Abazali bayabongozwa ukuba babeke iliso kubantwana babo ukuze bathintele ukusela utywala bengaphantsi kweminyaka yobudala.

‘Abazali bayasilela ukubalawula abantwana babo abasela ngokugqithiseleyo’

ELE kudlule unyaka emva kwentlekele yaseNyobeni, eyashiya abazali babantwana abasweleka benenxeba elisisigxina kwakunye nesikhumbuzo seengxaki zoluntu: ukusela utywala kwabantwana abaselula. Ukuthintela ukusela utywala kwabaselula nokusingatha amatheko okuhlamba iphepha, iBhodi yoTywala yaseMpuma Koloni (ECLB) iqhuba iphulo layo le-Anti Pens Down. I-ECLB kudala ikhokele le nzame kuba ukusela kwabangaphantsi kweminyaka yingxaki enkulu eMzantsi Afrika. Kutshanje, iECLB ityelele eNdevana ngeenzame zokunqanda ulutsha ekuseleni utywala ngexesha leeholide zasebusika.

Umasipala waseBuffalo City (BCM) uvakalise ukuphoxeka kwabo “ngesimo sengqondo sabanye abazali nanjengoko besilela ukulawula abantwana babo abasela utywala ngokugqithisileyo egameni leemviwo zesikolo.” Kwinoxelo, umasipala uthi ubalumkise kaninzi abazali ukuba balumke, bababeke esweni abantwana babo, bangabavumeli baye kumatheko okusela azenza ngathi zizinto ezinxulumene nesikolo.

Njengoko amakhulu abantu abatsha (abamalunga nama-700) betyelele kwindawo engaselunxwemeni ngoMgqibelo, iMetro Law Enforcement, iServices Traffic, iFire & Disaster Management, kunye neeNkonzo zamaPolisa aseMzantsi Afrika bezixakekile.

Iingxelo zithi, iBCM kunye namagosa ezendlela ephondweni avale indlela kwindawo yonke engaselwandle eFleet Street, Esplanade, naseBowls Road apho abambe abaqhubi abanxilileyo abalishumi elinesihlanu (15).

Amatheko okuhlamba kwephepha kunxweme

lwaseMonti, eAmalinda naseDimbaza lunyanzele ukuba iqela lezokhuseleko lithathe amanyathelo.

“Abantwana abali-15 baye bakhathiswa xa begoduka njengexalenye yokuthintela abantu abalahlekayo, yaye omnye umzali wancedwa ukuba akhangele aze ahlangule umntwana wakhe kwindawo engaselwandle.

“Abantwana abahlanu basiwe esibhedlele ngenxa yeziganeko ezinxulumene nokusela kakhulu. Utywala obufana nevodka, ibranti neecider buyebachithwa kwakhutshwa nezilumkiso kwabo bophula umthetho ukuba baphume,” sitshilo isithethi salo masipala uSamkelo Ngwenya.

Iqela lezokhuseleko kunye ne-ECLB ziqhube iphulo lentsebenziswano ngokuchasene namatheko okuhlamba kwephepha ngoLwesihlanu ebusuku, betyelela eMonty's iklabhu yasebusuku, kunye neethaveni eNompumelelo, e-Abbotsford, naseDucats.

“Emva kwentlekele yaseNyobeni kunyaka ophelileyo, kubalulekile ukuba abazali bathathe uxanduva ngezenzo zabantwana babo nalapho behamba khona kwaye benze ube ngumsebenzi wabo ukujonga iintshukumo zabantwana babo. Ungenelelo lukarhulumente alunakukuphela kwesisombululo kule ngxaki,” utshilo uNgwenya.

Kunxibelelwano lwakutsha nje, isithethi seECLB uPumlani Fani ucebise abazali ukuba babeke iliso labo kwiintshukumo zabantwana babo kwaye balumke kakhulu ngeli xesha.

“Siphinda sithumele isilumkiso kubo bonke abarhwebi botywala ukuba bangasingathi la matheko okuhlamba kwephepha kumaziko abo njengoko oku kukwaphulwa kwemiqathango yokurhweba kwabo kwaye kukwaphula umthetho. Sincoma abafundi nabanye abahlali abathe gqolo ukuwaxela la matyala kwi-ECLB nakwamapolisa,” utshilo uFani.

Uncollected rubbish piles up on Dunoon and Witsand streets

A man is seen scavenging in mounds of household waste near a taxi rank in Witsand township, Atlantis while his dog stares at the lens. There has been no municipal cleaning services since 30 June, resulting in rubbish piling up on most public roads in Witsand township near Atlantis, and in Dunoon near Milnerton, Cape Town. Photo: Peter Luhanga

Dunoon resident Them-bakazi Sotyamtya, 59, said the corner of Akkerboom and Mnandi Streets near her home has become a dumping ground for household waste, including bags of faeces from surrounding informal settlements.

Sotyamtya said the winter rains is causing the faeces to be washed past her front door and the filthy environment has resulted in an infestation of flies in her home.

During a visit on Saturday 9 July, this reporter saw flies sticking to her lounge ceiling and crawling over kitchen utensils and food containers.

“It (the rubbish) is bringing flies. Our children are coughing constantly. We suspect it is because of the filth outside,” she said, adding that people also threw dog and cat carcasses on the mound of rubbish.

She said after two weeks of mounting garbage, rats were also becoming a problem.

South African National Civic Organisation (SANCO) Dunoon branch chair

Elliot Nkohlha said the City had appointed a new contractor and had come to start rendering municipal services but SANCO stopped the contractor, demanding employees be verified as being Dunoon residents registered on the Blaauwberg subcouncil's unemployed database.

“They are not going to work until we get the list (of the City contractor's employees) to verify that they are Dunoon residents,” said Nkohlha.

Dunoon ward councillor Messie Makuwa said “the community” was still negotiating with the new contractor over how many people from Dunoon they employed to collect refuse.

Meanwhile, the refuse is piling up on all Dunoon's main roads, as well as along roads in Atlantis. At the Dunoon taxi rank, rubbish is piling up at the corner of Dumani and Waxberry Road, affecting vendors who cater to commuters.

Mkhuseli Ndlwana, who braais and sells meat at the taxi rank, said waste was piling up near his trading area.

“It smells the whole time. There are maggots there. “The smell is bad for customers,” said Ndlwana.

In Dunoon's Ethembeni informal settlement there are mounds of rubbish piling up behind the communal toilets, including used nappies.

“It is very dirty. Even the toilets are not being cleaned. They stopped cleaning at the end of June,” said resident Thandiswa Dayimane, who also had her shack destroyed by a shack fire on 5 July.

In Witsand, the area SANCO chairperson Thobile Maseti said the City was throwing the residents under “the bus” and forcing them to live in a filthy environment.

On Sunday 9 July this reporter saw mounds of rubbish near the Witsand taxi rank and along public roads in the township.

Maseti said his organisation teamed up with former employees of the previous city contractor and volunteered to remove the rubbish piled up on Chris Hani and Steve

Biko Roads.

He said the Witsands SANCO branch used R2,400 of its own funds to buy refuse bags and gloves to collect mounds of rubbish which they placed in shipping containers used by the City for waste

storage.

“We don't know if the municipal services will resume,” said Maseti.

“We are not living in a clean and healthy environment, we are worried our children can contract diseases,” said Witsand

resident and SANCO member Aphiwe Krele.

Questions sent to the City of Cape Town on Thursday 6 July had not been answered by Monday 10 July.

Groot oorwinning vir gesondheid

Murphy Roberts

Dit is gewis ’n oorwinning vir die dorp sê lede van die plaaslike taakspan wat deel was om beter gesondheidsorg vir inwoners te verseker.

Planne om die plaaslike klinieke na die provinsiale regering oor te plaas, is nou ’n werklikheid, sê die span.

Die oorplasing volg nadat honderde inwoners in Augustus verlede jaar na die Wesfleur-hospitaal opgeruk het om ’n memorandum aan die provinsiale minister van gesondheidsorg, Norma-French Mbombo, oorhandig het.

