Good day Vincent

The EA Amendment (DEA ref: 14/12/16/3/3/1/613/AM2) dated 15 August 2017 (attached), refers.

I picked up an error in the EA amendment letter (attached) pertaining specifically to the date on which EA Amendment 1 was issued. The letter refers to 4 August 2017 but is should rather be 4 August **2015**.

Could you kindly correct the error so we can inform the I&APs of the approval.

Kind regards

Good morning,

I confirm that the letter you are referring to here is received by this Department. This letter fails to address one question as per the acknowledgement letter dated 21 July 2017 and the below e-mails which is:

WAS THE EXISTING ESKOM SERVITUDE CONSIDERED AND ASSESSED WITH THE APPLICATION FOR THIS EA?

The Department put to your attention that if the said servitude was not assessed as part of the application for this EA, this is a change of scope of the EA and all specialists must also confirm that the proposal will not have new impacts, you must notify the registered I&Aps about the proposed deviation in terms of Regulation 32 of the EIA Regulations 2014, as amended.

Kind regards
Vincent

Good afternoon,

Our morning conversation regarding the above application refers,

Please note that you haven't responded to the e-mail dated 25 July 2017 regarding the below question and the acknowledgement letter dated 21 July 2017:

Clarity is required on whether the servitude was assessed as part of the application for environmental authorisation or not where the proposed deviation will be.

Please note that failure to provide such confirmation as requested by the Department, this Department will conclude that the servitude was not assessed as part of the application and your application will fall within the ambit of amendments to be applied for in terms of Part 2 of Chapter 5 of the EIA Regulations, 2014 as amended.

Also note that this information must be submitted by or before 7 August 2017.

Kind regards

Vincent

Good day

Please note that you are required to send a hard copy of this information to the Department for its official receipt and record purpose.

Can you also clearly state that the servitude was assessed as part of the application for environmental authorisation.

Kind regards
Vincent
