

IMPACT PHASE  
Re-submission Notification

19 February 2019

Dear Stakeholder,

---

**PROPOSED RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED  
INFRASTRUCTURE NEAR RICHARDS BAY, KWAZULU NATAL PROVINCE**  
**DEA REF: To be Issued**  
**NOTIFICATION OF RE-SUBMISSION OF APPLICATION FOR ENVIRONMENTAL AUTHORISATION**

---

The development of the Richards Bay CCPP project requires that an Application for Environmental Authorisation (EA) be submitted to the National Department of Environmental Affairs (DEA) as the Competent Authority (CA), in accordance with the National Environmental Management Act (No. 107 of 1998) (NEMA) and the provisions of the 2014 Environmental Impact Assessment (EIA) Regulations, as amended on 07 April 2017, published in GNR 324 to GNR 327. In terms of the EIA Regulations 2014, as amended in April 2017, a Scoping and EIA study is required to be undertaken for the project.

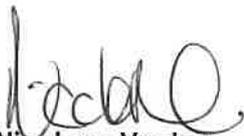

As a registered Interested and Affected Party (RI&AP) you and/or the organization which you represent, would have received notification in June 2018 regarding the status of the Environmental Authorisation (EA) application for the above-mentioned project, as follows:

- that the Scoping Report and Plan of Study for Environmental Impact Assessment (EIA) was submitted to the Department of Environmental Affairs (DEA) in October 2017;
- that the Scoping Report was accepted and the Plan of Study for EIA was approved by the DEA in November 2017;
- that a study for an Offset Strategy for biodiversity and wetlands was initiated by independent specialists;
- as a result of the above-mentioned study, a request for an extension of the EIA timeframe accordance with Section 3(7) of the EIA Regulations, 2014, as amended was submitted to the DEA; and
- the DEA did not approve an extension, and therefore, the application lapsed in March 2018.

In light of the above, as a RI&AP, you and/or the organization which you represent, are hereby notified that it is the intention of Eskom to resubmit the application to continue at the initiation of the Environmental Impact Assessment Phase, in accordance with Regulation 21(2)(a) of the EIA Regulations 2014, as amended, since the findings of the scoping report remain valid and the environmental context has not changed.

The release of the draft EIAr (DEIAR) will be communicated to you and/or the organization that you represent in due course and we look forward to your participation in this proposed project.

Kind regards,

**Nicolene Venter**

**Public Participation and Social Consultant**

Dear Stakeholder,

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlatuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

This e-mail serves to inform you as a registered Interested and Affected Party (RI&AP) and/or the organisation which you represent, that it is Eskom's intent to re-submit the application for Environmental Authorisation to continue at the initiation of the Environmental Impact Assessment Phase.

The attached letter will provide you with more information regarding the re-submission of the application for Environmental Authorisation.

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards,

**Nicolene Venter**

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

INVITATION TO PUBLIC MEETING

and

NOTIFICATION OF AVAILABILITY OF ENVIRONMENTAL  
IMPACT ASSESSMENT REPORT FOR REVIEW AND  
COMMENT

18 March 2019

Dear Interested and Affected Party,

**PROPOSED RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED  
 INFRASTRUCTURE NEAR RICHARDS BAY, KWAZULU NATAL PROVINCE  
 DEA REF: To be Issued**

---

**INVITATION TO PUBLIC MEETINGS and NOTIFICATION OF AVAILABILITY OF THE DRAFT ENVIRONMENTAL  
 IMPACT ASSESSMENT REPORT FOR REVIEW AND COMMENT**

---

This letter serves to cordially invite you to attend any one (1) of the two (2) Public Meetings to be held on:

	<b>PUBLIC MEETING #1</b>	<b>PUBLIC MEETING #2</b>
<b>DATE</b>	Tuesday, 26 March 2019	Wednesday, 27 March
<b>TIME</b>	18h00	10h00
<b>VENUE</b>	Premier Hotel The Richards 3 Hibberd Drive RICHARDS BAY	Auditorium Empangeni Public Library Cnr Union and Maxwell Street EMPANGENI

The Public Meeting is part of the Environmental Impact Assessment (EIA) process being undertaken by Savannah Environmental for the proposed development of the Richards Bay Combined Cycle Power Plant (CCPP) Project in Richards Bay.

The purpose of the Public Meeting is to provide you, as an interested and affected party, with:

- a brief background of the proposed project;
- an overview of the Impact Assessment process followed;
- feedback on the key environmental findings as documented in the Environmental Impact Assessment Report (EIAR);
- an opportunity to raise any additional comments and/or concerns not yet raised; and
- an opportunity to liaise with the project team members.

To ensure that sufficient seating is provided, we kindly request you to please complete the attached registration form (Appendix A) and submit it to the public participation office at the e-mail address provided below, before or on **Friday, 22 March 2019**.

We encourage you to attend the Public Meeting and to participate in the Public Participation Process during the impact phase of the EIA and would like to thank you in anticipation of your active and meaningful contribution to the EIA process.

**NOTIFICATION OF AVAILABILITY OF DRAFT ENVIRONMENTAL IMPACT ASSESSMENT REPORT FOR REVIEW AND COMMENT**

We herewith inform you that the draft Environmental Impact Assessment Report (DEIAR) will be available for your review and comment from **Sunday, 24 March 2019** to **Friday, 26 April 2019** at the following public places:

<b>VENUE</b>	<b>ADDRESS</b>	<b>CONTACT DETAILS</b>
Richards Bay Public Library	No 5 Kruger Rand Road, Richards Bay	035 907 5846

Subject: INVITATION TO PUBLIC MEETING and NOTIFICATION OF DRAFT EIAR AVAILABILITY: Richards Bay Combined Cycle Power Plant Project

Body: Dear Interested and Affected Party,

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlathuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

This e-mail serves to invite you to the Public Meeting to be held on:

**Public Meeting #1:**

**DATE:** Tuesday, 26 March 2019

**TIME:** 18h00

**VENUE:** Premier Hotel The Richards, 3 Hibberd Drive, Richards Bay

and

**Public Meeting #2**

**DATE:** Wednesday, 27 March 2019

**TIME:** 10h00

**VENUE:** Auditorium, Empangeni Public Library, Cnr Union & Maxwell Street, Empangeni

Please find attached your invitation letter and registration form.

**NOTIFICATION OF AVAILABILITY OF THE DRAFT ENVIRONMENTAL IMPACT ASSESSMENT REPORT FOR REVIEW AND COMMENT**

Richards Bay Combined Cycle Power Plant Project  
>

Dear Interested and Affected Party,

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlathuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

This e-mail serves to invite you to the Public Meeting to be held on:

**Public Meeting #1:**

**DATE:** Tuesday, 26 March 2019

**TIME:** 18h00

**VENUE:** Premier Hotel The Richards, 3 Hibberd Drive, Richards Bay

and

**Public Meeting #2**

**DATE:** Wednesday, 27 March 2019

**TIME:** 10h00

**VENUE:** Auditorium, Empangeni Public Library, Cnr Union & Maxwell Street, Empangeni

Please find attached your invitation letter and registration form.