Die minister het verlede jaar gevra ’n taakspan moet saamgestel word om

met haar departement oor verwickelinge te skakel. Volgens die taakspan was hulle nooit uit die proses gesluit nie en hulle het gereeld vergaderings met die provinsiale gesondheidsdepartement gehad.

Volgens die span was die verhouding met die gesondheidsdepartement goed en nooi inwoners wat meer wil weet, om met hulle kontak maak.

Die span sê ook Mbombo sal die gebied binnekort besoek om finale reëlins bekend te maak.

Die taakspan is Adenaan Syster, Anastatia Davids, Joy Davids, Franklin Lambert, Reagon Carelse, Nolufefe Mbombo, Lorenzo Johnson, Dean Goliath, Ashley Poole en Anastatia Davids.

Inwoners van Atlantis het verlede jaar geëis dat dienste by die Wesfleur-hospitaal dadelik verbeter moet word.

Help, support for teenagers

Adolescence can be an exciting time, filled with new challenges and adventures for teenagers and their parents, but it can be an overwhelming time too.

In an effort to help provide support and raise awareness the Western Cape Health Department shares some useful information for young people. Part 1 was published in the previous issue of *Weskus Nuus* (25 July 2023).

Adolescence is the phase of life between childhood and adulthood (aged 13 to 19), when teenagers face specific challenges that can affect their development. There are three main categories of challenges: mental, behavioural and physical.

This is part two which covers:

Behavioural health support (substances, unwanted pregnancy, contraceptives, STI)

Adolescents may face many health and social challenges that put them at a higher risk of unwanted pregnancy, unsafe abortion and sexually transmitted infections and substance abuse.

The health-care facilities offer support to adolescents and families in a way that does not make either feel

unwelcome and embarrassed. Health-care workers also keep the reason for one’s visit confidential.

Adolescent and youth-friendly services have been launched across the province to reduce the impact of teen pregnancy and sexually transmitted infections.

While youth can attend any clinic during operational hours to access health care, many facilities in the province have dedicated programmes and staff to support teenagers after school from 14:00 to 16:00, Monday to Friday, to ensure their schooling is not disrupted.

Some clinics offer these dedicated services from 07:00. This means one can skip the queue and visit the youth-friendly health-care team to access family planning services such as the morning-after pill, contraceptives and condoms, STI testing and counselling, guidance on termination of pregnancy and substance-abuse support and referrals.

The department is adopting a whole-of-government and -society approach to equip adolescents with education, support, services and opportunities to plan futures and help reach their goals.

Man (21) nabbed for firearm, ammunition possession

Members attached to Atlantis Police Crime Prevention Unit and Law Enforcement followed-up on information received on Sunday 11 June, at 23:19, about a concealed firearm at a house in Paragon Street, Atlantis. On arrival at the address the house was searched and a Black Arma 2 revolver and ammunition were found. A 21-year-old man was arrested for possession of a prohibited firearm and ammunition, and another male and female were arrested for possession of ammunition. The Branch Commander, Lt Col Theresa Reeves, welcomed the arrests and lauded the community for sharing information on illegal activity.

Avbob help matrieks só

Die begrafnisonderneming Avbob het onlangs 'n onderwys-ondersteuningsprogram, Avbob Step 12, van stapel gestuur. Dit is daarop gemik om leerders vir hul graad 12-taaleksamens voor te berei. Avbob Step 12 bestaan uit gratis eksamenvoorbereidingsgidse vir graad 12-onderwysers en -leerders.

Die Avbob Step 12-program is spesifiek gemik op die taalvakke in die graad 12-leerplan. Die program is ontwikkel om graad 12-leerders te help uitblik in sowel hul moedertaal as hul eerste addisionele taal, aangesien albei verpligte vakke is wat met 'n minimum van 40% geslaag moet word. “Met Step 12 stel Avbob 'n nuwe kanaal bekend om ons verbintenis tot die ondersteuning van onderwys in Suid-Afrika te toon, tesame met ons voortgesette beleggings in geletterdheidsprogramme, skole-infrastruktuur, vraghouerbiblioteke en die ondersteuning van die poëtiese kunste,” sê Carl van der Riet, uitvoerende hoof van Avbob. Die Avbob Step 12-program sal beskikbaar wees in al elf amptelike tale, met drie eksamenvoorbereidingsgidse per taalvak, wat altesame drie-en-dertig studiegidse beteken. “Ons hoop die Avbob Step 12-program sal as 'n bloudruk dien vir onderwyser- en leerderondersteuning, en ander segmente van die private sektor sal begin saamwerk en soortgelyke programme ontwikkel vir nog graad 12-vakke, soos wiskunde,

natuurwetenskap en sakestudies,” voeg Van der Riet by. Die studiegidse is saamgestel met die doel om leerders se prestasie in die drie vraestelle in elke taalvak te verbeter, naamlik taal in konteks, literatuur en skeppende skryfwerk. Die suksesvolle aflê van hierdie vraestelle is vir leerders nie net van kritieke belang om matriek goed te slaag nie, maar ook om hulle vir verdere studie voor te berei, terwyl dit terselfdertyd noodsaaklike vaardighede soos doeltreffende kommunikasie in die werkplek en in sosiale situasies oordra en ook onmisbare denkvaardighede ontwikkel. Vakkundiges met omvattende ervaring in die opvoedkundige sektor tree op as adviseurs vir die Avbob Step 12-program. Die struktuur en inhoud van die eksamenvoorbereidingsgidse is gegrond op die kurrikulum-en-assesseringsbeleidsverklaring (KABV) soos voorgeskryf deur die Departement van Basiese Onderwys (DBO). Die minister van basiese onderwys, Angie Motshekga, het die inisiatief verwelkom en die DBO se gedeelde doelwit van voortgesette leerderprestasie benadruk – 'n poging wat deur noue samewerking soos dié tussen die onderwyssektor en verskillende rolspelers versterk word. Motshekga het alle graad 12-taalonderwysers en opvoeders van matriekleerders aangemoedig om gebruik te maak van die Avbob Step 12-eksamenvoorbereidingsgidse. Die departement het die Avbob Step 12-leermateriaal geëvalueer en

ondersteun hierdie inisiatief as 'n waardevolle bykomende hulpbron vir leerderontwikkeling. Hoewel die Avbob Step 12-eksamenvoorbereidingsgidse gemik is op graad 12-leerders om hulle te help met die voltooiing van hul finale skooljaar, kan die voordele daarvan reeds aan graad 11-leerders oorgedra word, wat ook by die blootstelling aan die doelwitte soos uiteengesit in die graad 12-leerplan baat kan vind. Die Avbob Step 12-eksamenvoorbereidingsgidse is, wat samestelling en inhoud betref, gegrond op behoeftes wat uitgewys is deur onderwysers wat hieroor geraadpleeg is. Avbob, as deel van sy korporatiewe maatskaplike belegging, het die onderwys as 'n kritieke sektor geïdentifiseer, en het sy vlagskipprogramme rakende geletterdheid en opvoeding in reaksie daarop ontwikkel om die regering by te staan om 'n gehalte-leerproses en -onderrig in skole te versterk. Avbob en die DBO het 'n lang samewerkingsvennootskap in hierdie sektor en streef daarna om 'n blywende impak op die opvoedingslandskap te maak. **Hoe om toegang te kry tot die Avbob Step 12-program en die -eksamenvoorbereidingsgidse** Die Avbob Step 12-gidse is van 14 Junie 2023 af gratis beskikbaar by www.AvbobStep12.co.za. Die Avbob Step 12-Facebook-blad (www.facebook.com/AvbobStep12) dien as 'n bymeakaarkomplek vir graad 12-onderwysers.

A plastic-free July for a healthier planet

Nicole Sherwin

Plastic pollution has become one of the most pressing environmental challenges of our time.

Each year, millions of tons of plastic waste end up in landfills, rivers, and oceans, causing significant harm to wildlife, ecosystems, and even human health. In the face of this growing crisis, initiatives like Plastic-Free July have emerged as powerful catalysts for change. This feature aims to shed light on the importance of Plastic-Free July and its impact on the planet, as well as provide practical tips for individuals and businesses to embrace a plastic-free lifestyle.

