 2 project entails the following:

Phase 1:
a) Installation of additional shunt capacity banks at the existing Westgate substation, Taurus substation, Taurus substation and Quattro substation;
b) Installation of 2x 400kV/132kV 500MVA transformers at the existing Westgate substation and run the 2x275kV transformers to end of life.

Phase 2:
Establishment of a 400kV power-line between Phicad substation and Westgate substation. The following location alternatives will be considered:
Alternative 1 is the northern corridor and aligns along the N14 national road. The corridor is approximately 40km long.
Alternative 2 is the middle corridor and crosses along the southern section of the R41 road. The corridor is approximately 38km long.
Alternative 3 is the southern corridor that traverses mostly over agricultural lands and is parallel to other transmission power-lines. The corridor is approximately 43km long.

Phase 3:
Installation of a loop in and out of the existing Westgate 400kV line into the existing Taurus substation and installation of a 400/275kV 800MVA transformer at Taurus substation.

Locations: Within the boundaries of Merelane City Local Municipality, Rand West City Local Municipality, Mogale City Local Municipality and City of Johannesburg Metropolitan Municipality, Gauteng Province.

Applicant: Eskom Holdings State Owned Company (SOC) Limited.

Be responsible – SASHOC about return to training

West Rand – The easing of South Africa's adjusted lockdown regulations to alert level 1 has raised schools hockey's prospects of returning to competition in the not-too-distant future.

The government has given the go-ahead for the resumption of contact sport training provided that all social distancing, hygiene and safety measures are observed and that there is no physical contact between participants during training.

The hockey fraternity as a whole is champing at the bit for some live action on the pitches around the country. At the same time, it is important to emphasise both the physical and mental benefits of physical activities.

According to a South African Medical Research Council (SAMRC) policy brief regular exercise or physical activity in children and adolescents have been associated with significant health benefits. Exercise is critically important for their

age-appropriate physical, social and emotional development needs, while physical activity in schools has been linked to improved academic performance.

"Regular physical activity can help children and adolescents improve cardiorespiratory fitness, build strong bones and muscles, control weight, reduce symptoms of anxiety and depression," SAMRC wrote in the policy brief on physical activity for children during Covid-19.

Other benefits include the reduced risk of children developing health conditions such as heart disease, Type 2 diabetes, high blood pressure and obesity. There is also growing evidence that physical activity can reduce symptoms of depression and anxiety and improve quality of life. To that end, South African Schools Hockey Association (SASHOC) encouraged aspiring young players and parents to find

out from their local organisers or coaches about training sessions. SASHOC accredited coaches will help guide young players to ensure their return to the play is done safely and responsibly, ensuring they reap all the benefits associated with regular exercise and promote their development. One of the modules within SASHOC's coach education curriculum is risk assessment and creating a safe environment for the participants in line with public health measures.

The mitigating measures coaches have to follow include health screening, washing of hands, wearing masks, physical distancing, sanitising, and record-keeping for tracking purposes. Coaches must conduct a thorough risk assessment and ensure the risk profile of activities are low, and ensure players maintain physical distancing while engaging in physical activities (three stick lengths in all directions at all times).

The current training sessions is physical development, technical skills development, social interaction and emotional wellbeing.

SASHOC has published guidance on its website for coaches on how to mitigate the risks associated with returning to training during the global pandemic. While SASHOC is delighted that young players can return to training, it is important to remind sports organisers, coaches, and players to do so responsibly. The return to training should be done in compliance with social distancing, hygiene and safety measures to prevent and curb the spread of Covid-19. SASHOC appreciates the frustration and uncertainty around the delay to the return to play, but appeals for patience and are hopeful that we will soon be back enjoying the beautiful game as players, administrators, coaches and supporters.

We appreciate the frustration and uncertainty around the delay to the return to play

Leerders beindruk kykNET

Michelle Roodt
desirer@caxton.co.za

Riebeeck — Drie talentvolle leerders van Hoërskool Riebeeckrand was trotse finaliste van kykNET se nasionale toneelspelkompetisie.

Volgens Elzeri Wright, skoolwoordvoerder het meer as 600 leerders van regoor die land oudisies afgelê. Daar is toe slegs 82 finaliste gekies om in Kaapstad verder mee te ding. Onder hulle was Rick van den Berg, Junior Khumalo en Dallyn Windvogel.

Sy het vertel dat die 82 finaliste in die eerste rondte 'n monoloog asook 'n improvisasiestuk moes aanbied, en slegs 32 leerders het die tweede ronde gehaal. Rick en Dallyn was twee van hulle.

"In die tweede rondte het hulle prosa en 'n gedig voorgedra om 'n plek in die derde rondte te kry, en Dallyn was een van 16 leerders wat rondte drie gehaal het."