**NOTIFICATION OF AVAILABILITY OF THE DRAFT ENVIRONMENTAL IMPACT ASSESSMENT REPORT FOR REVIEW AND COMMENT**

Please be informed that the draft Environmental Impact Assessment Report will be available for your review and comment from **Sunday, 24 Maart 2019** to **Friday, 26 April 2019**. More information available in the attached letter.

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards, ■

Dear Wayne,

Thank you for your e-mail below sent to us on behalf of Mr/Ms K Peter.

Please be informed that Savannah Environmental has been appointed by Eskom Holdings SOC Ltd as the independent Environmental Assessment Practitioner responsible only for assessing all environmental impacts (positive and negative) regarding the proposed Combined Cycle Power Plant and Associated Infrastructure in Richards Bay.

Savannah Environmental, therefore is not responsible for facilitating employment opportunities for the proposed development.

Mr/Ms K Peter CV will however be forwarded to the client. Please note that it will be up to the client to make contact should they wish to do so.

Kind regards,

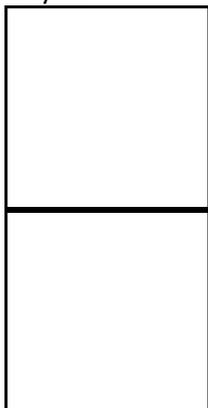

**Nicolene Venter**

Dear Nicolene,

Further to comments raised at the public meeting on 27<sup>th</sup> March 2019.

As previously communicated the query is to do with the site screening considerations and assessment in arriving at the conclusion that site 7 is the preferred site from an environmental perspective.

Please explain why site 4a was deemed to be 'not preferred' with regard to Wetland, Aquatic Ecology, Socio-Economic, Noise and Air Quality. It must be noted that site 4a is approximately 300 hectares in extent and off the floodplain.

Your response will be appreciated.

Regards

Luke Harel

Dear Siphesihle,

We are in the process of finalising the draft minutes of the two public meetings and once ready for distribution, we will send you a copy.

The draft minutes will include a list of attendees (name, surname & organisation).

Siphesihle, according to the project database, Ms Jacolette Adam from Exigent Engineering is a registered I&AP. Would you like to register formally on the project database as a registered I&AP?

Kind regards,

**Nicolene Venter**

Dear Stakeholders,

As was discussed at the Key Stakeholder Workshop (KSW) held on Tuesday, 26 March 2019, this e-mail serves to enquire whether there is a need to hold a 2<sup>nd</sup> engagement to take place by using video conferencing.

It was decided that a decision will be taken after you had an opportunity to review the Environmental Impact Assessment Report (EIAR) and taking the information of the key environmental findings as presented at the KSW into consideration.

Please indicate by return e-mail whether a 2<sup>nd</sup> engagement is required.

Kind regards

**Nicolene Venter**

Dear Mr Smits,

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlathuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

This e-mail serves to invite you to the Key Stakeholder Workshop to be held on:

**DATE:** Tuesday, 26 March 2019

**TIME:** 10h00 - 12h00 (registration from 09h30 to 10h00)

**VENUE:** Richards Bay Environmental Committee Conference Room, 4 Harbour Arterial Road, Old Bayside Smelter (South 32), Richards Bay Industrial Development Zone, Richards Bay

Please find attached our formal invitation letter and registration form.

Should you not be able to attend the Key Stakeholder Workshop, you are most welcome to send a representative to attend the Workshop on your behalf.

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards,

**Nicolene Venter**

Notification of availability of **Revised** Environmental  
Impact Assessment Report for Review and Comment

Sent to all registered I&APs on  
project database

22 July 2019

Dear Interested and Affected Party,

**ENVIRONMENTAL IMPACT ASSESSMENT AND PUBLIC PARTICIPATION PROCESS FOR THE PROPOSED  
RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP), RICHARDS BAY, KWAZULU-NATAL PROVINCE  
(DEA Ref.No.: 14/12/16/3/3/2/1123)**

---

**Notification of the availability of the Revised EIA Report for review**

---

Savannah Environmental (Pty) Ltd is in the process of undertaking the EIA process for the Richards Bay Combined Cycle Power Plant (CCPP) located within Phase 1D of the Richards Bay Industrial Development Zone, KwaZulu-Natal Province.

An EIA Report (revision 0) was made available for the RB CCPP project for a 30-day review period from Sunday, 24 March to Friday, 26 April 2019. The review period of the EIA Report was extended to Friday, 10 May 2019 in order to accommodate various requests from I&APs in terms of extending the review period. All registered I&APs were notified of the extension on Monday, 29 April 2019.

Following the end of the 30-day review period of the EIA Report (revision 0) and through the consideration of all comments received on the EIA Report, the need for the release of a revised EIA Report was identified.

This letter serves to inform you of the availability of the revised EIA Report (revision 1) for review and comment which is made available for a 30-day review period from **Wednesday, 24 July 2019** to **Monday, 26 August 2019**. The report is available for review at the following locations:

- » Richards Bay Public Library (No. 5 Kruger Rand Road, Richards Bay);
- » Empangeni Public Library (Cnr. Union & Maxwell Streets, Empangeni);
- » Savannah Environmental website (<https://www.savannahsa.com/public-documents/energy-generation/>); and
- » Eskom's website:  
(<http://www.eskom.co.za/OurCompany/SustainableDevelopment/EnvironmentallImpactAssessments/RichardsBayCCPP/Pages/default.aspx>).

You are kindly requested to please submit your comments on the revised EIA Report (revision 1) to Savannah Environmental by **Monday, 26 August 2019**.

Please note that comments raised on the EIA Report (revision 0) have been recorded, captured and responded to in the revised EIA Report (revision 0) and you are kindly requested to please submit any comments you may have on the revised EIA Report (revision1), where relevant.

Please do not hesitate to contact me if you require any further information at this stage.

Kind regards,

A handwritten signature in black ink, appearing to read 'Nicolene'.

Subject: Richards Bay CCPP Project: Notification of Availability of Revised EIAR for Review and Comment

Body: **PROPOSED RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED INFRASTRUCTURE NEAR RICHARDS BAY, KWAZULU NATAL PROVINCE**  
(DEA REF: 14/12/16/3/3/2/1123)

Dear Stakeholder and Interested and Affected Party,

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (RB CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlatuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

An EIA Report (revision 0) was made available for the RB CCPP project for a 30-day review period from Sunday, 24 March to Friday, 26 April 2019. The review period of the EIA Report was extended to Friday, 10 May 2019 in order to accommodate various requests from I&APs in terms of extending the review period. All registered I&APs were notified of the extension on Monday, 29 April 2019.