- **Understanding Plastic-Free July:** Plastic-Free July is a global movement that encourages people to choose alternatives to single-use plastic throughout the month of July. This annual initiative, which originated in Western Australia in 2011, has now gained widespread recognition and participation worldwide. By promoting awareness and action, Plastic-Free July aims to inspire individuals, businesses, and communities to reduce their plastic consumption and find sustainable alternatives.

- **The environmental impact of plastic:** Plastic pollution poses severe threats to the environment, biodiversity, and human well-being. Plastics take hundreds of years to break down, resulting in long-lasting pollution that contaminates water bodies, harms marine life, and disrupts ecosystems. From entangled marine animals to microplastics entering our food chain, the consequences are far-reaching. By participating in Plastic-Free July, individuals contribute to reducing plastic waste and preserving the delicate balance of our planet.
- **Benefits of Plastic-Free July:**
 - a) Conservation of natural resources: By reducing plastic consumption, we conserve precious natural resources used in the production of plastics, such as petroleum and natural gas. This leads to a more sustainable and resource-efficient society.
 - b) Protection of wildlife: Plastic debris often entangles and suffocates marine animals, causing injury and death. By choosing plastic-free alternatives, we help protect vulnerable species and preserve marine ecosystems.
 - c) Preservation of ecosystems: Plastic waste not only pollutes bodies of water but also disrupts ecosystems on land. By reducing plastic usage, we safeguard the biodiversity and balance of delicate ecosystems, including forests, wetlands,

- and grasslands.
- d) Climate change mitigation: The production and disposal of plastic contribute to greenhouse gas emissions, exacerbating climate change. Opting for plastic-free alternatives reduces carbon footprints, helping mitigate the effects of global warming.
 - **Embracing a plastic-free lifestyle:**
 - a) Reduce single-use plastics: Swap disposable items like water bottles, shopping bags, and cutlery for reusable alternatives. Bring your own reusable bags and bottles when you go shopping or out for a drink.
 - b) Choose sustainable packaging: Support businesses that use minimal or eco-friendly packaging. Look for products with recyclable or compostable packaging options, reducing the demand for single-use plastics.
 - c) Rethink your grocery shopping: Opt for unpackaged fruits and vegetables or use reusable produce bags. Buy in bulk to reduce packaging waste, and choose products with minimal or no plastic packaging.
 - d) Spread awareness: Share your Plastic-Free July journey on social media, using hashtags like #PlasticFreeJuly. Encourage friends, family, and colleagues to join the movement and start making conscious choices.

Damage to WC farming infrastructure over R1bn

Following the recent severe floods in the province, the Western Cape Department of Agriculture (WCDoA) Friday released an updated report of the estimated financial cost of the damage.

Minister of Agriculture Ivan Meyer said rapid assessment conducted in the period 26-30 June considered damage to primary agriculture sites on the West Coast, Cape Winelands and Overberg.

The report confirmed extensive damage to riverbanks, irrigation equipment, private roads and sediment over vineyards and fruit orchards.

Meyer pointed out that the above estimates do not consider potential losses felt along the agriculture value chain nor provide any insight into the impact on future exports.

“Armed with a more credible, albeit conservative estimate, officials will, together with the Department of Agriculture, Land Reform and Rural Development, approach the National Disaster Management Centre with the aim of having the flood-damaged areas declared a disaster and unlocking the relevant funding and support that could be provided.

“In the interim the WCDoA will ensure affected producers have access to the best technical information through its extension and advisory services. In addition, the Department will also extend its current river protection works programme to flood-affected river systems as this will mitigate the impact of future flooding,” he added.

The WCDoA will also reprioritise existing allocations as well as approach its national sector department and the National Disaster Management Centre via the Provincial Disaster Management Centre to cover the costs of river protection works.

Akteur Bradley Olivier sterf in hospitaal

Ané van Zyl

Die *Binnelanders*-akteur Bradley Olivier (36) is gister in die Life Flora-hospitaal in Johannesburg oorlede.

“Hoewel Bradley se lewe geëindig het voordat ons gereed was, was die tyd dat hy in ons lewe was onvergeetlik en vol vreugde,” sê Solomon Cupido, Olivier se vriend en skryfvenoot, in ’n verklaring.

“Bradley het elke vertrek wat hy binnegekom het, verlig met sy glimlag, lag en ongelooflike persoonlikheid.”

Cupido het nie gesê of Olivier se siektetoestand al vasgestel is nie. Hy het Maandag hoofpyn gehad, waarna hy hospitaal toe geneem is waar sy toestand versleg het.

“Ons vra vir privaatheid aangesien die familie treur oor die verlies van ’n wonderlike pa, lewensmaat, seun, broer en vriend,” lui Solomon se verklaring.

Olivier word oorleef deur sy dogtertjie, Kiara, sy ma, Susan, sy suster, Sheena-Kay Gouws, broer, Armin, en vriendin Candice-Ann Isaacs.

“Nadat hy in 2007 sy televisiedebuut in *Villa Rosa* gemaak het, was Bradley betrokke by ’n verskeidenheid produksies, mediums en genres wat flieks, reekse, telenovelas, sepies, verhoog- en radiowerk insluit.”

Olivier was veral bekend om sy rol as die paramedikus Danny Jantjies in die kykNET-sepie *Binnelanders*.

Hy is ook te sien in die 2017-fiek *Vaselinetjie* en die 2015-rollprent *Ballade vir ’n enkeling*.

“Bradley was ’n veelsydige akteur en het moeiteloos uitgeblyk in drama en komedie. Hy

was stiptelik, professioneel en ’n vriendelike gees op enige stel,” lui Solomon se verklaring.

“Die familie wil hul dank betuig teenoor die Life Flora-hospitaal en sy personeel. Die deernisvolle aandag en professionele sorg wat Bradley, die familie en vriende gekry het, is van onskatbare waarde.

“Ons onthou Bradley vir sy nalatenskap en die impak wat hy op ons almal se lewe gehad het. Bradley sal altyd in ons harte wees en die vele ander wat hom liefgehad het.

“Die familie is dankbaar vir al die ondersteuning wat hulle

in hierdie moeilike tyd ontvang het. Bradley het soveel lewens aangeraak, woorde kan nie beskryf hoe baie ons hom gaan mis nie.”

“Die skok en hartseer ná die skielike afsterwe van Bradley is baie moeilik om te verwerk – hy was nog so jonk en so ’n geliefde lid van Binnelanders se spelerskorps,” het Elsje Stark, vervaardiger van *Binnelanders*, gisteraand in ’n verklaring gesê. “Enige wisselwerking met Bradley, of dit nou op professionele of persoonlike vlak was, was altyd net ’n vreugde.

“Hy het die karakter van Danny Jantjies vir byna agt jaar

met totale oorgawe vertolk. Ons gaan hom verskriklik mis en ons harte gaan uit na sy dogtertjie en ander naasbestaandes,” het Stark gesê.

Waldimar Pelsler, M-Net se direkteur: Premium-kanale, het gesê Olivier se skielike afsterwe is ’n groot skok en geweldige verlies vir almal wat in aanraking met hom gekom het.

“Ons hou vandag sy familie en vriende innig in ons gedagtes. Hy was ’n geliefde akteur en gewaardeerde lid van die kykNET- en *Binnelanders*-familie. Ons harte gaan uit na sy familie, geliefdes en vriende,” het Pelsler gesê.

† PROF. KOLE OMOTOSO

Ikoniese Yebo Gogo-man in Kaap oorlede

Susan Cilliers

Vodacom se professor het gesterf.

Die statige man met die grys hare en baard wat bekend was as die Yebo Gogo-man in dié selfoonmaatskappy se advertensies is Woensdag in die ouderdom van 80 jaar in sy huis in Kaapstad oorlede.

Prof. Kole Omotoso was egter baie meer as net die Yebo Gogo-man. Hy was ook ’n gerekende akademikus, skrywer en dramaturg.

Akin Omotoso, sy seun, het sy dood in ’n verklaring namens die familie bekend gemaak, maar nie uitgewei oor die oorsaak nie.

