CALL

08600 37566

We've got a new self-service Interactive Voice Response system which now allows you to: Input your meter reading, report an interruption of power supply, get the balance of your account, request a copy of your bill, update your details and get progress feedback on previously reported fault. All without having to wait for an agent to become available.

When using these channels, please ensure that you include a valid account number, stand number, meter number and or a pole number to ensure effective service delivery.

If your issue has not been resolved, make use of these alternative communication channels for our Customer Service Hubs, available on weekdays from 08:00 until 16:00, excluding public holidays.