Following the end of the 30-day review period of the EIA Report (revision 0) and through the consideration of all comments received on the EIA Report, the need for the release of a revised EIA Report was identified.

This e-mail serves to inform you that the revised EIAR will be available for your review and comment from **Wednesday, 24 July to Monday, 26 August 2019**.

More information is available in the letter attached to this e-mail notification.

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards,

**Nicolene Venter**

**(DEA REF: 14/12/16/3/3/2/1123)**

Dear Stakeholder and Interested and Affected Party,

With reference to the attached notification letter sent on Monday, 22 July 2019, this e-mail serves as a reminder that the review and comment period on the Revised EIAr will be ending soon. The Revised EIAr can be downloaded from the following websites:

- Eskom Holdings SOC  
Ltd: <http://www.eskom.co.za/OurCompany/SustainableDevelopment/EnvironmentallImpactAssessments/RichardsBayCCPP/Pages/default.aspx>
- Savannah Environmental (Pty) Ltd: <https://www.savannahsa.com/public-documents/energy-generation/richards-bay-combined-cycle-power-plant-ccpp/>

The Revised EIAr is also at the following public places:

- Richards Bay Public Library, No. 5 Kruger Rand Road, Richards Bay; and
- Empangeni Public Library, Cnr Union & Maxwell Streets, Empangeni

The review and comment period for the Revised EIAr was from **Wednesday, 24 July** and will be ending on **Monday, 26 August 2019**.

Thank you to those Stakeholders and Interested and Affected Parties who already submitted their written comment.

For those who had not yet submitted written comments, we kindly request that you do so before or on **Monday, 26 August 2019**, by close of business day.

Kind regards,

**Nicolene Venter**

Subject: REMINDER: Richards Bay CCPP Project: Revised EIAr Review and Comment period ending soon

Body: **PROPOSED RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED INFRASTRUCTURE NEAR RICHARDS BAY, KWAZULU NATAL PROVINCE**  
**(DEA REF: 14/12/16/3/3/2/1123)**

Dear Stakeholder and Interested and Affected Party,

With reference to the attached notification letter sent on Monday, 22 July 2019, this e-mail serves as a reminder that the review and comment period on the Revised EIAr will be ending soon. The Revised EIAr can be downloaded from the following websites:

- Eskom Holdings SOC  
Ltd: <http://www.eskom.co.za/OurCompany/SustainableDevelopment/EnvironmentalImpactAssessments/RichardsBayCCPP/Pages/default.aspx>
- Savannah Environmental (Pty) Ltd: <https://www.savannahsa.com/public-documents/energy-generation/richards-bay-combined-cycle-power-plant-ccpp/>

The Revised EIAr is also at the following public places:

- Richards Bay Public Library, No. 5 Kruger Rand Road, Richards Bay; and
- Empangeni Public Library, Cnr Union & Maxwell Streets, Empangeni

The review and comment period for the Revised EIAr was from **Wednesday, 24 July** and will be ending on **Monday, 26 August 2019**.

Thank you to those Stakeholders and Interested and Affected Parties who already submitted their written comment.

For those who had not yet submitted written comments, we kindly request that you do so before or on **Monday, 26 August 2019**, by close of business day.

Kind regards,

Nicolene Venter

**PROPOSED RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED INFRASTRUCTURE NEAR RICHARDS BAY, KWAZULU NATAL PROVINCE**

(DEA REF: 14/12/16/3/3/2/1123)

Dear Stakeholder and Interested and Affected Party,

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (RB CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlatuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

An EIA Report (revision 0) was made available for the RB CCPP project for a 30-day review period from Sunday, 24 March to Friday, 26 April 2019. The review period of the EIA Report was extended to Friday, 10 May 2019 in order to accommodate various requests from I&APs in terms of extending the review period. All registered I&APs were notified of the extension on Monday, 29 April 2019.

Following the end of the 30-day review period of the EIA Report (revision 0) and through the consideration of all comments received on the EIA Report, the need for the release of a revised EIA Report was identified.

This e-mail serves to inform you that the revised EIAr will be available for your review and comment from **Wednesday, 24 July to Monday, 26 August 2019**.

More information is available in the letter attached to this e-mail notificaiton.

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards,

**Nicolene Venter**

**To:** Nicola Botha  
**Subject:** Richards Bay CCPP Project: Acknowledgement of Comment and Questions for Clarification

Dear Nicola,

Please receive herewith our acknowledgement of your comments in your e-mail below.

To ensure that we respond correctly to your comments submitted, would you please be so kind to confirm our understanding of:

- We built more biogas power stations in South Africa  
Can it please be confirmed whether this is a statement that biogas power stations have been built in South Africa; or  
That South Africa must rather build power stations using biogas?
- Do a EIA on Transnet natural gas  
The undertaking of an EIA for Transnet for natural gas does not form part of Savannah Environmental's Scope of Work and therefore we cannot respond to the request formally.

Hope you find above-mentioned in order.

Kind regards,

**Nicolene Venter**

Dear Tashveer,

Thank you for your call yesterday afternoon enquiring regarding the ownership of the property on which the Richards Bay CCPP project is being proposed.

We can confirm that according to the records sourced and confirmation received from the City of uMhlathuze Local Municipality the City of uMhlathuze Local Municipality is the lawful owner of **Portions 2, 3 and 4 of Erf 11376**.

We can also confirm that we are aware that the whole of Richards Bay is currently under land claims.

It would be appreciated if you can please provide the details of Ingonyama Trust Board's property in question.

Kind regards,

Hi Sandy,

I can confirm that you had not missed our notification.

Our e-mail notification (notification letter will be attached) will be realised on Monday, 22 July 2019 informing all registered I&APs on the project database of the availability of the revised EIA's and the review and comment period as per the advert in the Zululand Observer.

Hope the above response address your query.

Kind regards,

**Nicolene Venter**

**Subject:** RE: Richards Bay CCPP Project:

Dear Nicolene

The Notice below which appeared in yesterday's Zululand Observer, giving notice of the availability of the Revised Environmental Impact Assessment, refers.

I can't find record of having received a notification. Have I missed something?