Vodacom sê die maatskappy sal hom onthou as iemand wat die handelsmerk op so ’n manier bemark het dat dit emosies ontlok, nostalgie geskep en ’n diep verbintenis met sy kliënte gevestig het.

“Ons sal hierdie herinneringe altyd koester,” het Vodacom gister in ’n verklaring gesê.

Omotoso, ’n Nigeriër van herkoms, het tussen 1990 en die vroeë 2000’s in die Vodacom-advertensies verskyn. Shameel Joosub, bestuurshoof van die Vodacom-groep, sê hulle sal hom as ’n ikoniese figuur onthou vir die bekroonde Yebo Gogo!-advertensieveldtog.

“Ons innige meegevoel aan sy familie.”

Joosub sê Omotoso het ’n sim-

bool geword van die veranderende gesig van die nuwe Suid-Afrika met die koms van die demokratiese bestel in die 1990’s.

“Hy het een van die mees sigbare mense in die land geword.”

Omotoso is op 21 April 1943 in Akure, Nigerië, gebore. Hy het aan King’s College in Lagos, die Universiteit van Ibadan en die Universiteit van Edinburg gestudeer. Omotoso het ’n doktorsgraad in Arabiese letterkunde verwerf.

Hy was getroud met Marguerita, ’n argitek en stadsbeplanner. Sy is reeds dood. Hulle het drie kinders, Akin, Yewande en Pelayo.

Omotoso se familie bring so hulde aan hom in die verklaring wat hulle uitgereik het: “As skrywer, onderwyser, kritikus, akteur, kollega, mentor en vriend het hy ’n ryk, doelgerigte lewe vol betekenis gehad. Hy het nooit die geleentheid laat verby-

gaan om nuwe onderwerpe te ontgin nie. Hoewel hy skerp sinige sosio-politieke kommentaar gelewer het, het hy nooit ophou glo in menslikheid nie.”

Omotoso het by onderskeidelik die Universiteite van Ibadan en Ife in Nigerië gedoseer. Van sy boeke, veral *Just Before Dawn* wat in 1988 gepubliseer is, het konflik tussen hom en strydslugte magte veroorsaak, sê sy familie. Die boek het gehandel oor die geskiedenis van Nigerië. Hy moes daarom sedert 1989 meestal buite Nigerië werk.

Omotoso het om sy familie te herenig in 1992 na Kaapstad verhuis. In 1999 het hy Suid-Afrikaanse burgerskap gekry.

Hy was ’n professor aan die Universiteit van Wes-Kaapland se Engels-departement asook aan die Universiteit Stellenbosch se dramadepartement.

Hoewel Omotoso sy geboorteplek, Akure, reeds op ’n jong ouderdom verlaat het, het sy Joroeba-erfenis steeds ’n groot invloed op sy wêreldbeskouing en werk gehad. Die Joroeba-mense is ’n etniese groep in Wes-Afrika. Sy familie vertel hy het ’n paar jaar gelede sy droom bewaarheid om ’n huis in sy geboorteland te bou, wat deur sy argitek-dogter Yewande ontwerp is.

Omotoso het sedert 2016 daar gewerk en gewoon saam met sy tweede vrou, Bukky, en haar kinders, Taiwo en Olamiposi. Hy het in 2019 na Suid-Afrika teruggekeer vir mediese behandeling.

Sofia Vergara van ‘Modern Family’ ná 7 jaar skeihof toe

Die *Modern Family*-aktrise Sofia Vergara (51) en haar man gaan ná sewe jaar skei.

Joe Manganiello (46) het die egskedingsgeding aanhangig gemaak.

In hofstukke waarvan die *Daily Mail* afskrifte het, voer Manganiello “onversoenbare verskille” aan as rede.

Volgens TMZ skei hulle omdat Manganiello kinders wou hê en Vergara nie.

ter word in hierdie tyd terwyl ons die nuwe fase in ons lewe aanpak.”

Dit is nie die eerste keer dat Vergara in die kollig is oor kinders nie.

Sy is deur haar voormalige verloofde, Nick Loeb, gedagvaar omdat sy hul gevriesde embrio’s wou laat vernietig. Hulle het die embrio’s laat vries om later via ’n surrogaat kinders te hê, maar hul verhouding was op die rotse voordat hulle dié plan kon deurvoer.

Die hof het Vergara uiteindelik gelyk gegee.

Vergara het ’n 31-jarige seun, Manolo Gonzalez Vergara.

Vergara en Manganiello het ’n voorhuwelikse kontrak onderteken wat albei se bates beskerm.

Vergara se netto batewaarde is na berig word \$180 miljoen, terwyl Manganiello bates van \$40 miljoen het.

’n Gesamentlike verklaring is deur hulle uitgereik. “Ons het die moeilike besluit geneem om te skei. As twee mense wat mekaar liefhet en vir mekaar omgee, vra ons dat ons privaatheid gerespekteer word in hierdie tyd terwyl ons die nuwe fase in ons lewe aanpak.”

Dit is nie die eerste keer dat Vergara in die kollig is oor kinders nie.

Sy is deur haar voormalige verloofde, Nick Loeb, gedagvaar omdat sy hul gevriesde embrio’s wou laat vernietig. Hulle het die embrio’s laat vries om later via ’n surrogaat kinders te hê, maar hul verhouding was op die rotse voordat hulle dié plan kon deurvoer.

Die hof het Vergara uiteindelik gelyk gegee.

Wenner \$1 miljard ryker in Powerball-boerpot in VSA

Die eienaar van die \$1,08 miljard-wenkaartjie in Woensdagaand se Amerikaanse Powerball-trekking, wat by ’n winkel in Los Angeles gekoop is, het nog nie die prys opgeëis nie.

Dié bedrag, met ’n huidige randwaarde van meer as R19,4 miljard, is van die grootste in die lotery se geskiedenis.

Die gelukkige kaartjiehouer sal die keuse hê tussen prysgeld wat in paaiemente oor 30 jaar uitbetaal of ’n enkelbedrag, berig CNN.

Volgens die lotery is dié prysgeld die sesde grootste Amerikaanse loteryboerpotbedrag.

Dit is die derde grootste Powerball-boerpotbedrag ná die wêreldrekord van \$2,04 miljard wat verlede jaar in Kalifornië gewen is en die \$1,586 miljard van 2016.

Prysgeld van ’n lotery is onderhewig aan federale belasting, maar Kalifornië is een van net agt Amerikaanse deelstate wat nie die winners belas nie, berig *The Guardian*.

Die wenkaartjie het al ses syfers bevat wat nodig was om die boerpot te behaal: 7, 10, 11, 13 en 24, met ’n Powerball van 24, berig die BBC.

Die kans om die boerpot te wen is een uit 292,2 miljoen.

‘Housewives’: Michelle gepak oor haar gedrag

Ané van Zyl

Michelle van Zyl (40) was in gisteraand se laaste episode van *Die real housewives van die Wynlande* die middelpunt van ’n vurige bespreking.

Michelle en Candice Bester (37) het koppe gestamp omdat Candice agter die skerms gesê het sy is moeg vir Michelle se storiëtjies.

“Die een oomblik was jy gelukkig, die ander oomblik was jy hartseer,” het Candice gesê. “Ons het nie geweet hoekom nie. Dit is hoekom ek niks meer wou hoor nie.

“Ek was nie meer lus daarvoor nie. Ná 12 weke van jou is ek nie meer lus daarvoor nie,” het Candice gesê.

“Ek het gehuil en gesê dit is omdat ek hartseer is, maar met jou, Michelle, moes ons dit uit jou uit trek. Ek wens jy het op ’n eerlike manier gesê wat fout is.”

Michelle het geantwoord: “Wat jy gedoen het, is baie lelik. Ek is nie kwaad vir jou nie.”

Candice het gesê: “Ek is net eerlik,” waarop Michelle geantwoord het: “Eerlik deur iemand die heeldyd af te breek? Te sê iemand is emosioneel onstabiel?”

Candice het ontken dat sy Michelle afgekraak en haar emosioneel onstabiel genoem het.

“Dis wat jy geïnsinueer het,”

Ek was nie meer lus daarvoor nie. Ná 12 weke van jou is ek nie meer lus daarvoor nie.

het Michelle gesê.

