Dear Ms Meyer

ACKNOWLEDGEMENT OF RECEIPT AND ACCEPTANCE OF A NEW APPLICATION FOR ENVIRONMENTAL AUTHORISATION (SCOPING/EIA PROCESS) THE PROPOSED MEDUPI POWER STATION FLUE GAS DESULPHURISATION WITHIN LEPHALALE LOCAL MUNICIPALITY IN LIMPOPO PROVINCE

The Department confirms having received the integrated application form, list of organs of state and applicable authorities, Declaration by the EAP, Declaration by the applicant, locality map and project schedule for environmental authorisation for the abovementioned project submitted by you on 29 April 2014. You have submitted these documents to comply with the Environmental Impact Assessment Regulations, 2010 and Government Notice 718 of 2009. The Application is accepted.

In addition, please consider the following during compilation of reports for this application for environmental authorisation:

- Please be advised that in terms of the EIA Regulations and NEMA the investigation of alternatives is mandatory. Alternatives must therefore be identified, investigated to determine if they are feasible and reasonable. It is also mandatory to investigate and assess the option of not proceeding with the proposed activity (the "no-go" option).
- A detailed and complete EMPr must be submitted with the EIR. This EMPr must not provide recommendations but must indicate actual remediation activities which will be binding on the applicant. Without this EMPr the documents will be regarded as not meeting the requirements and will be returned to the applicant for correction.
- The applicant/EAP is required to inform this Department in writing upon submission of any draft report, of the contact details of the relevant State Departments (that administer laws relating to a matter affecting the environment) to whom copies of the draft report were submitted for comment. Upon receipt of this confirmation, this Department will in

accordance with Section 24O(2) & (3) of the National Environmental Management Act, 1998 (Act 107 of 1998) inform the relevant State Departments of the commencement date of the 40 day commenting period, or 60 days in the case of the Department of Water Affairs for waste management activities which also require a licence in terms of the National Water Act, 1998 (Act 36 of 1998).

- Should it be necessary to apply for a permit in terms of the National Heritage Resources Act, 1999 (Act 25 of 1999), please submit the necessary application to SAHRA or the relevant provincial heritage agency and submit proof thereof with the Basic Assessment Report/Environmental Impact Assessment Report. The relevant heritage agency should also be involved during the public participation process and have the opportunity to comment on all the reports to be submitted to this Department.

You are requested to submit two (2) electronic copies (the main report must be separated from the Appendices (each appendix saved separately) (CD/DVD) and two (2) hard copies of both the Draft and Final Report to the Department. The hard copies must be double-sided printed; double-punched and must be bound using a lever arch file (two or four holes).

The EAP must, in order to give effect to regulation 56 (2), before submitting the final EIR to the Department give registered interested and affected parties access to, and an opportunity to comment on the report in writing within 21 days.

In terms of regulation 67 of the EIA Regulations, 2010 this application will lapse if the applicant (or the EAP on behalf of the applicant) fails to comply with a requirement in terms of the Regulations for a period of six months after having submitted the application, unless the reasons for failure have been communicated to and accepted by this Department.

You are hereby reminded of Section 24F of the National Environmental Management Act, Act No 107 of 1998, as amended, that no activity may commence prior to an environmental authorisation being granted by the Department.

Yours sincerely

Mr Ishaam Abader

Good Afternoon Jeffrey,

I've been informed by Cecilia Jaffer from SANBI HQ, Pretoria, that you are the SANBI Official who submit written comments on Basic Assessment and Environmental Impact Assessment Reports.

Zitholele Consulting has two Draft Environmental Impact Assessment Reports that needs written comments from SANBI (as an Organ of State):

- Integrated Environmental Authorisation (EIA, Waste Management License and Water Use License Applications) for the proposed Continuous Ash Disposal Facility for Kendal Power Station:

- o DEIR review period: Friday 11 July to Wednesday 20 August 2014

- o The Report was courier to:

- § Mr Andre Beetge, Manager: SANBI Mpumalanga, 3 Bandolier Street, Middelburg

- § We were informed by Andre that Environmental Reports must be submitted to SANBI's Head Office

- Integrated Environmental Authorisation (EIA, Waste Management License and Water Use License Applications) for the proposed 60 Year Ash Disposal Facility for Kusile Power Station:

- o DEIR review period: Tuesday 29 July 2014 to Monday 08 September 2014

We would like to enquire whether we can courier this Report to you and if so, does SANBI requires a hard copy or a CD

We are looking forward to hear from you.

Re: Integrated Environmental Impact Assessment and Water Use License Application for a proposed Retrofitting Flue Gas Desulphurisation (FGD) at Medupi Power Station (DEA Ref.No.: 14/12/16/3/3/3/110)

I hope you are well.

Firstly, thank you so much for your comment on the abovementioned project – it is very welcomed.

I hope you do not mind, but I called your office to try to communicate with you that I would like to put you on our database on this EIA/WULA as a commenting authority so we can send you the Draft Scoping Report for comment when it is ready.

I have received your details from this comment sheet you sent through to us on the respective project.

Kindly let me know if this is fine, or otherwise, please could you forward a suggested contact person with contact details for the same purpose.

Do keep well.

Importance: High

Good day Mr Ntsoane,

**INTEGRATED AUTHORISATION (ENVIRONMENTAL IMPACT ASSESSMENT AND WASTE MANAGEMENT LICENCE APPLICATION) FOR THE PROPOSED RETROFITTING OF A FLUE GAS DESULPHURISATION (FGD) SYSTEM AT MEDUPI POWER STATION, LEPHALALE, LIMPOPO PROVINCE
(DEA REF.: 14/12/16/3/3/3/110)**

This email serves to confirm a telephone discussion held with Tricia Njapha and yourself (in your capacity of Manager in Land Use Planning), on Thursday, 09 October 2014 regarding the above-mentioned proposed project and that you will be the Official/Representative at the Limpopo Department of Agriculture who will be submitting written comments on the Draft Scoping Report (DSR).

1 x CD of the DSR will be delivered to you via courier as soon as it is available.

Should the above-mentioned not be correctly recorded, we kindly request you to please notify us at your earliest convenience.

Please do not hesitate to contact Tricia Njapha or Nicolene Venter should you require any additional information regarding this proposed project study on

tel.: 011 207 2060 or e-mail Trician@zitholele.co.za or nicolenev@zitholele.co.za.

Good day Mujahida,

I hope you are well.

I am calling with regards to the email correspondence below.
I still need to add a contact to my database for the correspondent/case officer who will comment on this project in the Limpopo Region.

We will be sending out the reports very soon and I need to close this task.

May you still assist me with this request if possible.

Please feel free to call me on the contact numbers below.

Kind regards,

Tricia Njapha

Good day Mujahidah,

Thank you for taking my call.

As discussed, we are doing an EIA on the abovementioned project and would like to know who the commenting authority at Department of Agriculture, Forestry and Fisheries would be in this region.
Please find the BID attached which may assist with answering those questions which will help with this request.

Have a lovely day and thanks again.

Dear Nakedi,

Thank you very much for a very informative discussion on Tuesday – your call is appreciated.

Please receive herewith confirmation that we had registered the stakeholders', as listed below, attendance at the Key Stakeholder Workshop.

Also, we captured the stakeholders on the project database (except the Mayor, Mayor Moloko Maeko, who is already on our project database) and they will receive all future public notifications and documents for review relating to the above-mentioned proposed project.

For reference purposes, please find attached the Background Information Document.

We are looking forward to meet you and the other stakeholders at the Key Stakeholder Workshop.