**NOTICE OF AVAILABILITY OF THE REVISED ENVIRONMENTAL IMPACT ASSESSMENT REPORT FOR REVIEW AND COMMENT**

**DEVELOPMENT OF THE RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED INFRASTRUCTURE ON A SITE NEAR RICHARDS BAY, KWAZULU-NATAL PROVINCE**  
(DEA Ref. No.: 14/12/16/3/3/2/1123)

**Project Name:** Richards Bay Combined Cycle Power Plant (R8 CCPP)

**Applicant:** Eskom Holdings SoC Ltd (Eskom)

**Proposed Activity:** The development of a Combined Cycle Power Plant (CCPP) with a generating capacity of up to 3 000MW on a project site with an extent of 71ha. The development footprint will be up to 52ha in extent.

**Location:** The development is proposed on Portion 2 and Portion 4 of Erf 11376 which is situated within Phase 1D of the Richards Bay Industrial Development Zone (RIDZ) located approximately 6km south west of Richards Bay and 4km south west of Alton. The project site is situated in the City of uMhlatuze Local Municipality which falls within the jurisdiction of the King Cetshwayo District Municipality, KwaZulu-Natal Province.

**Environmental Impact Assessment Process:** In terms of Sections 24 and 24D of the National Environmental Management Act (No. 107 of 1998), as read with the EIA Regulations (2014), as amended on 07 April 2017, of GN R324 to GN R327, a Scoping and EIA is required to be undertaken for the proposed project.

Subsequent to the release of the EIA Report in March 2019 (the review period was from Sunday, 24 March to Friday, 10 May 2019), the EIA Report has been updated with additional information. This updated report is the revised EIA Report.

**Availability of the revised Environmental Impact Assessment Report for Review and Comment:**  
The revised EIA Report is available for review and comment from **Wednesday 24 July 2019 to Monday, 26 August 2019**. The revised EIA Report is also available for download from Savannah Environmental's website (<https://www.savannahsa.com/public-documents/energy-generation/>) and the Eskom website (<http://www.eskom.co.za/OurCompany/SustainableDevelopment/EnvironmentalImpactAssessments/RichardsBayCCPP/Pages/default.aspx>). The due date for written comment is **Monday, 26 August 2019**.

To submit written comments, obtain further information or register on the project database please submit to the contact person below.

Dear Luke,

It was identified that your e-mail address has been captured incorrectly on our database – i.e. [harel@uvs1920.co.za](mailto:harel@uvs1920.co.za). I've updated your e-mail address on the project database. I believe it is for this reason that you did not receive the electronic copy of the Public Meeting Minutes which you attended. The minutes is attached for your perusal.

Luke, as mentioned in your e-mail dated 22 August 2019 you mentioned that *"We note that the comment period ends on 26<sup>th</sup> August 2019."* It is our understanding the Mr Addison and/or Seamark forwarded our notification to you. I noticed that Russel Addison who is CC in your e-mail, email address differ from our records i.e. [addisonr@theuvs.co.za](mailto:addisonr@theuvs.co.za) – can I update it to [addisonr@uvs1910.co.za](mailto:addisonr@uvs1910.co.za)? Also, Kevin Seamark current e-mail address is [seamarkk@theuvs.co.za](mailto:seamarkk@theuvs.co.za), can I update it to [seamarkk@uvs1910.co.za](mailto:seamarkk@uvs1910.co.za)?

Regarding uMhlatuzi Valley Sugar Company (Pty) Ltd's comment in your e-mail below, please see the following responses:

- *Given that site 4a is not on the floodplain and comprises of sugar cane and timber operations as well as a man-made dam we are of the opinion that the screening consideration labelling factors such as wetlands and aquatic ecology as 'not preferred' is inaccurate. Furthermore, site 4a in our opinion is deemed preferred from a socio economic perspective.*
  - The screening study for the consideration of the various sites was supported by independent specialist inputs, which included a wetland screening study which indicated that the site is least preferred. It was also indicated that the site is least preferred based on the current land uses and land capacity in support of agricultural development. The screening study identified that the site is not preferred from a socio-economic perspective based on specialist inputs which lists a the location of the site next to an urban townships including Mhlatuze Flats, Bhiliya and Madlhangala, surrounding land uses and the desired plan of the site as per the SDF. The site was discarded based on the findings of the screening assessment which indicated that the site would require mitigation to minimised impacts on social receptors, specifically when it comes to noise and air quality. Impacts on the aquatic ecology and wetlands were identified to potentially be of a high significance.
- *We, as the owners of site 4a, have not been consulted regarding the fact that the property is part of an off-set process for a conservation area.*
  - Please note that Savannah Environmental is not part of any offset process being undertaken on the properties which form part of Site 4A, and can therefore not provide a response to the comment.
- *For the record our query has not been adequately dealt with.*
  - The project team confirms that with the specialists' assessments undertaken on the four sites during the screening study and the detailed specialists' studies undertaken during the EIA on the preferred site, adequately address the matter. For ease of reference, herewith the various opportunities provided to the public and Umhlatuzi Valley Sugar Company to review and comment on the project and whereby the Site Selection process was included:

- Environmental Scoping Report: 21 August 2017 to 20 September 2017
  - Chapter 3, point 3.4.1
- Environmental Impact Assessment Report: 24 March 2019 to 26 April 2019
  - Chapter 3, point 3.2.2.1: Site Alternatives
  - Appendix Q
- Revised Environmental Impact Assessment Report: 24 July 2019 to 26 August 2019
  - Appendix Q3

We hope that the above-mentioned feedback would assist you with any further written comments on the Revised Environmental Impact Assessment Report.

Kind regards

**Nicolene Venter**

**Subject:** RE: Proposed Richards Bay Combined Cycle Power Plant (CCPP)

Dear Nicolene,

Your email transmitted on 23<sup>rd</sup> August 2019 has reference.

Please note that we do not appear to have received the meeting notes of the session held on 27<sup>th</sup> March 2019. Kindly advise when this was done and to whom it was directed.

We wish to inform as follows:

- Given that site 4a is not on the floodplain and comprises of sugar cane and timber operations as well as a man-made dam we are of the opinion that the screening consideration labelling factors such as wetlands and aquatic ecology as 'not preferred' is inaccurate. Furthermore, site 4a in our opinion is deemed preferred from a socio economic perspective.
- We, as the owners of site 4a, have not been consulted regarding the fact that the property is part of an off-set process for a conservation area.

For the record our query has not been adequately dealt with.

Regards

Luke Harel

**Subject:** RE: Proposed Richards Bay Combined Cycle Power Plant (CCPP)

Dear Luke,

Thank you for your e-mail below.