Amy Kleinhans-Curd (54) het Candice se woorde beaam en gesê sy het elke dag gewonder hoe Michelle gaan optree.

“Ons weet nooit wie vandag daar gaan aankom nie.”

Michelle het gesê sy kan niks aan die verlede verander nie en sy is nie kwaad nie.

“Ek kan verstaan hoekom dit so oorgekom het, maar dit was ’n moeilike tyd vir my. Ek het probeer konteks gee, maar dit het nie altyd gewerk nie.”

Anita Lloyd (55) het met die ander vroue saamgestem en gesê hulle kon by tye nie vir Michelle plaas nie.

Mariska Thorpe (39) het gesê Michelle se gedrag was onvoorspelbaar en dat Michelle agter Anita en Karen Schwendtké (48) geskuil het.

Mariska het aan Michelle gesê dit het vir haar gevoel asof elke klein dingetjie wat sy doen Mi-

chelle kon ontstel.

“Ek dink jy trek jou alles aan.” Michelle het gesê nadat sy die reeks gekyk het, het sy gesien dat Mariska sekere opmerkings nie direk op haar gemik het nie.

Daar is ook gepraat oor ’n skeiding in die groep met Michelle, Anita en Karen aan die een kant en Amy, Mariska en Candice aan die ander.

Anita het gesê dit het vir haar gevoel asof die groep in twee geskeur is.

“Dit het gevoel asof drie aan die kant en drie aan daai kant is.”

Karen het gesê sy het aan Michelle gesê dit is haar eie skuld dat sy voel asof sy deur die groep uitgesluit word.

“Ek het vir haar gesê ‘betrek jouself’. Ek het glad nie uitgeskuif gevoel nie,” het Karen gesê.

Anita en Amy het ook die konflik tussen hulle bespreek, wat byna sedert die begin van die reeks opgebou en in Mauritius kookpunt bereik het. Hulle het mekaar weer om verskoning gevra en dinge uitgepraat.

Aan die einde van die episode het Candice vir Michelle om verskoning gevra en Michelle het dit aanvaar.

Die vroue het gesê hulle het “vriendskappe gesmee wat ’n leeftyd sal hou”.

StellSorg ondersteun slagoffers én oortreders

Angelo Julies

StellSorg Stellenbosch het onlangs sy nuwe verwysingsproses, die Referral Pathway, bekend gemaak wat slagoffers van geslagsgeweld help om vinniger en doeltreffende hulp te kry in tye van nood.

“Die Referral Pathway plaas die slagoffer tussen 16:00 smiddae en 08:00 die volgende oggend direk in verbinding met StellSorg se bekwame vrywilligers en maatskaplike werkers. Ons is natuurlik tussen 08:00 soggens en 16:00 smiddae ook beskikbaar by ons normale nommers. Ons het ’n bystandnommer vir hierdie proses,”sê LeAnne Kumalo, ’n maatskaplike werker by StellSorg.

Kumalo sê daar is altesaam nege vrywilligers wat toegerus is om die slagoffers te help en hul regte te beskerm deur die proses. “Die vrywilligers rapporteer eerste ding in die oggend aan die maatskaplike werker wat dan die proses verder neem om die slagoffer verder te ondersteun.”

In plaas daarvan om te wag dat die polisie StellSorg kontak, kan slagoffers direk kontak maak met StellSorg.

“Ons het ’n baie goeie netwerk en verhouding met die polisie en howe. Ons het ’n toegewyde polisieoffisier wat rekord hou van al die geslagsgeweld-gevalle en die howe aanvaar ons petisies. Deur hierdie proses kan alle rolspelers verantwoordelik gehou word.”

Kumalo sê die Referral Pathway help ook dat die prosesse ingevolg

wetgewing hanteer word en dat die slagoffer se regte beskerm word.

“Ons bied ook ondersteuning aan die oortreders. Hiermee verskoon ons glad nie die misdaad nie – die gereg moet steeds sy gang gaan en die oortreders moet vervolg word. Ons het gevind dat baie van die oortreders eens op ’n tyd slagoffers van mishandeling was en om hierdie rede bied ons ook aan hulle ondersteuning om hulle op die regte pad te kry,” voeg sy by.

“Dit is ’n wanpersepsie dat slegs vroue en kinders slagoffers van gesinsgeweld is – hoewel dit meer gereeld voorkom, is mans ook soms slagoffers van geweld en mishandeling. Dit is nie altyd fisiek nie, maar emosioneel, wanneer vroue die mans emosioneel mishandel en in sekere

gevalle selfs slaan ook.”

StellSorg bied ook ander ondersteuningsprogramme aan deur middel van die Sorg- en Ondersteuningsgroep. “Ons vergader een keer elke twee weke. By die programme gesels mense wat eerstehandse ondervinding het van geslagsgeweld en mishandeling met ander en motiveer mekaar deur die proses na herstel.

“Ons raai veral mans ook aan om aan hierdie programme deel te neem. Hoe meer mense ons betrokke kry by hierdie programme, hoe beter is dit vir die gemeenskappe waar die slagoffers asook oortreders is.” Slagoffers van geslagsgeweld kan StellSorg na ure by 079 309 5524 en in kantoorure by 072 535 6422 bereik vir ondersteuning.

Tiener met rewolwer vas

’n Minderjarige seun (14) is verlede Woensdag (12 Julie) vir die besit van dwelms en ’n ongelisensieerde vuurwapen deur die Cloetesville-polisie in hegtenis geneem. Family seeks funds to bury teenager

UNATHI OBOSE

“We have not made any funeral arrangements yet. We are still waiting for the postmortem results.

The deceased's mother Chithiwe Mona (59) is appealing for help with burying her daughter.

But we don't know where to start.” This is how grief-stricken Chithiwe Mona summed up her pain.

The 59-year-old mother now appeals for public assistance in burying her 18-year-old daughter Sikelelwa.

The cause of her death is unknown, but her body was discovered a few metres from her home in Taiwan informal settlement, Site C. She was alleged to have been raped and killed.

A heartbroken Mona said her daughter had big dreams and wanted to improve the family's living conditions.

“I want justice to prevail for my daughter. I was expecting a lot from my child. She had big dreams of transforming her family to be better. She was passionate about education. She wanted to be a professional nurse.”

Mona said the family doesn't know where to start, for they would love to bury Sikelelwa in Sterkspruit, Eastern Cape. She described her daughter as a lovely person who laughed a lot.

Ward 87 councillor Khayaletu Kama described Taiwan as an area severely affected by gender-based violence (GBV) and regarded himself as the most unfortunate councillor. Since 2021, he said, the ward experienced

many serious incidents.

“Three months ago, there was a case of a 13-year-old girl who was brutally killed. She was raped and killed. A week after that there were more than 20 women who were sexually assaulted by young boys in a church.

“After that there was another woman who was killed by her boyfriend. And there are many other incidents that occurred in the area.”

Kama said numerous awareness initiatives were held to curb crime. He said he intended to mobilise all the community stakeholders to discuss all the “pressing issues” in the ward.

The provincial police spokesperson W/O Joseph Swartbooi stated Khayelitsha police officers attended to a complaint on Saturday 8 July and on arrival they found a body of an unknown woman. “The victim was declared deceased on the scene by medical personnel, he said. “We can confirm a male was arrested on Friday 14 July and charged with rape.”

Eric Ntabazalila, provincial spokesperson for the National Prosecuting Authority (NPA), said the accused appeared in the Khayelitsha Magistrates' Court on Monday 17 July. The case was postponed to Thursday 3 August.

The deceased Sikelelwa Mona (18).

Seal gets surgery to swim again

■ KAILIN DANIELS
KAILIN.DANIELS@MEDIA24.CO.za

As exciting as it is to see Cape fur seals visit our shores, they often find themselves caught up in discarded fishing line, bits of plastic box wrapping and all kinds of other floating debris and pollution.

An influx of dead Cape fur seals has been reported to wash ashore on Bloubergstrand and Milnerton beaches, many with puncture wounds or wrapped in fishing line.

