**Attachments:** ZIP.zip

Good day

Kindly find attached the Notification of Construction and Final Route Alignment for the Proposed Eskom Outeniqua-Oudtshoorn 132kV Overhead Power Line, Eden District Municipality, Oudtshoorn, Western Cape (**DEA reference:14/12/16/3/3/1/613**).

The notification letter includes motivation for the re-alignment of the last 3 pole positions where it feeds into the existing Outeniqua substation, due to technical engineering constraints. The re-alignment of approximately 0.393 kilometres will all be located within an existing Eskom servitude and will not result in any significant impact/ change and no change in scope. Please refer to the attached Application for Amendment (Part 1 Non-Substantive Amendment) and maps.

Hard copies of the Notifications, Maps and Application for Part 1 Amendment will be posted to the Department of Environmental Affairs.

Kind regards
