Our Ref : 17126-36-Let-001-EA Amendment Notification-Rev 0

12 November 2018

Dear Stakeholder

AMENDMENT OF THE INTEGRATED ENVIRONMENTAL AUTHORISATION FOR THE KENDAL POWER STATION'S EXISTING ASH DISPOSAL FACILITY, MPUMALANGA PROVINCE (DEA REF NO.: 14/12/16/3/3/3/63)

• NOTIFICATION OF THE AVAILABILITY OF EA AMENDMENT APPLICATION AND SUPPORTING DOCUMENTATION

Notice is hereby given in terms of the National Environmental Management Act, No 107 of 1998 (NEMA), Environmental Impact Assessment Regulations 2014, as amended (GN R.326) of Eskom Holdings SOC Ltd intention to amend the Integrated Environmental Authorisation for the Kendal Power Station's Existing Ash Disposal Facility, Mpumalanga Province.

Eskom Holdings SOC Ltd appointed Zitholele Consulting to conduct a Source-Pathway-Receptor (SPR) study for the extension of the Kendal Power Station's existing Ash Disposal Facility (ADF). The said study was commissioned to investigate the potential impact of a pollution source emanating from the proposed Ash Disposal Facility (ADF), as well as the likely pathway contaminants of Concern (COCs) could follow and the potential receptors that may be impacted by the pollution source.

This SPR study was therefore undertaken to assess whether alternative barrier systems may present sufficient protection to avoid adverse impacts on identified receptors. Zitholele Consulting was further appointed by Eskom Holdings SOC Ltd to conduct a Part two amendment of the Integrated Environmental Authorisation (IEA), based on the outcome of this SPR study, in terms of Regulation 31 of the EIA Regulations of 2014 (GN R. 982 of 4 December 2014), as amended, for the Kendal Power Station's existing Ash Disposal Facility (ADF).

All Interested and Affected Parties (I&APs) are hereby notified of the availability of the EA Amendment Application Form and supporting documentation for public review. The EA Amendment Application is available for review and comment from 12 November 2018 to 12 December 2018 (30 days).

Directors : S. Pillay, N. Rajasakran