The latest call for help came from the Kalk Bay Harbour when a tour guide called the Cape of Good Hope SPCA and reported seeing a young seal in distress – struggling to swim with some fishing line wrapped around one of his flippers. He had no use of the entangled limb at all. Wildlife department supervisor Jon Friedman was dispatched.

“I was expecting a routine disentanglement of fishing line, but when we got the young seal out of the water and started cutting away the mess of line wrapped around his left-side flipper, it was quickly apparent that the line wasn’t only wrapped around the outside of the flipper but also deeply embedded inside the flipper as well, maybe anchored by a fishing hook to the bone, that I knew this wasn’t going to be a straightforward rescue,” Friedman says.

THE RESCUE

Bundling the young seal pup up in a blanket and a secure transport box, it was off to the SPCA Animal Hospital in Grassy Park for X-rays and possible surgery. On the theatre table, the attending veterinarians were puzzled.

“We had expected to find a fishing hook or two embedded below the skin, but the X-rays showed no hooks, just lots of

fishing line wrapped around the flipper (shoulder) joint,” says the SPCA.

What probably happened, the vets surmised, was that the seal became entangled some time ago, the fishing line cutting deeply through the skin at the shoulder, working its way down to the bone. With time, the wound grew closed again, trapping the fishing line in place, eventually seizing the joint and limiting the seal’s movement.

“He would’ve certainly starved as he would not have been able to hunt properly,” the SPCA says.

After almost an hour, a total of a meter and a half of fishing line was carefully removed. The wound was thoroughly cleaned and the young seal was given a

course of antibiotics, vitamins, probiotics, pain meds, good food and warm rest. A week later, having regained movement in the flipper, he was ready to go home.

RESPECT WILDLIFE

Discarded fishing gear remains a significant threat to all marine life, not only in harbours but wherever recreational fishing takes place.

The SPCA urges all fishermen to enjoy their pastime responsibly and to take their discarded fishing tackle with them again when they go home or to dispose of it properly in bins, not throwing it in the sea where it could well become a life-threatening problem for a host of other marine wildlife.

Die reeks, wat in die gewilde Overbergse stranddorp Struisbaai verfilm is, begin Donderdag 27 Julie om 20:00 op kykNET. Kykers het in 2013 vir die eerste keer aan die *Kokkkedoor*-tafel kom

ALLES IN VLAMME, OP KOLE OF BINNE-IN AS VOORBEREI

sit en oor die jare het nog familieledede van die reeks (*Koekedoor*, *Kokkedoortjie* en *Koekedoortjie*) geurrryke vermaak verskaf.

ONTHOU- EN KINKELBRAAIRS
Vir *Kokkedoor Vuur & Vlam* gaan deelnemers alles in die vlamme, op die kole, binne-in die as of op die rooster moet voorberei, terwyl die bekroonde sjef Bertus Basson en

braaighoeroe Kobus Botha op soek is na die perfekte kombinasie van ’n onthoubraaier en kinkelbraaier. ’n Onthoubraaier het nie formele sjefopleiding en professionele ondervinding nie, maar hul hart klop warm vir tradisionele kos. Hulle word gekies vir hul vernuf as ’n huiskook en hul kennis van onthoukos. Kinkelbraaiers word gekies vir hul kwalifikasies en/of hul ondervinding in ’n erkende restaurant of professionele kombuis. **■ Kokkedoor Vuur & Vlam begin op Donderdag 27 Julie om 20:00 op kykNET (DStv-kanaal 144).**

Die vyf deelnemers van die noordelike voorstede:

MANDRE CAMPHER (22), LOEVENSTEIN (KINKELBRAAIER)
Sy spoggerige résumé is gevul met internskappe by JAN, La Colombe en die Leeu Collection. Hy was boonop die wenner van Kookpunt, ’n finalis in Sjeffhuis (albei op VIA) en onder die topdrie van One and Only se Reaching for Young Stars-kompetisie.

LARA VAN HEERDEN (25), BELLVILLE (KINKELBRAAIER)
Lara het BSc mikrobiologie studeer, maar ná twee jaar besluit om eerder haar droom van sjefwees na te jaag. Vandag leef sy die droom by JAN Innovation Studio, waar sy met geure speel om iets nuuts te skep. Sy is die wenner van Kookpunt en het ook die derde plek behaal in Sjeffhuis op VIA

NATE SMITH (48), DURBANVILLE (ONTHOUBRAAIER)
Nate is die mede-eienaar van DNA Café in Kuilsrivier, wat een van die eetplekke was wat in die tweede seisoen van kykNET se In die Sop-reeks opgeknap is. Die DNA staan vir Duke, Nate en Adele (Nate se vrou). Duke is intussen oorlede en die restaurant is sy nalatenskap aan Nate en Adele.

KEVIN REED (24), BRACKENFELL (KINKELBRAAIER)
Kevin is ’n voormalige landbouskoolleerder, rugbyspeler en talentvolle sjef wat al op ’n jong ouderdom wys hy is ’n uitblikker. Op 24 het hy reeds sy sjef-kwalifikasie verwerf en is hy ook ’n mede-aanbieder van die kosprogram Spyskaart op SABC2. Kevin het Sjeffhuis op VIA gewen.

LARA VAN DER MERWE (23), DURBANVILLE (ONTHOUBRAAIER)
Lara het ’n BSc-graad in voedselwetenskap. Haar braai-ervaring is redelik beperk, maar Kokkedoor is vir haar ’n kans om haar vaardighede en kwalifikasie te beproef en te bewys.

Scores spend time to rise against hunger

GrandWest staff got involved with the Rise Against Hunger packing effort as part of Mandela Day and donated R218 880 to Rise Against Hunger on Friday 14 July. Rise Against Hunger coordinates the packaging and distribution of non-perishable food throughout the year, but Mandela Day is an important day for them. Many companies use this event to do their 67 minutes for Mandela. They donate a given amount for the cost of the food and then send staff to help package it. Several schools also assisted with the packing: Valhalla High, Elswood High, Bellville South High, Excelsior High, AZ Berman High and Beacon Hill High. 15 Learners from each school have been invited to participate in the meal packing activation.

GROW A GLOBAL MOVEMENT
Dayne Myles, regional manager of Rise Against Hunger, said that their mission is to grow a global movement to end hunger. Mandela’s vision of making every day a Mandela, or volunteering, day is very much aligned with this mission, which is to get people actively involved in serving however they can, even if for only 67 minutes. “It has been a specifically impactful day for our

organisation as throughout the month, corporate South Africa has taken up the challenge to get involved – as a result, we pack more meals in July than any other month, with 500 000 being packed in the Western Cape alone,” Myles said. The packed meals go to early childhood development (ECD) centres as part of their ECD Connect programme. “Our ECD connect programme empowers ECDs with a daily meal but also assists them on the road to becoming government-compliant and therefore fully registered entities. In this way, we try to ensure that as many children under the age of six as possible are off the street in a place of education, whilst receiving a daily nutritiously balanced meal,” Myles said. Myles added that GrandWest’s donation and ongoing support of Rise Against Hunger is mind-blowing. “They have not only given us a venue large enough to accommodate the over 1 000 people packing with us but have bent over backwards to accommodate and assist us however they are able within their resources. Myles added that GrandWest’s staff planned to pack almost 50 000 meals on Mandela Day.

Your TV, mattress and kitchen cutlery do not belong in sewers

Tyres, rags, clothes, buckets full of teaspoons and forks, and even a TV and car parts are some of the weird and not-so-wonderful things removed by the City’s water and sanitation directorate to clear Cape Town’s blocked sewer pipes. Over the past financial year (July 2022 to June 2023) the City has spent about R417 million to help reduce and tackle blockages in Cape Town’s sewer system. This includes both proactive measures, such as the City’s Winter Preparedness programme to jet clean the sewer pipelines, and reactive cleaning costs, to clear sewer blockages as a result of illegal dumping and misuse of the sewer system. Recently spoons and forks were removed from a sewer in Mfuleni. Also, on Wednesday 21 June, a mattress was pulled out of the sewer in Lavender Hill using specialised cleaning equipment. About four hours of effort through machine and manpower was required to manoeuvre and then extract the mattress from the sewer manhole.

