Availability of an Addendum Scoping Report for the Proposed Eskom Mmamabula Transmission Integration Project 4 x 400kV transmission power lines between Mmamabula (Botswana) and the proposed Delta substation (South Africa) – DEAT Ref no: 12/12/20/852

Eskom Holdings Limited (Transmission Services) is proposing to construct 4 x 400kV transmission power lines from Mmamabula Power Station in Botswana to the proposed Delta Substation, near Lephale. This study only focuses on the lines from the Botswana border to the proposed Delta Substation.

Response to issues, concerns and comments received during the Scoping Phase, together with the preliminary findings of the specialist investigations have been collated into a Scoping Report (SR). An Addendum to the Scoping Report is now being made available for public comment. Interested and affected parties are invited to review the report from 12 March 2007 to 16 April 2007 at the following locations:

Location	Address
Lephale Library	C/o Joe Slovo and Dowwater Street, Lephale
Steenbokpan	Steenbokpan Shop

The report can also be viewed on the Eskom website: [www.eskom.co.za/ela](http://www.eskom.co.za/ela)  
Please submit your written comments by 16 April 2007 to the Public Consultation Office details below. Electronic copies of the report are available on request.
