Dear Interested and Affected Party,

Please find herewith attached notification that an additional listed activity has been added to the EA application form for the Eskom Grootvlei Power Station PV installation. Those wishing to register as an I&AP should please do so before the **30<sup>th</sup> of January 2013** (unless an extension is agreed upon with EIMS). The new listed activity reflects the change in scope of the project to utilise a portion of an existing ash disposal site (located on the south east corner of the property) that was previously not included in the project scope. Registered I&APs will be given an opportunity to review and comment on the Basic Assessment report prior to it being submitted to the Competent Authority for decision making.

Please do not hesitate to contact EIMS if you have any queries or concerns.

Dear Interested and Affected Party,

Please find herewith attached notification that an additional listed activity has been added to the EA application form for the Eskom Grootvlei Power Station PV installation. Those wishing to register as an I&AP should please do so before the **30<sup>th</sup> of January 2013** (unless an extension is agreed upon with EIMS). The new listed activity reflects the change in scope of the project to utilise a portion of an existing ash disposal site (located on the south east corner of the property) that was previously not included in the project scope. Registered I&APs will be given an opportunity to review and comment on the Basic Assessment report prior to it being submitted to the Competent Authority for decision making.

Please do not hesitate to contact EIMS if you have any queries or concerns.

Regards,

**Zizo Siwendu**