Below the feedback regarding your enquiry raised as to why Site 4 was deemed not to be the preferred site for the proposed development:

- Question was raised at the Public Meeting #2 held on the 27<sup>th</sup> of March 2019 at the Empangeni Public Library
  - Response was provided at the Public Meeting and a Post Meeting note included in the Meeting Notes (see below extract from Meeting Notes)
  - The Meeting Notes was distributed to all attendees and those who submitted apologies – see attached POE PM#2 – 16.07.2019 and copy of Meeting Notes attached for ease of reference)

Question / Comment	Response
<p>Luke Harel informed the project team that he had not yet had an opportunity to read the report in detail, however, he did scan through it.</p> <p>He asked what the reason is that Site 7 has been selected as the preferred site and to explain why site 4A was deemed as not preferred from an environmental (wetland, aquatic, ecology, socio-economic, noise and air quality) perspective.</p>	<p>Vincent Chauke responded by informing the attendees that originally there were 7 sites, and after looking at them from a technical viewpoint it was scaled down to four sites. The four sites went through an environmental screening phase which assessed various environmental aspects as well as technical and associated infrastructures (power lines). It can be confirmed that Site 7 is not a done deal. Should the current environmental studies identify an impact that cannot be mitigated, then Eskom will consider the next preferred site which will also need to go through a rigorous environmental process.</p> <p>Tobile Bokwe added that Site 7 is not suitable for agriculture as the soil is not suited for agriculture but that the site is currently being used for subsistence grazing.</p> <p>Shaun Taylor replied that Chapter 3, point 3.1 of the Report gives a summary of the site selection process undertaken for the project. He also informed the attendees that the wetlands on</p>
	<p>preferred. Site 4A was much more sensitive with various environmental aspects identified as not preferred which includes wetlands, aquatic ecology, socio-economic aspects and air quality.</p>

- Your e-mail dated 01 April 2019 and our response dated 02 April 2019
  - A formal response was not submitted as the response to the query raised, was included in the Public Meeting #2 Meeting Notes.

We hope you find above-mentioned in order and that it would assist your Organisation / Company to submit written comments on the Revised EIAr, if any.

Please do not hesitate to contact us should you require any additional information.

Kind regards

Dear Nicolene,

Further to comments raised at the public meeting on 27<sup>th</sup> March 2019.

As previously communicated the query is to do with the site screening considerations and assessment in arriving at the conclusion that site 7 is the preferred site from an environmental perspective.

Please explain why site 4a was deemed to be 'not preferred' with regard to Wetland, Aquatic Ecology, Socio-Economic, Noise and Air Quality. It must be noted that site 4a is approximately 300 hectares in extent and off the floodplain.

Your response will be appreciated.

Regards

Luke Harel

Hi Darryl,

Thank you for your call a few minutes ago.

As requested, please find attached proof that you are registered as an I&AP on the Richards Bay CCPP Project and that your e-mail address has been updated.

Kind regards,

**Nicolene Venter**

Public Participation & Social Consultant | Savannah Environmental (Pty) Ltd

Hi Nicolene

Please register me as an IAAP.

I was previously registered on behalf of LNG seller Cheniere under the email [darryl.hunt@cheniere.com](mailto:darryl.hunt@cheniere.com), but I no longer assist Cheniere with business development due to delays in the updated IRP.

My new contact email is [darryl.hunt@dynamicenergy.co.za](mailto:darryl.hunt@dynamicenergy.co.za), whilst mobile number remains unchanged as 0828043907.

Thanks  
Darryl Hunt

**PROPOSED RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED  
INFRASTRUCTURE NEAR RICHARDS BAY, KWAZULU NATAL PROVINCE**

**(DEA REF: 14/12/16/3/3/2/1123)**

Dear Stakeholder and Interested and Affected Party,

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (RB CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlathuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

An EIA Report (revision 0) was made available for the RB CCPP project for a 30-day review period from Sunday, 24 March to Friday, 26 April 2019. The review period of the EIA Report was extended to Friday, 10 May 2019 in order to accommodate various requests from I&APs in terms of extending the review period. All registered I&APs were notified of the extension on Monday, 29 April 2019.

Following the end of the 30-day review period of the EIA Report (revision 0) and through the consideration of all comments received on the EIA Report, the need for the release of a revised EIA Report was identified.

This e-mail serves to inform you that the revised EIAR will be available for your review and comment from **Wednesday, 24 July to Monday, 26 August 2019**.

More information is available in the letter attached to this e-mail notification.

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards,

**Nicolene Venter**

Dear Nicole

I hope you are well.

I am wondering why is groundWork not notified about the EIAr being available for review and comments because we registered with you as I&AP in the process. we only got the information from one of our partners.

Kindly ensure that we are registered and notified accordingly.

Could I please be assisted with the EIAr itself as I could not access it from your website, it requires a password to view the document. kindly email it to me URGENTLY as compressed find or assist on how I can access it on your website.

Thanking you in advance.

**PROPOSED RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED  
INFRASTRUCTURE NEAR RICHARDS BAY, KWAZULU NATAL PROVINCE**

Dear Stakeholder and Interested and Affected Party,

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (RB CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlathuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

An EIA Report (revision 0) was made available for the RB CCPP project for a 30-day review period from Sunday, 24 March to Friday, 26 April 2019. The review period of the EIA Report was extended to Friday, 10 May 2019 in order to accommodate various requests from I&APs in terms of extending the review period. All registered I&APs were notified of the extension on Monday, 29 April 2019.

Following the end of the 30-day review period of the EIA Report (revision 0) and through the consideration of all comments received on the EIA Report, the need for the release of a revised EIA Report was identified.

This e-mail serves to inform you that the revised EIAR will be available for your review and comment from **Wednesday, 24 July to Monday, 26 August 2019**.

More information is available in the letter attached to this e-mail notification.

Please do not hesitate to contact us should you require any additional information at this stage.

**Subject:** Richards Bay CCPP Project: Revised EIAr access on Website & Release Code

Dear Nomphi,

Thank you for your telephonic enquiry.

As requested, herewith the link to the Revised EIAr for the above-mentioned Report and Appendices:  
<https://www.savannahsa.com/public-documents/energy-generation/richards-bay-combined-cycle-power-plant-ccpp/>

The Release Code to download the Report and Appendices is: **Gur4x\$q**

Would you, as representative of your Organisation, wish to register as an interested and affected party on the project's database? If so, please provide us with the following information and you will receive all future correspondence regarding this Application:

- Name & Surname
- Position
- Company / Organisation
- Department / Division / Directorate
- Postal Address
- Tel. No.:
- Mobile No.:
- Fax No.:
- Interest in the project

Please do not hesitate to contact us should you require any additional information.

Kind regards,

**PROPOSED RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED INFRASTRUCTURE NEAR RICHARDS BAY, KWAZULU NATAL PROVINCE**

**(DEA REF: 14/12/16/3/3/2/1123)**

Dear Stakeholder and Interested and Affected Party,

With reference to the attached notification letter sent on Monday, 22 July 2019, this e-mail serves as a reminder that the review and comment period on the Revised EIAr will be ending soon. The Revised EIAr can be downloaded from the following websites:

- Eskom Holdings SOC  
Ltd: <http://www.eskom.co.za/OurCompany/SustainableDevelopment/EnvironmentalImpactAssessments/RichardsBayCCPP/Pages/default.aspx>
- Savannah Environmental (Pty) Ltd: <https://www.savannahsa.com/public-documents/energy-generation/richards-bay-combined-cycle-power-plant-ccpp/>

The Revised EIAr is also at the following public places:

- Richards Bay Public Library, No. 5 Kruger Rand Road, Richards Bay; and
- Empangeni Public Library, Cnr Union & Maxwell Streets, Empangeni

The review and comment period for the Revised EIAr was from **Wednesday, 24 July** and will be ending on **Monday, 26 August 2019**.

Thank you to those Stakeholders and Interested and Affected Parties who already submitted their written comment.

For those who had not yet submitted written comments, we kindly request that you do so before or on **Monday, 26 August 2019**, by close of business day.

Kind regards,

**Nicolene Venter**

**PROPOSED RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED INFRASTRUCTURE NEAR RICHARDS BAY, KWAZULU NATAL PROVINCE**

**(DEA REF: 14/12/16/3/3/2/1123)**

Dear Stakeholder and Interested and Affected Party,

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (RB CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlathuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

An EIA Report (revision 0) was made available for the RB CCPP project for a 30-day review period from Sunday, 24 March to Friday, 26 April 2019. The review period of the EIA Report was extended to Friday, 10 May 2019 in order to accommodate various requests from I&APs in terms of extending the review period. All registered I&APs were notified of the extension on Monday, 29 April 2019.

Following the end of the 30-day review period of the EIA Report (revision 0) and through the consideration of all comments received on the EIA Report, the need for the release of a revised EIA Report was identified.

This e-mail serves to inform you that the revised EIAr will be available for your review and comment from **Wednesday, 24 July to Monday, 26 August 2019**.

More information is available in the letter attached to this e-mail notification.

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards,

**Nicolene Venter**

**Subject:** RE: Documents related to Eskom CCPP in Richard's Bay

Dear Frederik,

As requested, herewith the Release Code to download the Report and Appendices from our website: **Gur4x\$g**

Our website address for the Richard's Bay CCPP project is: <https://www.savannahsa.com/public-documents/energy-generation/richards-bay-combined-cycle-power-plant-ccpp/>

Frederik, according to our records, you are not registered as an interested and affected party on the above-mentioned project's database. Would you want us to register you so that you can receive future notifications?

Kind regards,

**Nicolene Venter**

Hi Bianca,

Apologies, we are currently busy with the project:  
*DEVELOPMENT OF THE RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP)  
AND ASSOCIATED INFRASTRUCTURE ON A SITE NEAR RICHARDS BAY, KWAZULU-  
NATAL PROVINCE*  
located within the Richards Bay Industrial Development Zone (IDZ)  
Phase 1D.

Below is an extract from the Report that is available on our website  
(Release code: Gur4x\$g):

Richards Bay Combined Cycle Power Plant (CCPP), KwaZulu-Natal Province  
Environmental Impact Assessment Report

March 2019

---

#### **PURPOSE OF THE EIA REPORT AND INVITATION TO COMMENT**

---

**Eskom Holdings SOC Ltd (Eskom)** proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure, with an installed generating capacity of up to 3 000MW. The proposed project is to be known as the Richards Bay CCPP (RB CCPP), and will be fuelled using natural gas as the main fuel resource and diesel as a back-up resource. The project site is on Portion 2 and Portion 4 of Erf 11376. The site is located in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay, and 4km south west of Alton, which falls within the jurisdiction of the City of umhlatuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

Kind regards,

Nicolene Venter

Hi Nicolene

I hope you are well?

I would just like to get clarity on which development is authorised and which development is in the impact phase. You said in your email below that **Phase 1D** has received EA. Is this correct? On the Savannah SA website, only documents for the development in Phase 1D are available, with the last comments period having closed in April 2019. Is in not **Phase 1F** that has received EA?

Kind Regards

**Subject:** RE: Richards Bay Combined  
Cycle Power Plants in Richards Bay

Dear Bianca,

Savannah  
Environmental is  
undertaking the EIA,  
as independent  
Environmental  
Assessment  
Practitioner, for the  
Richards Bay  
Combined Cycle  
Power Plant.

There is only one  
EIA for this project  
and the EIA is  
currently in the  
impact phase  
whereby the EIA  
Report was made  
available for review  
and comment. The  
extended comment  
period ended on  
Friday, 10 May  
2019.

The Release Code,  
should L2B which to  
access the project  
document on our  
website, is  
**CFKEy2fnjeaPm**

Kind regards,

**Nicolene Venter**

**To:** Nicolene Venter  
[nicolene@savannahsa.com](mailto:nicolene@savannahsa.com)  
**Subject:** Richards  
Bay Combined Cycle  
Power Plants in  
Richards Bay

Good afternoon  
Nicolene

I trust that you are  
well?

I was following the  
progress of the  
proposed 2000MW  
gas to power plant  
(Combined Cycle  
Power Plant) on  
erven 17455, 17443  
and 17442, within  
the Richards Bay  
Industrial  
Development Zone  
(RBIDZ) 1F. I see on  
the Savannah  
Environmental  
website that you  
are undertaking an  
Environmental  
Impact Assessment  
process for a  
proposed 3000MW  
Combined Cycle  
Power Plant on  
Portion 2 and  
Portion 4 of Erf  
11376.

Can you kindly  
confirm that these  
are two totally  
separated  
developments?

At what stage of the  
EIA Process are  
each of these  
projects at?

Scoping Phase

11 August 2017

Dear Stakeholder

**ENVIRONMENTAL IMPACT ASSESSMENT AND  
PUBLIC PARTICIPATION PROCESS  
DEVELOPMENT OF THE RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND  
ASSOCIATED INFRASTRUCTURE ON A SITE NEAR RICHARDS BAY,  
KWAZULU-NATAL PROVINCE**

---

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

---

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlatuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province. The Richards Bay CCPP is approximately 71ha in extent.

The purpose of the project is to reduce transmission losses from generation facilities supplying KwaZulu-Natal, by having a generation centre in KwaZulu-Natal. In addition, the project is planned to aid in reducing Eskom's carbon footprint per unit of electricity produced, as power plants using natural gas emit approximately half the carbon of coal-fired power plants while using considerably less water, thus supporting Government's commitment to reduce carbon emissions.

A CCPP uses a gas turbine generator to generate electricity and the waste heat is used to make steam to generate additional electricity via a steam turbine. The CCPP is one of the most efficient power generating facilities to convert either gas or diesel fuel to mechanical power or electricity. In other words, gas or diesel is burnt in a gas turbine producing both electrical power via a coupled generator and fairly hot exhaust gases. These hot exhaust gases pass through a water-cooled heat exchanger to produce steam, which can be turned into electric power with a coupled steam turbine and generator.

The main infrastructure associated with the Richards Bay CCPP includes the following:

- » Gas turbines for the generation of electricity through the use of natural gas or diesel.
- » Heat recovery steam generators (HRSG) to produce steam.
- » Steam turbines for the generation of additional electricity through the use of steam generated by the HRSG.
- » Condensers for the conversion of steam back to water.
- » Bypass stacks associated with each gas turbine.
- » Exhaust stacks.
- » A water treatment plant for the treatment of potable water and the production of demineralised water.
- » A water pipeline and water tank.
- » Dry-cooled system or Once-Through-Cooling system technology.
- » Closed Fin-fan coolers to cool lubrication oil for the gas and steam turbines.
- » A gas pipeline and a gas pipeline supply conditioning process facility.
- » Diesel off-loading facility and storage tanks.
- » Ancillary infrastructure including access roads, warehousing and buildings, storage facilities, generators and 132kV and 400kV switchyards.
- » A power line to connect the Richards Bay CCPP to the national grid for the evacuation of the generated electricity.

## **ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

The development of the Richards Bay CCPP requires that Environmental Authorisation (EA) be obtained from the National Department of Environmental Affairs (DEA), the Competent Authority (CA), in consultation with the KZN Department of Economic Development, Tourism and Environmental Affairs (EDTEA), the Local Commenting Authority, in accordance with the National Environmental Management Act (No. 107 of 1998) (NEMA) and the provisions of the 2014 Environmental Impact Assessment (EIA) Regulations, as amended on 07 April 2017, published in GNR 324 to GNR 327.

Savannah Environmental (Pty) Ltd has been appointed as the independent Environmental Assessment Practitioner (EAP), responsible for undertaking an Impact Assessment process (Scoping and EIA) to identify and assess all potential environmental impacts associated with the project for the area as identified, and propose appropriate mitigation and management measures in an Environmental Management Programme (EMPr). As part of these environmental studies, Interested and/or Affected Parties (I&APs) will be actively involved through the public participation process.

You and/or the organisation which you represent has been identified as an I&AP for the proposed project. Should you have an interest in this project, please register yourself as an I&AP by completing and returning the attached stakeholder registration/comment form. By registering on the project database, you will receive all information relating to the project and will be provided with an opportunity to provide comment and input into the Impact Assessment process.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the project. Our team welcomes your participation and looks forward to your involvement throughout this process.

Kind regards

Gabriele Stein  
Public Participation and Social Consultant

Subject: DEVELOPMENT OF THE RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND ASSOCIATED INFRASTRUCTURE ON A SITE NEAR RICHARDS BAY, KWAZULU-NATAL PROVINCE - NOTIFICATION OF EIA PROCESS

Body: Dear Stakeholder

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlatuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province.

The purpose of the project is to reduce transmission losses from generation facilities supplying KwaZulu-Natal, by having a generation centre in KwaZulu-Natal. In addition, the project is planned to aid in reducing Eskom's carbon footprint per Unit of electricity produced, as power plants using natural gas emit approximately half the carbon of coal-fired power plants while using considerably less water, thus supporting Government's commitment to reduce carbon emissions.

The development of the Richards Bay CCPP requires that Environmental Authorisation (EA) be obtained from the National Department of Environmental Affairs (DEA), the Competent Authority (CA), in consultation with the KZN Department of Economic Development, Tourism and Environmental Affairs (EDTEA), the Local Commenting Authority, in accordance with the National Environmental Management Act (No. 107 of 1998) (NEMA) and the provisions of the 2014 Environmental Impact Assessment (EIA) Regulations, as amended on 07 April 2017, published in GNR 324 to GNR 327.

Savannah Environmental (Pty) Ltd has been appointed as the independent Environmental Assessment Practitioner (EAP), responsible for undertaking an Impact Assessment process (Scoping and EIA) to identify and assess all potential environmental impacts associated with the project for the area as identified, and propose appropriate mitigation and management measures in an Environmental Management Programme (EMPr). As part of these environmental studies, Interested and/or Affected Parties (I&APs) will be actively involved through the public participation process. Please refer to the attached notification letter and background information document for further details regarding the project. Please complete and return the attached Reply Form to register as an I&AP on the project's database.

Please do not hesitate to contact me if you have any queries in this regard.

Kind regards,

Dear Stakeholder

**ENVIRONMENTAL IMPACT ASSESSMENT AND  
PUBLIC PARTICIPATION PROCESS  
DEVELOPMENT OF THE RICHARDS BAY COMBINED CYCLE POWER PLANT (CCPP) AND  
ASSOCIATED INFRASTRUCTURE ON A SITE NEAR RICHARDS BAY,  
KWAZULU-NATAL PROVINCE**

---

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

---

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlathuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province. The Richards Bay CCPP is approximately 71ha in extent.

The purpose of the project is to reduce transmission losses from generation facilities supplying KwaZulu-Natal, by having a generation centre in KwaZulu-Natal. In addition, the project is planned to aid in reducing Eskom's carbon footprint per Unit of electricity produced, as power plants using natural gas emit approximately half the carbon of coal-fired power plants while using considerably less water, thus supporting Government's commitment to reduce carbon emissions.

A CCPP uses a gas turbine generator to generate electricity and the waste heat is used to make steam to generate additional electricity via a steam turbine. The CCPP is one of the most efficient power generating facilities to convert either gas or diesel fuel to mechanical power or electricity. In other words gas or diesel is burnt in a gas turbine producing both electrical power via a coupled generator and fairly hot exhaust gases. This hot exhaust gases pass through a water-cooled heat exchanger to produce steam, which can be turned into electric power with a coupled steam turbine and generator.

The main infrastructure associated with the Richards Bay CCPP includes the following:

- » Gas turbines for the generation of electricity through the use of natural gas or diesel.
- » Heat recovery steam generators (HRSG) to produce steam.
- » Steam turbines for the generation of additional electricity through the use of steam generated by the HRSG.
- » Condensers for the conversion of steam back to water.
- » Bypass stacks associated with each gas turbine.
- » Exhaust stacks.
- » A water treatment plant for the treatment of potable water and the production of demineralised water.
- » A water pipeline and water tank.
- » Dry-cooled system or Once-Through-Cooling system technology.
- » Closed Fin-fan coolers to cool lubrication oil for the gas and steam turbines.
- » A gas pipeline and a gas pipeline supply conditioning process facility.
- » Diesel off-loading facility and storage tanks.
- » Ancillary infrastructure including access roads, warehousing and buildings, storage facilities, generators and 132kV and 400kV switchyards.
- » A power line to connect the Richards Bay CCPP to the national grid for the evacuation of the generated electricity.

## **ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

The development of the Richards Bay CCPP requires that Environmental Authorisation (EA) be obtained from the National Department of Environmental Affairs (DEA), the Competent Authority (CA), in consultation with the KZN Department of Economic Development, Tourism and Environmental Affairs (EDTEA), the Local Commenting Authority, in accordance with the National Environmental Management Act (No. 107 of 1998) (NEMA) and the provisions of the 2014 Environmental Impact Assessment (EIA) Regulations, as amended on 07 April 2017, published in GNR 324 to GNR 327.

Savannah Environmental (Pty) Ltd has been appointed as the independent Environmental Assessment Practitioner (EAP), responsible for undertaking an Impact Assessment process (Scoping and EIA) to identify and assess all potential environmental impacts associated with the project for the area as identified, and propose appropriate mitigation and management measures in an Environmental Management Programme (EMPr). As part of these environmental studies, Interested and/or Affected Parties (I&APs) will be actively involved through the public participation process.

You and/or the organisation which you represent have been identified as a directly affected or adjacent property owner that could be impacted by the proposed project. The 2014 EIA Regulations, as amended on 07 April 2017, require that the owner or person in control of the land as well as occupiers of the affected and adjacent properties, which could be impacted by the project, are informed of the environmental assessment process in writing. In this regard, please could you kindly inform any other persons (tenants, employees, farm managers and workers etc.) residing on your property of this EIA process. Should you or any other occupier of your property have an interest in this project, please register yourselves as I&APs by completing and returning the attached

stakeholder registration/comment form. By registering on the project database, you will receive all information relating to the project and will be provided with an opportunity to provide comment and input into the EIA process.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the project. Our team welcomes your participation and looks forward to your involvement throughout this process.

Kind regards

Gabriele Stein

**NOTICE OF AVAILABILITY OF THE SCOPING REPORT FOR PUBLIC REVIEW  
AND INVITATION TO THE PUBLIC MEETING**

---

Eskom Holdings SoC Ltd (Eskom) proposes to develop a Combined Cycle Power Plant (CCPP) and associated infrastructure with a generating capacity of up to 3000MW. The proposed project is to be known as the Richards Bay Combined Cycle Power Plant (CCPP). The Project site is to be located on Portion 2 and Portion 4 of Erf 11376 in the Richards Bay Industrial Development Zone (IDZ) Phase 1D, approximately 6km south west of Richards Bay and 4km south west of Alton which falls within the jurisdiction of the City of uMhlatuze Local Municipality and the King Cetshwayo District Municipality, KwaZulu-Natal Province. The Richards Bay CCPP is approximately 71ha in extent.

The purpose of the project is to reduce transmission losses from generation facilities supplying KwaZulu-Natal, by having a generation centre in KwaZulu-Natal. In addition, the project is planned to aid in reducing Eskom's carbon footprint per Unit of electricity produced, as power plants using natural gas emit approximately half the carbon of coal-fired power plants while using considerably less water, thus supporting Government's commitment to reduce carbon emissions.

A CCPP uses a gas turbine generator to generate electricity and the waste heat is used to make steam to generate additional electricity via a steam turbine. The CCPP is one of the most efficient power generating facilities to convert either gas or diesel fuel to mechanical power or electricity. In other words gas or diesel is burnt in a gas turbine producing both electrical power via a coupled generator and fairly hot exhaust gases. Hot exhaust gases pass through a water-cooled heat exchanger to produce steam, which can be turned into electric power with a coupled steam turbine and generator.

The main infrastructure associated with the Richards Bay CCPP includes the following:

- » Gas turbines for the generation of electricity through the use of natural gas or diesel.
- » Heat recovery steam generators (HRSG) to produce steam.
- » Steam turbines for the generation of additional electricity through the use of steam generated by the HRSG.
- » Condensers for the conversion of steam back to water.
- » Bypass stacks associated with each gas turbine.
- » Exhaust stacks.
- » A water treatment plant for the treatment of potable water and the production of demineralised water.
- » A water pipeline and water tank.
- » Dry-cooled system or Once-Through-Cooling system technology.
- » Closed Fin-fan coolers to cool lubrication oil for the gas and steam turbines.
- » A gas pipeline and a gas pipeline supply conditioning process facility.
- » Diesel off-loading facility and storage tanks.
- » Ancillary infrastructure including access roads, warehousing and buildings, storage facilities, generators and 132kV and 400kV switchyards.
- » A power line to connect the Richards Bay CCPP to the national grid for the evacuation of the generated electricity (the power line will be assessed as part of a separate EIA process).

## **ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

The development of the Richards Bay CCPP requires that Environmental Authorisation (EA) be obtained from the National Department of Environmental Affairs (DEA), the Competent Authority (CA), in consultation with the KZN Department of Economic Development, Tourism and Environmental Affairs (EDTEA), the Local Commenting Authority, in accordance with the National Environmental Management Act (No. 107 of 1998) (NEMA) and the provisions of the 2014 Environmental Impact Assessment (EIA) Regulations, as amended on 07 April 2017, published in GNR 324 to GNR 327.

Savannah Environmental (Pty) Ltd has been appointed as the independent Environmental Assessment Practitioner (EAP), responsible for undertaking an Impact Assessment process (Scoping and EIA) to identify and assess all potential environmental impacts associated with the project for the area as identified, and propose appropriate mitigation and management measures in an Environmental Management Programme (EMPr). As part of these environmental studies, Interested and/or Affected Parties (I&APs) will be actively involved through the public participation process.

## **AVAILABILITY OF THE SCOPING REPORT AND INVITATION TO THE PUBLIC MEETING**

A Scoping Report is available for review and comment. The report can be viewed at the Richards Bay Public Library, Civic Centre, 05 Mark Strasse, from **21 August 2017 – 20 September 2017**. The report is also available for download on [www.savannahsa.com/projects](http://www.savannahsa.com/projects). The due date for written comment is **20 September 2017**. Comments must be made as written submission via fax, post or email.

All interested and affected parties are invited to attend a public meeting on one of the following days:

<b>Public Meeting 1:</b>	<b>Date: Wednesday 30 August 2017</b> <b>Time: 18:00</b> <b>Venue: New Life Church, 2 Hedge Hunt Rd, Brackenham, Richards Bay</b>
<b>Public Meeting 2:</b>	<b>Date: Thursday 31 August 2017</b> <b>Time: 09:00</b> <b>Venue: Richards Bay Public Library, 03 Krugerrand Grove, Richards Bay</b>

Our team welcomes your participation and looks forward to your involvement throughout this process.

Kind regards
