Importance: High

Hi Lameez,

Our various discussions regarding the two proposed Eskom developments refers.

As agreed, your Department will receive a copy of the [Final BAR and EMP](#) on both projects for comment. The Final BAR's are likely to be released early 2013 (as we have vegetation issues which needs to be addressed first).

Please note the following for your reference:

- No watercourses to be affected by the Koeberg Dassenberg Line.
- A small (non-perennial) drainage channel is located to the north of the preferred site C on the Gamka development (note - unlikely to be within 32m). We will confirm this and apply for GA is required.

Thanks again for assisting with our queries.

Keep well!

Rachelle

Subject: Comments required - Eskom developments
Importance: High

Dear John and Louise,

Please could your Department provide us with an update on outstanding comments for the following two projects located within the Gouritz WMA.

1. Proposed Eskom Robberg Bitou Powerline and Substation Development (Farm 305/16, Bitou)

- Draft BAR and EMP delivered to your Department on 22 June 2012
- PPP for this BAR closed on 01 August 2012

2. Proposed Eskom Gamka River Substation Development (Erf 90 / 445 Calitzdorp)

- Draft BAR and EMP delivered to your Department on 26 July 2012
- PPP for this BAR closed on 5 September 2012

We would like to proceed with the environmental process and the Final BAR. Your Departments comments on these applications are still outstanding.

Please could you confirm when we can expect your Departments comments by?

Kind regards
