**ENVIRONMENTAL IMPACT ASSESSMENT**  
**AVAILABILITY OF DRAFT SCOPING REPORT FOR THE PROPOSED DELTA-EPSILON TRANSMISSION INTEGRATION PROJECT 6X 765KV TRANSMISSION POWERLINES.**

15

In order to comply with EIA regulations 28 (g) and 58 government notice 385 of 21 April 2006, the report will be made available for public review from: 10 March 2007 to 29 April 2008 at the venues indicated below:

**DESCRIPTION OF PROPOSED PROJECT:**  
The study consists of an EIA for the proposed construction of 6x 765 kV transmission powerlines in the study area that falls within the Limpopo and North West provinces. Construction of 6x 765kV transmission power line from the proposed Delta substation (near the Medupi power station) to the proposed Epsilon substation (west of Potchefstroom).  
• Konstruksie van 6x 765kV transmissie kraglynne van die voorgestelde Delta substaasie (naby Medupi krag sentrale) na die beoogde Epsilon substaasie (wes van Potchefstroom).  
Name of proponent: Eskom Holdings Limited, transmission services  
Name of appointed environmental consultant: Margen Industrial Services  
Responses to issues, concerns and comments received during the scoping phase, together with preliminary findings of the specialist investigations, have been collated in the draft scoping report. This draft scoping report is now available for public review. Interested and affected parties are invited to review the report from 10 March 2008 to 29 April 2008 at the following locations.  
Antwoorde op aangeleenthede wat kommer gewek het en kommentaar wat tydens die betrekingsfase ontvang is, is saam met die voorlopige bevindings van die spesialis-ondersoek in 'n konsep bestelopsame verslag saangevat. Hierdie konsep betrekingsame verslag is nou beskikbaar vir besigtiging. Geïnteresseerde en belangstellende partye kan hierdie dokumente nou saggan vanaf 10 Maart 2008 – 29 April 2008 by die volgende lokale:

## Two remain in custody for rape

Two suspects aged between 16 and 23 were remanded in custody when they appeared before Modimolle Magistrate on charge of rape. The two's arrest and subsequent court appearance is a sequel to an incident that happened on Friday 29 February at about 21:30.

According to the information received, two victims i.e. a 12 and 17 years old were apparently overpowered by the two suspects who forced them to a shack when they met them on the street at Phomolong section near Modimolle. The two were seemingly raped by the two suspects the whole night until the early hours of Saturday 1 March 2008.

It appears that at some stage one of the victims, a 17 year old managed to sneak out and informed a relative. Police who were informed of the incident arrived just on time at the shack where the two suspects who were still with the 12 year old victim, were arrested. They are currently remanded in custody until 10 March 2008 for legal representation and bail application.

We wish to urge the parents to apply strict measures by ensuring that children are home on time to avoid incidents of similar nature.

## Matric award ceremony

Nakampe, Monyepao  
Lephalale Municipality held a glamorous ceremony to congratulate the crème al crème of matric learners of last year's final exams.

The ceremony, which was held at the Mogol Function Hall on Wednesday 27 February, was graced by the presence of Waterberg District Senior Manager of Education, RS Mantshili.

Deputy Manager Governance, Mr LE Kikhuba, led the presentation awards. Beltswe High School remained at the limelight. Marise de Ridder from Hoërskool Ellisras scooped the best learner award with six distinctions while two learners from Baltswe got 3 distinctions each. Six schools managed to qualify for the category of schools which managed to beat the 80% pass rate cut-off. The number of M-pass at Baltswe qualified the school to the top list of schools with 100% pass rate and engraved its name again in the Johann Raath Trophy for the best school in the cluster as well as MD Mabote Trophy for schools with the highest pro rata distinctions.

Three primary schools, Moflhasedi, Matseseng and Maeeteja went home with the best Primary Feeder School Award.

### KENNISGEWING VAN BASTIESE OMGEWINGSEVALUERINGSPROSES VOORGESTELDE WATERRESERVOIR EN GEPAARDGAANDE WATERPYLYNE BY MEDUPTI KRAGTASIE, LIMPOPOPROVINSIE 'N ESKOM-INISIATIEF

Ten einde die Medupi Kragtstasiekompleks (naby Lephalale in die Limpopo-provinsie) te optimaliseer, stel Eskom Holdings Beperk die verskuiving van die beplande waterreservoir van die kragtstasiekompleks na die plaas Kuipersbuit voor. Aansoek vir magtiging word vir die volgende verlang:

- \* Die oprigting van 'n waterreservoir met 'n kapasiteit van 400 000 m<sup>3</sup> op die plaas Kuipersbuit (wat 'n oppervlakte van ~6,9 ha sal beslaan).
- \* Die oprigting en bedryf van 'n pyplyn (ondergrond) vanaf die bestaande DWAF waterpyplyn (waterbron) tot by die reservoir (ongeveer 10 km lank), wat 'n in-lyn klep huis insluit.
- \* Die oprigting en bedryf van 'n pyplyn vanaf die reservoir tot by die kragtstasie (ongeveer 5 km lank).

Ingevolge artikel 24 en artikel 24D van die Nasionale Wet op Omgewingsbestuur (No. 107 van 1998), saamgelees met Staatskennisgewings R385 (Regulasies 22-26) en R386, word verlang dat 'n Basiese Evalueeringsproses onderneem word vir die oprigting van aanlegte of infrastruktuur, insluitend gepaardgaande strukture of infrastruktuur vir:

*Item i(n):* die buitestroom berging van water, insluitend damme en reservoirs, met 'n kapasiteit van 50 000 m<sup>3</sup> of meer

*Item i(k):* die grootmaat vervoer van water in pyplyne met (i) 'n interne deursnee van 0,36 meter of meer; of (ii) 'n piek deurvloei van 120 liter per sekonde of meer

*Item i(p):* die tydelike berging van gevaarhoudende afval.

In hierdie verband is Savannah Environmental aangestel as 'n onafhanklike evalueeringspraktisyn om die verlangde omgewingsproses en openbare deelnameproses vir die voorgesteide projek te onderneem. Ten einde verdere inligting te bekom en op die projek se databasis te registreer, verstrekk asseblief u naam, kontakbesonderhede en belang in die projek aan:
