NINHAM SHAND CONSULTING SERVICES LTD.

ENVIRONMENTAL IMPACT ASSESSMENT - PROPOSED COAL-FIRED POWER STATION AND ASSOCIATED INFRASTRUCTURE IN THE WITBANK AREA, MPUMALANGA

In terms of Regulation 4(1) of the National Environmental Management Act (Act No. 73 of 2002), environmental impact assessments are required for developments that may have significant environmental impacts. This proposed power station will have a significant impact on the environment. It is therefore required that an environmental impact assessment process be followed. Ninham Shand can be contacted on Tel: 012-421 2000 Fax: 012-421 1510 or e-mail: info@nshand.co.za.

The environmental impact assessment process will involve the following:

- The identification of potential environmental impacts associated with the proposed power station and associated infrastructure in the Witbank area of Mpumalanga.
- The preparation of an environmental impact statement (EIS) for submission to the relevant environmental authority.
- The preparation of a draft environmental impact statement (EIS) for public comment.
- The preparation of a final environmental impact statement (EIS) for submission to the relevant environmental authority.
- The preparation of a mitigation plan to address any significant environmental impacts identified during the process.
- The preparation of a post-implementation monitoring plan to ensure that any environmental impacts identified during the process are effectively managed.

A detailed environmental impact statement (EIS) is available on request, and contains the proposed site location as well as the "Environmental Impact Assessment process to be followed." All relevant information contained in the EIS will be provided in a written format, and can be obtained by contacting Ninham Shand in writing, or by telephoning 012-421 2000 or e-mailing info@nshand.co.za.

ENVIRONMENTAL IMPACT ASSESSMENT - PROPOSED COAL-FIRED POWER STATION AND ASSOCIATED INFRASTRUCTURE IN THE WITBANK AREA, MAPUMALANGA

The proposed power station has been identified by Eskom, as a project of national significance, due to its capacity to provide base load capacity to meet the projected increase in electricity demand nationally. Ninhham Shand Consulting Services has been appointed to undertake the required environmental impact assessment process. Ninhham Shand can be contacted on Tel: 021-401 200 Fax: 021-424 5500 or email: karen@nshand.co.za or lindine@nshand.co.za.

A Background Information Document (BID) is available on request and describes the proposed project as well as the Environmental Impact Assessment process to be followed. Alternatively, the BID can be accessed on the Eskom project website (www.eskom.co.za/coal). A notice of public meetings, which will be advertised in the media, are planned for July 2006 and November 2006. In order to ensure that you are identified as an interested and/or affected party, and receive specific notification of the public meetings, please submit your comments/concerns to the contact information given above, within 14 days of publication of the advertisement.

PROPOSAL FOR THE EXPANSION OF THE NINHAM SHAND CONSULTING SERVICES

In terms of Regulation 4(6) of the Electricity Control Act, No. R. 1183, as amended, under Section 2(6) of the Environment Conservation Act (Act No. 73 of 1989), of the intention to carry out the following activity:

"The construction of a coal-fired power station and associated infrastructure in the Witbank area of Mapumalanga."

Eskom has determined that it is necessary to expand its existing infrastructure in the Witbank area to meet the projected increase in electricity demand nationally. Ninhham Shand Consulting Services has been appointed to undertake the required environmental impact assessment process. Ninhham Shand can be contacted on Tel: 021-401 200 Fax: 021-424 5500 or email: karen@nshand.co.za or lindine@nshand.co.za.

A notice of public meetings, which will be advertised in the media, are planned for July 2006 and November 2006. In order to ensure that you are identified as an interested and/or affected party, and receive specific notification of the public meetings, please submit your comments/concerns to the contact information given above, within 14 days of publication of the advertisement.

URUGUNYANELODEEPENKOOI OMGEVINGSAFSTEENSTELLE EN KONSTRUKTIE VAN WITBANK, MAFUMALANGA

**ENVIRONMENTAL IMPACT ASSESSMENT:
PROPOSED COAL-FIRED POWER
STATION AND ASSOCIATED
INFRASTRUCTURE IN THE WITBANK
AREA, MPUMALANGA**

Notice is given in terms of Regulation 4(6) of the regulations published in Government Notice No. R. 1183, as amended, under Section 26 of the Environment Conservation Act (Act No. 73 of 1989) of the intention to carry out the following activity:

* The construction of a coal-fired power station and associated infrastructure in the Witbank area of Mpumalanga Province. The proposed power station has been identified by Eskom as a means of providing base load capacity to meet the projected increase in electricity demand nationally. Ninhham Shand Consulting Services has been appointed to undertake the required environmental process. Ninhham Shand can be contacted on Tel: 021 481 2501, Fax 021 424 5588 or enviro@shands.co.za attention Lindwe Galka or Karen Shippey.

A Background Information Document (BID) is available on request and describes the proposed project as well as the Environmental Impact Assessment process to be followed. Alternatively, the BID can be accessed on the Eskom project website (www.eskom.co.za/eia). A series of public meetings, which will be advertised in the media, are planned for July 2006 and November 2006.

In order to ensure that you are identified as an interested and/or affected party and receive specific notification of the public meetings, please submit your name, contact information and comments/concerns to the contact persons given above within 14 days of publication of this advertisement.
