Hi Hans,

Thank you for your email!

We hereby acknowledge that your Departments has in principle no objection to the application based on the environmental approval. We can however confirm that a formal application for way-leaves along or over provincial roads will be submitted to the office of the District Roads Engineer as per the details below.

Kind regards,

Rachelle

Jana

I cannot confirm that we have received the application as it does not show on the "Land" registry system as maintained by Province. As you were informed, all applications go to the office of the DRE in Oudtshoorn where it is logged and the referred to a person (that can be an Eden official), to handle the matter. Neither myself or Mr Coetzee have this application on our worklist as far as I can ascertain.

However, as the application is for environmental approval, I can confirm that in principle there is no objection to the application for environmental approval. However, a formal application for way-leaves along or over provincial roads needs to be submitted to the office of the District Roads Engineer, Private Bag X617, Oudthoorn, 6620, for formal approval for a service alongside, within or crossing a provincial road reserve.

Regards

J C Ottervanger

Hi Hans,

All the best for 2013!

The above-mentioned project with **DEA Ref 14/12/16/3/3/1/613 and DEA&DP Ref 16/3/1/6/6/D7/9/0089/12** has reference. We would just like to confirm that Eden District Municipality received the hardcopy and CD of the DBAR, EMP other supporting documentation on 05/11/12 ? We would like to proceed with the FBAR and associated PPP phase and your Department comment is key. Please could you perhaps indicate when we can expect DEA&DP's comment by?

(Attached is a locality map indicating proposed location and routes)

Many thanks and regards,

Jana
