Would you like to register as an interested and affected party (I&AP)? YES NO
(please tick the relevant box)

Note: You are required to register as an I&AP to receive further correspondence regarding the EIA process for the project.

Please state your interest in the project (add additional pages if necessary):

I'm an environmental assessment practitioner and have done other wind EIAs. I'm interested in following this wind EIA process primarily from a professional perspective.

Please list your questions, views or concerns regarding the project (add additional pages if necessary):

① Have alternative sites been considered for wind farms on the west coast? If so, are these part of the EIA process? If not, please explain what site screening process was followed.

② How will the project link to the grid? Is this part of the EIA?

③ What is the cost of wind power (from the project) relative to other power sources in SA.

(please tick the relevant box)

NO

Note: You are required to register as an I&AP to receive further correspondence regarding the EIA process for the project.

Please state your interest in the project (add additional pages if necessary):

I want to promote my farm which is situated about 7 kilometers outside Vredendal in a very windy area on a plato, for a similar project.
The farm is near all amenities which is required to run a similar project successfully.
I would like to enquire if you would be interested in doing the necessary wind tests and impact studies to see if such a project is viable.

Please list your questions, views or concerns regarding the project (add additional pages if necessary):
