

Alternative 1: Preferred Alternative (Ekhaya Site)

Figure 1: Photo taken from the north western corner of the proposed development site looking in a south-eastern direction.

The whole extent of the proposed development site can be viewed from this photograph.

Figure 2: Photo taken from the south-eastern corner of the proposed development site looking in a north-western direction.

The whole extent of the proposed development site as well as the ponds in the background (indicated by the orange arrows) can be viewed from this photograph

Appendix B: Photographs

Figure 3: Photo taken from the south-eastern corner of the proposed development site looking in a north-eastern direction.

The ponds, indicated by the orange arrows, as well as the security fence around the KNPS can be seen in the background.

Figure 4: Photo taken from the north-eastern corner of the proposed development site looking in a south-western direction.

The whole extent of the proposed development site can be viewed from this photograph.

Alternative 2: Transport Garage

No photographs were taken of this site since the site is already developed and covered with a hard concrete surface. This alternative is not the preferred option.

The Google image below gives an aerial view of where the site will be located.

Figure 5: Google Earth image giving an aerial view of Alternative 2.

Bulk Stores at the PEE site

Figure 6: View from West to East showing the extent of the site where the Bulk Stores will be situated at the PEE Site.

Figure 7: View from East to West showing the extent of the site where the Bulk Stores will be situated at the PEE Site.