NEED TO KNOW
What to know about dumping waste into sewer drains, flushing toilets and pouring things down kitchen sinks: ■ Illegal dumping into sewer infrastructure is a city-wide problem, and all of us – residents and the City – need to work together to help keep our sewers clear from blockages. ■ The City’s water and sanitation teams clear and clean over 300 sewer blockages and overflows a day as a result of this problem. ■ About 85% of these cases are the result of the misuse of the sewer system where items such as rags, feminine hygiene products, builders’ rubble, litter, fats and oils, and most recently, a mattress and cutlery, are illegally dumped into manholes or enter the system via sinks or by being flushed down toilets. The City has even removed a TV and car parts from our sewer lines. These waste items should not be in the sewer network, so when they are,

Cutlery that were removed from sewers in Cape Town. they cause sewers to overflow into our streets. ■ The City’s proactive efforts to help clear sewer blockages includes jetting the sewer pipes. Increased investment in pipe replacement is another effort the City has taken to reduce blockages. The City also runs education and awareness campaigns about illegal dumping into the sewer system, including our Bin it, Don’t Block It Campaign. (Leaflets are available in English, Afrikaans and Xhosa.) “We all need to be mindful of what we do with our waste. Our toilets, sewer pipes and drains should not be treated like dirt bins or wishing wells. Waste that gets into the sewer pipe will block it and put strain on and damage the infrastructure related to the conveyance and treatment of sewage across the city such as pump stations which are very costly to repair. “While the City is actioning proactive measures to help reduce overflows, we also appeal to residents and community leaders to use the available resources on the City’s website to join in efforts to raise awareness about this issue and what all of us can do to prevent sewer blockages. The reality is the City cannot practically police what residents flush down the toilet or wash down their sinks, or put into drains, so it is up to communities to take responsibility. Let us work together to prevent sewer blockages,” said Mayco member for water and sanitation, Zahid Badroodien.

HIV/Aids medicine explained

NOMBEKO MPONGO,
DESMOND TUTU
FOUNDATION

Allow me to take you back step by step in understanding ARVs:

Post Exposure Prophylaxis (PEP)

PEP is the process of preventing HIV within 72 hours after the exposure. The first step is to go to any medical facility near you. When you arrive there, you go through counselling and testing before you are given the pills for you to take for 28 days.

These pills are ARVs. They are in this case used for a short period of time to prevent HIV after the exposure. You are not allowed to just take them without medical procedures.

Pre-Exposure Prophylaxis (PrEP)

PrEP refers to the process of preventing HIV prior the exposure. There are many facilities in our communities where one can access PrEP.

Desmond Tutu Health Foundation has PrEP projects too depending on certain age groups. PrEP pills are ARVs. They can be taken for as long as one thinks that there is a possible exposure due to many reasons.

You cannot take PrEP today and be

exposed on the same day and think that you are going to be protected.

The health care worker providing you with PrEP will take you through the process step by step.

We currently have PrEP pills in South Africa. There are two other PrEP products approved but not available in the clinics. I have read lots of comments in Facebook posts where people were demanding PrEP injections.

That is something very positive to think about. But hey; it is not available yet.

You will learn about availability in some other week when we take you

through the process of access to medicines.

This availability applies to the vaginal ring called Dapi ring that is also approved to prevent HIV. The Dapi ring is inserted in the vagina to prevent HIV. You must remember that not everything is 100%. This means that one needs to adhere or follow instructions carefully.

ARVs for HIV management:

I am using the word management here because many people living with HIV do not have any symptoms and so are not feeling sick.

I came to understand that some people fail to take treatment when they

are not feeling sick and thus leading to medicines failing to work for them.

ARVs are mostly used to prevent HIV from progressing to Aids. You see, we are talking about HIV management for someone who is already infected with HIV. It is because HIV is unique and therefore managed in many ways.

When you take treatment very well in so much that your managing health care worker tells you that the levels of HIV in your system are not measurable, you have very limited chances of transferring HIV to your partner.

In research we call this TASP,

meaning Treatment As Prevention.

In the common language currently used in the community there is U=U, meaning undetectable equals to uninfected.

I am hoping that I have cleared a lot of confusion around the reasons why ARVs are taken by both HIV uninfected and infected individuals.

Be on the lookout for the next article where we will be talking about access to medicines.

Putin backdown 'a painful lesson' for SA

economic diplomacy.”

She said the country's stance had caused a headache for the US, in light of the global power dynamics.

“I doubt that BRICS allies would take unkindly to SA's stance. In politics there are no permanent friends, nor permanent enemies. Foreign policy is similarly going to shift and change depending on the global power dynamics.”

Justice and Correctional Services Minister Ronald Lamola meanwhile said the government was looking at amending the Implementation Act to address the way South Africa's membership of the ICC was domesticated.

He was responding to EFF MP Vuyani Pambo, on whether he was intending to introduce a bill with the aim of withdrawing South Africa's participation in and membership of the ICC. Lamola said there was currently no intention to introduce such a bill.

“We will look at amending the implementation act to address the manner in which it is domesticated,” he said.

Director at the School of Public Leadership at Stellenbosch University, Professor Zwelinzima Ndevu, said the events leading up to the confirmation that Putin would not be attending the summit have been characterised by confusion, misunderstanding and different interpretation of the SA-ICC membership responsibility.

“This must have embarrassed the government, especially if an important member of the BRICS is discouraged from attending due to what could be termed Western influence.

“This requires the government to reflect on its current policy position.

“Once the hype about Putin dies down, there will be no need for the government to worry about reviewing its membership of ICC.”

Political analyst Siphoo Seepe said: “This has been a painful lesson for South Africa.

“The current factional leadership was obsessed with its intense dislike for the Zuma administration. Instead of learning from the Al-Bashir saga, it preferred to play to the gallery. Little did it know that history repeats itself.

“It now found itself facing the same challenge. Minister Lamola is accordingly asked to review South Africa's position with a view of avoiding a similar situation where the ANC government could find itself in an embarrassing position.”

Urgent need for alternative banking system

MWANGI GITHAHU
mwangi.githahu@inl.co.za

MINISTER in the Presidency for Women, Youth, and Persons with Disabilities Dr Nkosazana Dlamini Zuma believes the SA banking system was one of most concentrated in the world, forcing many to “kneel before five banks”.

She made the remarks when delivering the keynote address at the 9th BRICS Youth Summit in Durban, saying South Africa and the global south in general urgently needed an alternative public banking system.

“We currently have a structural problem of a banking industry that is not only greatly concentrated and monopolised, but also in many ways does not serve our interests.

“For example, in South Africa we are forced to kneel before five banks. This represents some of the most concentrated banking systems in the world. The greater concentration of banking to the big five has clearly undermined accountability, hindered development, stifled competition and passed on the cost burden to citizens.”

Dlamini Zuma said that without control over finance and banking, only those projects that converged with private interests would be funded while the interests of the communities would take a back seat.

An extensive report tabled before Parliament last year found that South Africa had the highest level of concentration in the banking sector, relative to countries such as Brazil, Australia and Nigeria.

The Competition Commission's report, Measuring Concentration and Participation in the South African Economy: Levels and Trends, painted a bleak picture of five commercial banks controlling the country's banking sector. It found that the banking sector was still dominated by Standard Bank, Absa, FNB and Nedbank.

At the same time as Dlamini Zuma was speaking in Durban, in the UK

the government has put banks in the spotlight for discriminating against certain customers and closing clients' bank accounts with little or no notice.

The *Financial Times* reported that British ministers were drawing up plans to force the banks to give customers more notice, and clearer explanations, before dropping them as clients.

The ministers are reportedly also considering changing regulations so lenders could lose their banking licence if they discriminated against a customer for their political views.

According to the *FT*, the action by the British ministers came after former UKIP and Brexit Party leader Nigel Farage was dropped by Coutts, a bank owned by the taxpayer-backed NatWest Group.

Farage was considered a politically exposed person. The British paper, the *Guardian*, reported that those given this designation by the banks were typically political representatives and their family members, whose accounts could be treated with extra due diligence by financial institutions.

