## Boekeskenkings - leesstof vir Afrika!

**RUSTENBURG** - Die Rustenburg-tak van die Vryburger Diensorganisasie het die afgelope week diensverskaffing aan die gemeenskap uitgebrei deur betrokke te raak by een van dié organisasie se nasionale projekte - die voorsiening van boeke aan skole en instansies.

Jaarliks word daar landswyd boeke ingesamel deur Shoprite Checkers en RSG waarna dit aan Vryburgerkorpse voorsien vir die verspreiding daarvan in gemeenskappe waar dit benodig mag word.

Die Rustenburgkorps het die afgelope maand ongeveer 30 ton boeke ingevolge hierdie projek ontvang. Die grootste gedeelte hiervan is pas onder Rustenburgse laerskole versprei.

'n Wye spektrum leesstof is voorsien - onder meer handboeke, ensiklopedieë, gewone storieboeke, sangbundels en so meer - alles boeke wat baie handig in skoolbiblioteke gebruik kan word.

Indien daar nog lede van die publiek of ander instansies is wat belangstel om te help met die verspreiding of die verantwoordelike ontvangs van boeke, is hulle welkom om die Stuurman van die Rustenburg Vryburgers, Jan Heystek, by 082-377-8679 of Reon Gouws by 082-457-0967 vir meer besonderhede te skakel.

Vryburger Stuurman Jan Heystek saam met mnr Dave Jacobs van Laerskool Vastrap (links) met 'n ensiklopedie uit die jaar 1931 wat onder die besending boeke gevind is.

Christo Malan, Basuin van die Rustenburg Vryburgerskorps oorhandig 'n vrag van die ingesamelde boeke aan me Marlina Joubert en medialeiers Ashley en Bradley Odendaal van die Laerskool Proteapark.

## NOTICE OF A SCOPING AND ENVIRONMENTAL IMPACT ASSESSMENT PROCESS:

**Proposed Eskom Transmission Activity: (DEAT Ref: 12/12/20/1566)**  
**Construction of:**

- Ngwedi (Mogwase) transmission substation
- Turn-ins transmission lines

Notice is given in terms of Regulation 56, Government Notice R385 under the Environmental Impact Assessment Regulations (April 2006) promulgated under Sections 24(5) and 24D of the National Environmental Management Act (Act 107 of 1998), of the intent to carry out a scoping and environmental impact assessment process for the following activity:

### DESCRIPTION OF THE ACTIVITY

The applicant (Eskom Holdings, Transmission Division) intends to construct a new substation in the vicinity of Sun City Ngwedi (Mogwase) and associated turn-ins transmission lines in North West Province. The study area falls under the jurisdiction of Rustenburg and Moses Kotane Local Municipalities, in the Bojanala District.

The scope of work for the proposed project includes:

- Establish a 400kV/132kV Ngwedi (Mogwase) substation on a 600m X 600m footprint.
- Establish 2 x turn-ins from Matimba-Midas 400kV line to Ngwedi (Mogwase) substation.
- Establish a 400kV line from one of the Delta - Epsilon corridors terminating at Ngwedi (Mogwase) substation.
- Establish the control building, telecommunication infrastructure and oil dam.
- Establish the access road infrastructure to and within Ngwedi (Mogwase) substation.

### R387 OF 21 APRIL 2006, ACTIVITY 1(a) (I)

The construction of facilities or infrastructure, including associated structures of infrastructure for the generation of electricity where the electricity output is 20 megawatts or more and the transmission and distribution of above ground electricity with a capacity of 120 kilovolts or more.

The Competent Authority to issue the environmental authorisation is the Department of Water, Environment and Agriculture.

### LOCATION OF THE ACTIVITY

Alternative sites for the proposed new substation are located in the following farms:

- Rhenosterspruit 908 JQ portion 0 (remainder)
- Frischgewaagd 96 JQ portion 0 (remainder)
- Goedgedacht 110 JQ portion 0 (remainder)

Alternative routes for the proposed turn-ins transmission lines traverse through ± 30 farms.

### REGISTRATION FOR INTERESTED AND AFFECTED PARTIES

In order to ensure that you are registered as an interested and/or affected party or to obtain further information, please submit your name and contact details to the consultant detailed above.

### CONSULTATION MEETINGS

The public is informed that meetings will be arranged to introduce the project and discuss the EIA process, so the public is requested to participate in this information sharing exercise. The purpose of the meetings is to give the public an opportunity to interact with the study team and the proponent (Eskom) to raise issues of concerns and receive further information regarding the project.

This assessment is being conducted on behalf of Eskom.
