Proposed Upgrade of Two Existing Ash Dams and the Construction of Two Rehabilitation Dams at the Majuba Power Station's Ash Disposal Facility, Mpumalanga

E-mail notification

30 July 2020

**NOTICE OF ENVIRONMENTAL AUTHORISATION FOR THE NEW AND EXTENDED ASH DAMS AT
ESKOM MAJUBA POWER STATION (DEA Ref No.: 14/12/16/3/3/3/229)**

Dear Interested and/or Affected Party,

This notification serves to inform the Interested and Affected Parties (I&APs) of the Department of Environmental Affairs (DEA) decision to grant Eskom Holdings SOC Ltd (Eskom) permission to construct two new Rehabilitation Dams (RD) and to upgrade/extend two existing ash dams (AD). These dams are used for the purposes of storm water management at the ADF area. Approval was granted on 24 July 2020 (DEA Ref No.: 14/12/16/3/3/3/229) and received by the Eskom (applicant) on 27 July 2020. A copy of the authorisation is attached as **Appendix 1** of this notification.

The decision was made by the National Department of Environmental Affairs (DEA) in terms of National Environmental Management Act (NEMA Act 107 of 1998, as amended) and the National Environmental Management Waste Act (NEMWA Act 59 of 2008). The authorisation was based on the process that entailed:

- An application for Integrated Environmental Authorisation in terms of the National Environmental Management Act (NEMA Act 107 of 1998, as amended) and the National Environmental Management Waste Act (NEMWA Act 59 of 2008) from the National Department of Environmental Affairs (DEA).

In terms of the above legislation, the project was subjected to a Scoping and Environmental Impact Assessment (EIA) which included a Public Participation Process (PPP), for which you were identified and registered as Interested and/or Affected Party (I&AP). Draft documents were made available for public review for a period of 30 days and comments from I&APs and stakeholders were incorporated into the final submissions.

Please find the Competent Authority (DEA) reasons for making this decision on Annexure 1 of the attached EA.

Should you wish to lodge an appeal against this decision, your attention is drawn to Chapter 2 of National Environmental Management Act (NEMA) Act No 1998, National Appeal Regulations published under GN R993 in Government Gazette No. 38303, dated 8 December 2014, which prescribes the appeal procedure to be followed. A copy of the National Appeal Regulations is attached to this letter as **Appendix 2**. You can submit the appeal within 20 days of this notification. Appeals must be submitted to the Appeal Administrator, with a copy of your appeal to Eskom on email molepome@eskom.co.za or bokwett@eskom.co.za, the registered I&APs and any organ of state with an interest in the matter.

Appeals must be submitted in writing in the prescribed form to:

The Director: Appeals and Legal Review, Department of Environmental Affairs

By e-mail to: appeals@environment.gov.za

By hand to: Environmental House, 473 Steve Biko, Arcadia, Pretoria, 0083

Or by post to: Private Bag X447, Pretoria, 0001

To obtain the prescribed appeal form and guidance on the submission of appeals, please visit DEA website at https://www.environment.gov.za/documents/forms#legal_authorisations or request a copy of the documents at appeals@environment.gov.za.
