Dear Ms. Nembilwi

KUSILE POWER STATION'S MONTHLY EMISSIONS REPORT FOR APRIL 2020

This serves as the monthly report required in terms of Section 7.6 in Kusile Power Station's Atmospheric Emission License: 17/4/AEL/MP311/12/01. Please take note that Unit 01 was on PJFFP bag replacement outage from 26 March 2020 until 05 May 2020. Emission monitoring resumed upon Unit 01 return to service.

Hoping the above will meet your satisfaction.

Yours sincerely

Justice Bore
