Dear Title and Surname of Eskom Customer Executive/CRAM Supervisor

**CUSTOMER SAFETY DECLARATION OF THE OTHER STANDBY/STANDALONE
GENERATION FACILITY/IES FOR** *[Insert description and location of the generation
Facility and reference number if any]*

I/We hereby confirm and make a declaration that the standby generation facility/ies
is/are legal and will not impose any safety risk to the Eskom grid according to NRS097-
2-1. I further declare that the generation Facility on my premises is as follows: - *[please
edit below to correctly reflect what is applicable]*

1. An alternative supply according to par 7.12 of SANS 10142-1 with a valid CoC
(Certificate Of Compliance) for the entire installation.

I/We understand that I am/we are responsible to ensure that the installation and
operation of the facility is in accordance to prevailing regulatory requirements. I am
also aware that Eskom reserve its contractual rights to disconnect or terminate
electricity supply after following due process for breach of contract by operating such
declared devices above in parallel with the grid.

SIGNED for and on behalf of the **CUSTOMER** on 20..
..... in my capacity as
(who warrants that she/he is duly authorised to sign for and on behalf of the
CUSTOMER).

.....