Volgens Elzeri moes die top 16-leerders 'n radio- en televisiedrama opvoer, wat vol opwinding en uitdagings was. Die televisiedrama het op die stel van Suidooster plaasgevind.

Die top agt is daarna aangekonding en om te bepaal wie die top drie sou wees, moes die leerders voor 'n gehoor hulle monoloog, gedig en prosa aanbied.

"Dit is met groot opwinding en trots dat ons kan aankondig dat Dallyn Windvogel in die top drie van kykNET se nasionale toneelspelkompetisie geëindig het.

"Hy het ook 'n toekenning vir die beste prosa ontvang, en spog met 'n rol in 'n radiodrama wat in 2022 op Bok Radio uitgesaai gaan word," het Elzeri vertel. Junior Khumalo het die toekenning ontvang vir die belowendste kandidaat uit al 82 finaliste wat deelgeneem het.

Riebeeckrand is ongelooflik trots op dié leerders wat so goed gevaar het.

Junior Khumalo.

Dallyn Windvogel.

Rick van den Berg. Foto's ingestuur.

Riana Mouton sing saam met die leerders.

Proties vier Hemelvaartdag

Natasha Pretorius
natashap@caxton.co.za

Sterkfontein — Proties het hierdie jaar Hemelvaart op 'n baie spesiale manier gevier toe hulle op Donderdag, 13 Mei, lekker saam met Krokkie en Riana Mouton kon kuier.

Ilse Breedt, 'n onderwyser by die skool het verduidelik dat Krokkie die Krokodil en Riana kom kuier het omdat hulle iets spesiaal vir die kinders wou doen.

"Met al hierdie Covid-19 protokolle het die kinders lanklaas die geleentheid gekry om 'n bietjie lofsang te doen," het sy gesê. Die kinders kon toe saam met Riana en Krokkie hul harte uitsing vir die Here.

Die leerders is in twee groepe ingedeel om te verseker dat daar genoeg spasie tussen hulle was, en die kleuters tot Graad 3 kon eerste vir Krokkie ontmoet.

Ilse het verduidelik dat die boodskap vir die Graad 4's tot 7's aangepas is omdat hulle 'n bietjie ouer is. So het elke kind die boodskap op 'n pretige manier ontvang.

"Dit is altyd lekker vir die kinders as iemand van buite af kom kuier; iemand wat hulle nie elke dag sien nie," het Ilse laggend vertel.

Sy het verduidelik dat Laerskool Protearief 'n Christen-skool is waar hulle die kinders wil wys hulle is lief vir die Here en wil oplei in hul Christenskap, maar elke leerder kon ook kies of hulle die diens wou bywoon. Net om die dag ekstra lekker te maak kon almal in wit hemde en blou denims skool toe dra.

Lekker bederf vir al die blink soldaatjies

Monument — Die leerders van Blink Soldaatjies-kleuterskool is onlangs met 'n besoek deur Sonja Herold en Tjokker die Hond bederf.

Al die blink soldaatjies het te ywerig saam met die bekende sanger en kindervermaakster gesing en ook natuurlik uit hul mae gelag.

— Natasha Pretorius

Sonja Herold het lekker saam met die kleuters gesing en gedans.

NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT

In terms of the National Environmental Management Act (Act No. 107 of 1998) and the NEMA Regulations GNR. 324-327 (as amended), notice is given of the following Scoping and Environmental Impact Report procedure:
Description: The proposed Eskom Westrand strengthening Phase 2 project entails the following:
Phase 1:
a) Installation of additional shunt capacity banks at the existing Westgate substation, Princess substation, Taunus substation and Quattro substation;
b) Installation of 2x 400kV/132kV 500MVA transformers at the existing Westgate substation and run the 2x275kV transformers to end of life.
Phase 2:
Establishment of a 400kV power-line between Pluto substation and Westgate substation. The following location alternatives will be considered:
Alternative 1: is the northern corridor and aligns along the N14 national road. The corridor is approximately 40km long.
Alternative 2: is the middle corridor and crosses along the southern section of the R41 road. The corridor is approximately 38km long.
Alternative 3: is the southern corridor that traverses mostly over agricultural lands and is parallel to other transmission power-lines. The corridor is approximately 45km long.
Phase 3:
Installation of a loop in and out of the existing Hera-Westgate 400kV line into the existing Taunus substation and installation of a 400/275kV 800MVA transformer at Taunus substation.
Location: Within the boundaries of Merafong City Local Municipality, Rand West City Local Municipality, Mogale City Local Municipality and City of Johannesburg Metropolitan Municipality, Gauteng Province.
