Dear Mr Gildenhuys

ACACIA POWER STATION'S MONTHLY EMISSIONS REPORT FOR THE MONTH OF MAY 2020

This serves as the monthly report required in terms of Section 5.4.1 and Sections 8.1.1 of Acacia Power Station's Atmospheric Emission License **WCCT023**. The information is applicable for the month of May 2020.

1. Raw Materials and Products (Licence 5.4.1)

Quantity of Raw Materials and Products used/produced for the month

Element	Performance	Reporting Unit
Fuel type : Kerosene		
Total Fuel Consumption	0.403	Tons
Electricity Produced	0	MWh
Average Fuel Consumption	0	Tons / MWh
Maximum fuel consumption rate	0	Kg per hour

2. Operating times of units (Licence 5.4.1)

a. Total Hours

	Hours operated	Total Fuel Consumption	Energy Production
	Hours	Litres	MWh
Unit One	0	470	0
Unit Two	0		0
Unit Three	0		0

Load Factor – 2020

0.00 % per Unit

Eskom Holdings SOC Ltd Reg No 2002/015527/30

b. Detailed operating times

Not applicable.

3. Complaints Register (Licence reference 8.1.1)

No complaints were registered for the month of May 2020.

4. General

Acacia was not requested to generate electricity for the grid during May.
Unit 2 required a quick test run to clear a rotor earth fault, following an alarm alert.

AQM Update

There was no monthly ambient air quality monitoring for May, due to an accepted decline of the service provider new contract awarded with effect from 1 May due to untimely Covid 19 associated financial constraints placed on the company.

In the interim and to ensure compliance, we have successfully managed to secure monthly ambient air quality monitoring for June with Argos Scientific.
A new Tender for re-issue is currently being finalised.

We trust that the above information complies with your requirements.

Yours sincerely

Pamela Mrubata
Plant Manager