The *FT* reported: “Coutts' decision, which has also drawn the scrutiny of financial regulators, prompted (PM) Sunak to tell parliament that it ‘wouldn't be right if financial services were being denied to anyone exercising their right to lawful free speech’.

Suella Braverman, the British home secretary, dubbed the decision “sinister”.

In recent times, South African banks have also been in trouble over closing client accounts without notice, according to data released by the Ombudsman for Banking Services.

The Ombudsman for Banking Services (OBS) Reana Steyn reported that many of the complaints received and resolved by the OBS related to, among other issues, closure of bank accounts and repossessions.

In 2021, the OBS opened a record 8 257 complaints, a 7% increase from 2020 and a 28% increase from the number of cases opened in 2019.

Clean slate for people with Covid-19 State of Disaster criminal records

MAYIBONGWE MAQHINA
mayibongwe.maqhina@inl.co.za

PEOPLE who were fined for infringement of the Covid-19 State of Disaster regulations will soon have their criminal records expunged – once amending legislation was passed by Parliament and then signed into law.

This was according to Justice and Correctional Services Minister Ronald Lamola in response to parliamentary questions from IFP MP Temba Msimang.

Msimang asked by what date the criminal records would be wiped out,

as tens of thousands of people who were fined for infringements of disaster regulations were restricted from continuing with several aspects of their lives.

Lamola said the Judicial Matters Amendment Bill was currently under deliberation by the National Assembly committee on justice and correctional services. The bill was approved by Cabinet for introduction to Parliament. It was also referred to the committee on March 30 and underwent public hearings and submissions.

“The offence must be a statutory offence punishable with a fine, with

TRIBUTE
Life and times of iconic dance teacher Veronica Williams celebrated

ATHANDILE SIYO
athandile.siy@inl.co.za

THE LIFE and times of “phenomenal dance teacher” Veronica Williams will be celebrated in two separate events this weekend.

Williams, who died in October last year at the age of 79, will be posthumously honoured with an honorary doctoral degree of music by UCT today, followed by a tribute to her life at the Baxter Theatre Centre on Saturday.

She is one of only four who will receive doctoral degrees at the ceremony held at the Sarah Baartman Hall on the upper campus.

Williams was the founder of The Wilvan School of Ballet, which later became known as The Wilvan School of Dance.

Although it later closed in 2013 due to funding challenges, Zenariah Barends, who was one of the first students at the age of six years, said the impact Williams had on her and other young girls' lives was immeasurable.

“The dance school was a place of inclusivity at the time of apartheid for mainly young girls around the Cape Flats. The first offering was ballet.

“Her students were entered for examinations in ballet and Spanish dancing.

VERONICA WILLIAMS

“The dance school had an impressive pass rate, with many pupils achieving honours despite the less than optimum conditions that they had to practise in.

“This was all due to her unwavering strength, commitment and values that she taught.

“The school became a place of safety where young girls learnt to pride themselves in who they are, courage and skills.”

Barends completed her Master's degree at Wilvan. Her research title was “Inclusive innovation in a time of repression: the case of the Wilvan School of Dance”.

She said Williams was politically conscious and students became politically aware of the oppressive system of apartheid, which was demonstrated through their dance productions especially post-1976.

Barends added that Williams lived a life that inspired generations.

Kizzy-Marlene Petersen, who was also one of the first students, said Williams was a distant relative of hers.

“I was also amongst the first people in the school.

“In terms of my socio-economical being, she played a huge role. Veronica was instrumental, really, in shaping who we are and we are so proud and blessed to have known and be in her presence.

“These events are hugely emotional. Her passing hit hard. This commemoration makes her passing real,” she said.

GOOD decries 'failed electoral processes' following bruising by-election defeat in George

SIPHOKAZI VUSO
siphokazi.vuso@inl.co.za

THE DA and the Patriotic Alliance (PA) have snatched three wards from the GOOD Party in by-elections held in George this week.

The hotly-contested by-elections saw the DA winning Ward 16 and Ward 27, and the PA winning Ward 20.

The vacancies in the wards were a result of the resignation of two councillors, all from the GOOD Party.

DA provincial leader Tertius Simmers said the party prevailed despite attempts by opposition parties to “derail their campaign”.

“The voters of New Dawn Park, Pacaltsdorp and surrounds, held fast and were impervious to undue influence and fake news by the opposition.

“Residents chose to vote for good governance and service delivery. These

wards are now in the capable hands of Theresa Jeyi and Marchell Kleynhans, and we are confident that they will serve their respective communities with passion and integrity,” he said.

PA spokesperson Steve Motale thanked voters and said that they wanted allegations levelled against the DA to be looked into.

“It is clear that the momentum of the PA continues as we grow our numbers and support. Most importantly, we wish to thank each and every voter who put their trust in the PA. These elections will, however, also be remembered for the aspersions cast on the DA of electoral fraud. We could not care if the DA did try to lie. Serious questions will have to be asked about the manipulation of the voters roll and the allegations made by GOOD of the DA registering voters who live outside the ward they should be voting

in. We call on the IEC to exercise basic common sense when auditing voters rolls,” Motale said.

GOOD Party secretary-general Brett Herron said the systems developed to protect the integrity of South Africa's democratic electoral processes failed the people of George.

“GOOD submitted evidence to the IEC five days before the by-elections, demanding that the by-elections be postponed until the voters roll had been investigated and cleansed. But the IEC responded that the information was received too late to be considered, and the Electoral Court appeared to agree.”

IEC provincial electoral officer Michael Hendrickse thanked voters that came out despite the inclement weather from the three wards, to vote and participate in choosing their representative.

Robert Sobukwe-hospitaal in Kimberley: Operasies kan voortgaan ten spyte van waterkrisis

Dr. Boshoff: "Groot kommer ontstaan toe probleme met watervoorsiening vrese laat ontstaan het dat noodsaaklike operasies nie gedoen kan word nie..."

Dr. Wynand Boshoff VF Plus-LP en provinsiale leier: Noord-Kaap skryf:

Gerugte van watertekorte by die Robert Sobukwe-hospitaal in Kimberley wat lewensgevaarlik vir pasiënte is, blyk onwaar te wees en die hospitaal doen teweens veel om seker te maak daar is voldoende water.

Mense van regoor die Noord-Kaap word na dié hospitaal vir veeleisende operasies verwys. Daarom het groot kommer ontstaan toe probleme met watervoorsiening vrese laat ontstaan het dat noodsaaklike

operasies nie gedoen kan word nie.

Met 'n ter plaatse ondersoek kon die VF Plus self vasstel dat alle teaters wel in werkende toestand is.

Nadat die party in kennis gestel is dat twee vroue wat keisersneë vereis weens 'n watertekort nie geopereer kan word nie, is navraag tot die waarnemende uitvoerende hoof, dr. Vincent Tsolo, gerig.

Hy het die versekering gegee dat alle behandeling wel kan voortgaan en het die VF Plus genooi om die hospitaalkompleks

self te besoek.

Raadslid Kobus van den Berg was binne 'n uur daar en is deur dr. Tsolo en sy afdelingshoofde deur die hospitaal geneem. Dit was duidelik dat daar wel waterprobleme is wat aandag geniet, maar ook dat alle teaters wel water het.

Die spesifieke pasiënte wat onder die VF Plus se aandag gebring is, is weens kliniese faktore nog nie geopereer nie.

Aangesien gesondheid vir almal belangrik is, verwelkom die VF Plus die hospitaal se deursigtige benadering tot die probleem.

Die Departement van Bosbou, Visserye en die Omgewing (DFFE) verag van Eskom Holdings SOC Ltd (Eskom) om volmag te gee vir die onderneming van 'n Impakassessering van Klimaatsverandering (CCIA) en 'n hersiening van die assesseringsverslae ten opsigte van Omgewingsimpakstudie (OIS) in reaksie op die appèl verleen teen die omgewingsmagtiging wat op 11 Oktober 2017 vir die voorgestelde ontwikkeling van die Nuclear-1-projek by Duynefontein verleen is. Executive summaries of the CCIA and Review Report are attached for your information.

The Review Report and CCIA for the Nuclear-1 Project are available for public review and comment until 23 August 2023.
