Attention: Mr A Surendra

Dear Sir

**RE: REQUEST FOR CONFIRMATION OF MUNICIPAL SERVICES FOR ESKOM'S  
PROPOSED COMBINED CYCLE GAS FIRED POWER PLANT**

Reference is made to your correspondence received dated 7 February 2019 requesting confirmation of municipal services for Eskom's proposed combined cycle gas fired power plant; our responses are as follows:

**Waste Water to be discharged into the municipal effluent system**

Council confirms that the stipulated discharged volume will be accommodated in the sewage system.

**Water to be supplied to the project for construction and operation**

Eskom has committed through a letter of intent for the use of reuse water. Currently the PPP project is at procurement stage which is to be concluded by December 2021 and construction to be completed at approximately 2026. The required water demand will be accommodated.

Trust you find the above in order.

Yours faithfully

**SN HLELA**
